LIFE'S LITTLE DAYS

One secret of a sweet and happy Christian life is learning to live by the day. It is the long stretches that tire us. We think of life as a whole, running on before us, but really there are no long stretches. Life does not come to us all at one time; it comes only a day at a time. Even tomorrow is never ours till it becomes today; and we have nothing whatever to do with it but to pass down to it a fair and good inheritance in today's work well done, and today's life well lived.

It is a blessed secret, this living by the day. Anyone can carry his burden, however heavy, till nightfall. Anyone can do his work, however hard, for one day. Anyone can live sweetly, patiently, lovingly, purely, till the sun goes down. And this is all that life really means to us—just one little day. Do today's duty, fight today's temptations, and do not weaken and distract yourself by looking forward to things you cannot see, and could not understand if you saw them.

God gives nights to shut down the curtain of darkness on our little days we cannot see beyond. Short horizons make life easier, and give us one of the blessed secrets of brave, true, holy living.—Author Unknown.

The National Council of Churches estimates that before the summer is over more than seven million American children will have attended vacation Bible schools or church camps. But this figure will include only a comparatively small part of the estimated 27,000,000 children and youth who do not attend Sunday school or church.

"FIVE MINUTES"

"Five minutes spent in the companionship of Christ every morning—ay, two minutes, if it is face to face and heart to heart—will change the whole day, will make every thought and feeling different, will enable you to do things for His sake that you would not have done for your own sake, or for anyone otherwise."—Henry Drummond.

"THERE IS NO GOD"

Moscow—Nikita S. Khrushchev has reaffirmed his personal belief that "there is no God." Interviewed in Moscow just before he was elected by the Supreme Soviet to be premier of the U.S.S.R., Khrushchev declared that religious conviction is a "private matter for each person." At the same time he bluntly presented his own position: "I think that there is no God, and for a long time I have had such an idea. I am an adherent of a scientific outlook. Science and the belief in supernatural powers cannot go together."
