

Rev. G. A. Delong, who has been serving as pastor of the new work at Houlton, Maine, has accepted a call to our church at Beals, Maine.

On Sunday, May 12, five candidates were baptized at Sandford, N. S., by Rev. Karl Gorman. Revs. H. C. Mullen and S. W. Steeves assisted. Six were received into the membership of our Sandford church the same evening, by the pastor. Rev. Karl Gorman.

Rev. Kenneth Jewett has been engaged in evangelistic services at Middle Southampton, N. B., with the Mullen trio as special workers.

The Ministers' Conference at Marysville May 7-9 was signally blessed of God. More than thirty-five of our ministers were present of the day sessions and many lay people joined in the evening services. Our superintendent, Rev. F. A. Dunlop, presided very capably in all services, and Rev. F. A. Anderson delivered three able sermons in the evening services on the general theme "The Great Commission." Fine papers were given by a number of our ministers and these were followed by helpful discussions. It was a splendid conference, indeed.

BE FILLED WITH THE SPIRIT

Have ye received the Holy Ghost since ye believed?" Have you received the anointing of the Spirit—the sanctifying, enlightening, energizing baptism from on high? Have you this fullness of the Spirit, this freedom from sin, this conformity to the divine likeness, this glorious liberty, this divine illumination, this special gift of power? If so, give diligence to retain it, "If we live in the Spirit, let us walk in the Spirit." But if you have it not, rest not without it. Tarry at Jerusalem for a Pentecostal baptism. "Cleanse yourself from all filthiness of the flesh and spirit." Consecrate all your being to God, and tarry in the exercise of faith until the heavenly fire shall descend and consume the sacrifice. Then shall ye "be filled with the fullness of God."—W. H. Hogue.

PURE AND BLAMELESS

There is nothing so absolutely priceless as the white flower of a pure and blameless life. The pure in heart are the children of the presence-chamber; vessels by which God does not hesitate to quench the thirst of men, because the water of the crystal river will not be contaminated by contact with their natures. Above all other gifts, covet that of a cleansed heart.
