### HARVEST TIME!

As we recall, Spring and Summer are thought of as the seasons for planting, and caring for the seed which has been planted. Quite different is the Fall, however, for it is the time when the labourer is rewarded in the Harvest.

The past seasons have seemed to follow this order in the work of our Reformed Baptist Church at Beals, Maine. This past summer a number of our church people were privileged to attend Beulah Camp, after which the church sponsored the sending of a number of Young People to the Beulah Youth Camp. We appreciate the endeavours of our Youth Camps in helping our young people.

Our D. V. B. S. was held in August under the capable leadership of Miss Wilma Munroe (now Mrs. Storer Emmett) from our Old Town Church. A capable staff of local teachers assisted her throughout the school. We feel that the D. V. B. S. has been a valuable source in reaching our youth with the Word of God.

The Church was later represented at the Riverside Camp Meeting by a few members. These, and other activities preceded the Harvest.

For some time we had been looking forward to Special Meetings, which were held September 4-14th. We were happy to have for our Gospel Team Rev. R. H. Nicholson, evangelist, and Rev. R. T. Benson, Song Leader and Soloist. God came on the scene, and blessed in the salvation of souls, and in the sanctification of believers. A number received spiritual help, besides the blessings we each enjoyed from each of the meetings. We all appreciated the work of this fine team.

On the closing Sunday four candidates followed the Lord in the waters of baptism, and have since been received into the membership of the church.

We praise God for the Harvest, and as we approach the Thanksgiving season, we realize that we have much to be thankful for. Yet we remember the Word of God where it says, "The harvest is past, the summer is ended—and many are still not saved." Pray with us that even a greater revival might be in store for these people.

### REV. H. C. MULLEN WRITES:

Dear Highway Friends:

I would be glad for a little space to make a report. The present moment finds us in Providence, R. I. Kenneth Sullivan, our son-in-law, pastor of the Nazarene Church here, is in the Roger Williams Hospital, having suffered a heart attack three weeks ago. He has complications and we ask your prayers for his complete recovery. My wife and I came nearly two weeks ago, and I have been asked to supply the church for the month of November, which I have consented to do.

I wish also to give a brief report of my stay at Beulah Camp this summer, after the close of the Youth Camp, until September. We enjoyed the summer very much. There was a good attendance at the Sunday services, and I enjoyed preaching to them. We found the people most helpful and co-operative, and everything ran smoothly. I would mention personally, Rev. R. Hobson and family, who contributed much to the music. Brother Hobson preached for me one Sunday evening, and led one prayer-meeting. Brother Wm. Trafton sang some specials, and Arthur Ingersoll helped at the piano. At one service we were honored to have present with us Sisters G. B. Trafton, H. C. Archer, and the latter's sister, Mrs. Good. These belong to the "Old Guard," who are few in number now.

During our stay, our daughter Helen and family were with us for a week. The time went very swiftly as we found plenty to keep us busy.

We praise the Lord for a present experience of divine grace, and ever expect to keep blessed and on the upward way. It has been my privilege to do supply work to some extent, and I am open for any further calls.

Blessings upon all The Highway readers!

Yours in Christ Jesus,

Handley C. Mullen,

47 Alexander St.,

Providence, R. I.

### SPECIAL NOTICE

During the month of January, 1957, our pastors and people will be asked to co-operate in an effort to gain new subscribers for The King's Highway, and seek payment in full of renewal arrears. We will appreciate the prayerful and united support of all in this important effort.

Praying to Machinery:—E. Stanley Jones told of riding in an antiquated automobile in The Himalayas. It seemed certain that the car would not be able to make the grade. The driver got out, Jones said, and actually prayed to the engine to do its work properly. Some of us feel we have been praying to machinery to get out churches up the grade. We have added machinery but have neglected the power plant. In a long pastoral experience the biggest "flop" I have ever experienced in the way of a revival was the one for which I had set up the most machinery.—Sel.

### THE MIGHTY MINORITY

Revival and Reformation will come only in the hands of the few against the power of the many. What we need today, if we want a deeply spiritual revival, is not large numbers and sensational evangelism, but a minority—be it ever so small—a mighty minority of true believers who with passionate devotion will set themselves to seek the Lord for a revival of moral righteousness.
