

MINISTERS AND CHURCHES

He that goeth forth and weepeth bearing precious seed shall doubtless come again with rejoicing, bringing his sheaves with him.—Psa. 126-6.

Rev. H. C. Mullen, of Hartland, reports a good meeting there. Rev. B. C. Cochrane and Mrs. Cochrane have been there several weeks, and several have been saved and reclaimed, and the church greatly strengthened. We will no doubt get a fuller report of the meeting later.

Rev. H. S. Mullen writes a very encouraging report of his work at Black's Harbour. He says several have been at the altar lately and have been definitely helped. He also writes that Joseph Moses, another of our young men, has gone to Lorn Park college to study for the ministry.

Mrs. Victor Rushton, of Westchester, N. S., writes: We like our pastor, Rev. A. D. Cann, and his wife, very much. The interest is increasing and we are looking for a bright future for our church.

Our church at North Head, G. M., N. B., and pastor, Rev. G. A. Delong, expect to begin special meetings Nov. 3rd. They have engaged for their special helper, Rev. H. S. Dow, editor of the King's Highway. The services will probably continue throughout the month. We solicit the prayers of God's people for success.

Rev. Norman Trafton, B. A., of Newport, R. I., made a brief visit with his parents, Rev. P. J. and Mrs. Trafton, at Fredericton, recently. While there he preached twice to appreciative congregations.

We have received some very interesting letters from several of our readers recently, who spoke very encouragingly of our work on our paper, the King's Highway, Some of the shorter ones we have published. We appreciate these encouraging words very much and say, Thank you!—H. S. D.

We received a letter from Lic. B. D. Price, of Wood's Harbour, N. S. Brother Price writes very encouragingly of the work there. He says the attendance is good and souls are being blessed in the services.

Our churches at Salem and Head of Millstream had rally day programmes in their Sunday schools on Sept. 29th. The exercises by the young folk and children, which consisted of singing, reciting and readings were very interesting and the attendance was good.

Lic. Hubert McGeorge spent two weeks on furlough, Sept. 23rd to Oct. 7th, at his home in Fredericton. He assisted at several of the services in the Church and preached for the pastor Sunday evening, Oct. 6th.

Rev. H. M. Kimball, of Moncton, will conduct the morning devotional period over CKCW, Moncton, beginning Oct. 22nd to 25th.

DONATIONS

We wish to thank the kind people of Westchester who remembered us by a donation of useful articles for our kitchen and pantry, on the evening of Oct. 4th.

We also take this opportunity to express our appreciation to the good folk of our former pastorate, namely, Killams Mills and Salem, N. B., for the gifts and money given us on our leaving them last June.

Further, our friends and relatives at Brazil Lake, Port Maitland and Sandford, N. S., gave us several donations of money and gifts which we appreciate very much.

For all these kind remembrances we give God thanks and shall endeavour to give Him our best service. A. D. AND MRS. CANN

WASHINGTON THE BOOM CITY

The general census just completed reveals the fact that nearly one-half of the twenty-five largest cities of the United States lost in population between 1930 and 1940, and that some others of this class made only slight gains.

It is interesting, however, that Washington, the seat of the federal government, had a total population increase of 146,000 (by far the largest percentage of gain among the twenty-five). All informed people know that this increase is due to the tens of thousands of additions to the federal payrolls in that city. And most of us know that these thousands show but a fraction of the total increase of employees during the last few years. Most of the additions do not live in Washington.

It was on old saying that the best-governed people are the least-governed. But our federal government especially continually seeks more power to regulate our lives. If we are to be more minutely regulated it will take more people to regulate us. This in brief is the story of the great army added to the "ruling class."

Also you would not expect to be regulated for nothing, would you? An exchange says, "Last year it cost every American family \$79.96 to be governed. This coming year no doubt it will cost \$138.14, according to the National Industrial Board" (presumably for all government).

It appears that the taxpayers are going to have as much of this sort of thing as they will take.—Free Methodist.

CORRECT AIM

Our only safeguard amid the babel of opinions around us is a fuller and more accurate knowledge of Holy Scripture. This alone will enable us to distinguish, in teaching new to us, the true from the false. And it is not too much to hope that such fuller knowledge will not only preserve us from disquietude, but will reveal to us a nearer and clearer view of the Son of God, and thus work in our hearts and lives a richer likeness to Him. And this is the true aim of all Biblical scholarship.—Joseph Agar Beet.

INFINITE CARE

There is infinite care behind
Each wind-tossed leaf;
There is infinite peace which guards
Each poor heart's grief.
No leaf is then a castaway:
All balances;
And the grief is but one little note
In God's symphony of peace.
