

### A "LEVEL" TO GO BY

A little lad saw his father using a carpenter's level to see if the board he was planing was "true" and straight.

"What's the use of being so careful, Papa?" he asked. "It is pretty good, isn't it? It looks so."

"Guessing will not do, in carpenter work," said the father sighting along the end of the board and shaving it the least bit. "You have to be just right. Folks guess at too many things these days, and God doesn't like that way of living."

"I guess there are no levels to live by," laughed the little boy, watching his father.

"Oh, yes, there are," said the father, earnestly. "You will find them in the Bible. Try all your actions by that. Mark them straight, true, and no guesswork in them."

### THE BIBLE LAMP

Harry was sent on an errand one evening in the winter time. After giving him his message, his mother said, "Be sure and take the lantern with you, Harry."

"What do I want with a lantern?" said Harry. "I know the way well enough." So he went without the lantern.

Very soon, in crossing the road, he stumbled into a hole and hurt his leg, besides covering his clothes with mud. On his way back he forgot that the fence was broken down near the edge of a ravine; and as he was groping his way along, he fell over the bank to the bottom of the ravine. He did not break his limbs, as he might have done; and he succeeded in getting out, but returned home covered with mud and bruises. The lantern would have saved him from all this.

And the Bible is just like a lantern. "Thy word," said David, "is a lamp unto my feet, and a light unto my path" (Psalm 119:105). Let us take it with us wherever we go. It will keep us from falling into many a horrible pit, and from getting many a painful wound.

—The Light of the World.

"A dull, dreary, commonplace day with commonplace duties and people kills the burning heart—unless we have learned the secret of abiding in Jesus."
