PERSONALS

LETTERS FROM OUR PASTORS

Dear Friends: Beals, Maine.
Since our last report to the Highway we

have held two series of meetings, one evangelistic, the other, a missionary week-end meeting. Rev. J. H. and Mrs. MacGregor were with us March 8-20 and we were well pleased with their work. Brother MacGregor brought searching truths in his sermons, the fruit of which still stands. Sister MacGregor's chalk art work was splendid, and we feel helped much in keeping the attendance unusually high.

Rev. Earl Newton and Rev. John Moe were here over the Easter week-end and gave us a series of very good missionary meetings. I am sure all who have heard these returned missionaries, will agree they have a message we need to stir our missionary zeal and keep our hearts warmed with love and compassion for those who still sit in darkness.

It was a pleasure to have these evangelists and missionaries in our home, and to work with them. We trust the blessing of the Lord will follow them in their other fields of labour.

The church here at Beals is to be highly commended for their attitude toward their pastor during special meetings. They never let them become a financial burden to the pastor and his family. When special workers come to the parsonage, a donation also comes, which in our four years with them, has always more than paid the board. A love offering is always taken for the pastor when special meetings are on. We greatly appreciate the continued kindness of these folk and pray the Lord will richly bless them in their labours for Him.

—F. A. ANDERSON.

THE MINISTERIAL DEADLINE

The deadline in the ministry, as in any other calling, is the line of laziness. The lawyer cannot use last year's briefs. The physician cannot depend on last week's diagnosis. The merchant cannot assume that a customer of ten-years' standing will not be enticed elsewhere. And the preacher must be a live, wide-awake, growing man. Let him dye his brains, not his hair. Let his thought be fresh and his speech be glowing. Sermons, it has well been said, are like bread, which is delicious when it is fresh, but which, when a month old, is hard to cut, harder to eat, and hardest of all to digest.—A. J. F. Behrends.
