

CORRESPONDENCE

AMHERST, N. S.

Dear Friends:

Please accept my heartfelt thanks, for the many useful gifts sent me by the many auxiliaries. I am grateful and thank each one who contributed. Your work of love for our missionaries is deeply appreciated and prayer is so essential, we ask for more and more prayer for the new converts as heathen back ground has many temptations and what has been taught of superstition, etc., hard to be forgotten. Thousands upon thousands are still waiting for the light and teaching of salvation that gives peace and transformed lives. Pray for our Bible School, which is so successful in preparing teachers and evangelists how to help their own people.

We at home have built, or helped build churches, but more are needed in our new places. People are worshipping under trees or in the open for lack of buildings. In sun, heat and rain, they crowd into any shelter possible. Even a Grass Shelter is not despised, but in winter winds make the worshippers very uncomfortable.

Let us pray much for more churches. One more need for prayer is for our missionaries to have wisdom to cope with the unrest, in many places in the Union of South Africa, because of this segregation question. Thousands of natives are greatly disturbed and no one knows what the end may be. Great wisdom is needed in missionaries and native Evangelists and school teachers.

God answers our prayers as His many promises tell us. Let us appropriate these and plead more for the heathen. God is giving us such large and increasing opportunities to help and save.

Yours in Jesus,

Mrs. H. C. Sanders.

FROM REV. H. C. MULLEN

Dear Highway Friends:

This will let you know that we arrived home safely a few weeks ago, after our more than two months in Providence, R. I., having been called there on account of the illness of our son-in-law, Rev. K. E. Sullivan, pastor of the Nazarene church in that city. I supplied the church for nine Sundays. I enjoyed my ministry very much, and found them a humble and appreciative people. We made many friends. Up to the present time Kenneth has not sufficiently recovered to take up his regular work again, though at his last recent examination, the doctor's report was favorable.

The Sunday after we arrived home, Bro. Ingersoll began special meetings with R. H. Nicholson as evangelist. The weather has been unfavorable, but the meetings of a very high order, and the blessing of God apparent. Bro. Nicholson has been doing some exceedingly fine preaching and we personally have enjoyed the services very much. We have been enjoying the best of health, and best of all, can still testify that the blood of Jesus cleanses us from all sin. We were never more glad to be numbered with those who believe in a full free and uttermost salvation. No manner of teaching has ever produced a better brand of Christianity than the doctrine of holiness as a second crisis in Christian experience. We believe we have the message that the world needs most. We should be more anxious and zealous to spread the truth abroad.

We thank all our good friends for greeting cards received at Christmas time. We spent a very happy Christmas at the home of our son Wilbur at Wollaston, Mass.

May God richly bless all the Highway readers this year of 1957.
