THE YOUNG HIGHWAY

by Rev. Karl Gorman

It would be profitable for each Y. P. Society member to obtain a copy of the Minute Book for 1955 and study carefully the statistical report of the Young People's Association.

Note the following facts which may be proved to be true by simple mathematics.

1. We contributed an average of less than \$1.00 per member toward the Self-Denial fund for a whole year! (two cents per week)

2. We contributed an average of less than \$5.00 per member for All Purposes for a whole year! (ten cents per week)

Even if we estimate that 50% of the membership is either unsaved or too young to have any income, the average contribution is only doubled.

I know that neither our spirituality nor our service can be measured in dollars and cents alone but when we consider the good use to which our money is put (page 23, Minute Book) and our obligations to God and the Church, and the amount we spend upon ourselves, we ought to feel ashamed rather than satisfied with our financial record of last year. Where is our spirit of sacrifice and selfdenial? Certainly a genuine Christian is unselfish in his giving of time, talents, and tithes. We Young People accept and expect much from God and the Church. Should we not have a deep sense of loyalty and obligation toward God and our Church in return? We admire loyalty and courage in anyone unless it has degenerated into a blind, stupid, stubbornness that rejects the plainly revealed will of God. Church loyalty should be cultivated and commended in the ranks of our youth. Those of us who have joined the Church and thus changed from "associate" to "active" members of our local Y. P. Societies ought to become familiar with our Church Covenant. Only then can we faithfully discharge our Covenant obligations toward God and the Church and set the pattern for those, young or old, who are steering their course by our lives (I Tim. 4:12).

Let's ALL work harder, do better, and have a better report for the Minute Book of 1956.

GRAHAM AT OXFORD AND CAMBRIDGE

To many folks' surprise, Billy Graham packed them in at Oxford and Cambridge. Visiting Britain's two most famous universities Billy found undergrads open to the Gospel.

Some 400 Cambridge-ites made decisions for Christ. At Oxford the score was 350. Among those who accepted Christ was Roger Bannister, first to run the four-minute mile.

We have neglected to send a report of our 29:18, words like these, "Where there is no vision the people perish." We know that the people of the world have no vision, therefore During the summer months our attendance this portion has reference to the people of God,

The Church of our time is lacking in and fifty, the majority of that number being VISION. We are hearing of this defect from young people. Right here we would like to our pulpits of late. It seems that God is givexpress our appreciation to our older "Young" ing the same message to most of His servants. people for their faithful support of our work. He wants to lead us out of the lethargy that

> Another serious cause for loss of vision is the neglect of the Holy Ghost. This neglect of the Holy Ghost is not confined to us. It is universal. This condition could well provoke the judgment of God upon us. History gives striking illustrations of such an outcome. The holiness people today want holiness without God the Holy Ghost. Are we so much different than the others?

> Young People, we are the Church of Tomorrow and a sad one indeed we shall be if there is no vision. We must have it or die. Isaiah tells us that he saw a vision of the Lord, high and lifted up. We need a vision like this too, Young People, along with the coal from off the altar to set us aflame for Him. With such a vision we shall want to pray with Jabez of old. "Oh that thou wouldest bless me indeed, and enlarge my coast."

*Student, Bethany Bible College
