### EDITORIAL ALUMNI ASSOCIATION

It is with some feeling of sadness that we have once again to make an appeal to the graduates and past students of Holiness Bible Institute and Bethany Bible College. During the evening of June 6, 1949, at Yarmouth, N. S., the alumni association was born. Little was it thought that it would be so weak and ineffective. All those who were fortunate enough to attend the said meeting had great hopes and ambitions for this part of the college life. Yet it has been a hard struggle to keep this child alive. Milk and meat have been tried but all to no avail. It still lies in the cradle and refuses to take food for its growth. What is to be done? Are we to let it die?? I am sure the answer from its parents is a loud NO, NO, NO. If we are to keep it alive and growing there are some things we must do.

- i. Realize its worth. This child has tremendous possibilities. It can be the means of keeping each graduate and student tied to the college. It can make itself useful. It can take its place in the life of the college. It can be so valuable that it must not be allowed to die.

- ii. Realize its Nature. It is to help. To assist in the growth of the college. To endeavour to promote a wholesome school spirit. To help in any way possible to uphold the Scriptural standards of the school.

- iii. Realize its Condition. At the moment precarious. It is all but dead. Only YOU CAN SAVE IT.

What can I Do—you ask. Just one thing at the moment but more later on. This one thing is . . . . To send \$1 which is the dues for one year to enable the association to present to the college again this year money to purchase books for a library. IF WE WERE ANXIOUS ENOUGH AND INFUSED ENOUGH AS GRADUATES AND PAST STUDENTS OF BETHANY WE COULD MAKE AN EXCELLENT CONTRIBUTION TO THE COLLEGE LIBRARY THIS GRADUATION TIME IN JUNE.

It is up to us who love the school and its program to do our very best. Send \$1 immediately to the President of the Alumni Association,

Rev. Scott Ingersoll  
Westchester,  
N. S.

Your response to this appeal will decide whether the Alumni Association is to be kept breathing.

Every graduate will be receiving word soon as to further activity of the association.

Enoch walked with God—He was not in a hurry. When our ancestors missed the stage coach they didn't worry, for they knew another would come along the next month. Today when we miss one section of the revolving door we get mad.

—Dr. W. W. Ayer.

### MARYSVILLE Y. P. S.

Dear Highway Friends:

It has been suggested by some of our members that we write to our Highway paper, giving a short report of what has been taking place in our Young People's services, particularly in the past two weeks.

It is a means of blessing and encouragement when we read of other Young People's Services and hear again that young people love the Lord today.

We are enjoying blessing and fellowship in our own services, as our young people assist in our regular weekly services. Many of them know the joy and peace that comes to young people who love and serve our Blessed Redeemer. We are still much in prayer for, and expecting to learn of many more of our young people giving their hearts to the Lord.

On Friday evening, the 8th of February, our pastor, Rev. F. A. Watson, brought us an object lesson relating to God's Holy Word, which had been well-prepared and proved to be of much help to all who were in attendance, thought to be more than 60. Many more would loved to have been able to attend, but could not due to working conditions. We do thank God for the privilege of having Brother Watson with us as our pastor, especially for his interest in young people.

On Friday, the 15th of the month, we were pleased to have Brother and Sister Nicholson, of Doaktown, with us. The large number in attendance, possibly 180, found Brother Nicholson's message most helpful and interesting. The chalk drawings made the message very clear, more especially to the younger people present. Along with the wonderful message and drawings, Brother Bill LaPointe, of the Barker's Point Church, took charge of the music portion of the service. He favored us with a solo, and arranged two duets in which

### BELIEVED HIM

The manager of a shoe factory at Boonville, Missouri, one day spoke to a service club, on the subject, "Shoes and the benefits of walking".

Someone must have thought the speaker should follow out his own advice. Anyway, when the manager returned to his car to ride home he found the automobile had been stolen while he talked. So he put into practice his advice about the "benefits of walking."

Too often preachers and laymen alike give out good advice, and then don't carry out their own preachments. Sometimes the Lord has to take certain things out of our lives before we are able to see His Will for us. We should remember the words of Emerson, "Our lives speak so loudly that people do not have time to listen to what we say."—Sel.

A PRESENT DANGER AMONG HOLINESS FOLK IS THAT OF A WEALTH OF EXPRESSION AND A POVERTY OF EXPERIENCE.

he and Bud Cochrane, and he and Ethel Cochrane took part. All the music was very much enjoyed. We appreciate the willing efforts put forth by all who helped to make the service the success we felt it to be. An offering of \$31.74 was received and given to Brother Nicholson to meet expenses involved.

May God's blessing continue to rest upon Young People's services everywhere, where His name is being upheld. Praise His wonderful Name!

Yours in His service,  
Arthur White,

# ANNOUNCING!

## May 1 to 4

as the dates for the coming, annual

### YOUNG PEOPLES' RALLY

TO BE HELD AT SEAL COVE — GRAND MANAN, N. B.

Plan now to attend this coming Rally! Plans are under way to charter a boat from Black's Harbour on Friday, May 2nd, leaving in the afternoon, and arriving in time to make the evening service at Seal Cove.

This plan can be carried out only if we have enough Young People interested in this arrangement. If you are planning to go and like the idea how about letting us know? Write to-day to the President Bob MacCallum at Floral Ave., Lewisville, N. B. You won't be obligated in any way but the committee needs some information from which to make plans.

The boat would return either Sunday night or Monday morning following the Rally.

A BIGGER AND BETTER RALLY IS BEING PLANNED.

## WATCH FOR FURTHER DETAILS!
