

By the time this Highway reaches our readers, Bill and Elsie Morgan should be home from South Africa. They are scheduled to arrive at Montreal, Quebec, June 10th.

A major project at Beulah Camp — installation of a new water system under the direction of our superintendent, Rev. F. A. Dunlop, and chairman of Beulah grounds committee, Rev. R. G. Morehouse, A new well has been drilled and a new pressure pump is being installed.

Work on the Barker's Point church is proceeding apace. When completed, it will be one of our finest buildings.

We understand that our church building at Jonesport, Maine, has also been enlarged and remodelled. There has been a fifteen foot extension added to the building, and it has also been raised to allow for Sunday School rooms in the basement. The interior of the main building has been completely remodelled and renovated.

Our church at Marysville is launching a remodelling and building enlargement programme too. The auditorium of the sanctuary will be remodelled and Sunday School class rooms will be added.

And, according to information received, the Seal Cove, Grand Manan, church is due for further enlargement. This thriving work has outgrown the commodious facilities provided in the enlargement programme of a few years ago.

And at least three of our churches are planning toward relocating in new and larger buildings to be purchased or erected.

All of which indicates that God is blessing and giving increase. May the trend continue!

THE ONE PATTERN

What a glorious fact it is that there is One life that can be held up before the eyes of humanity as a pattern! There were lips that never spoke unkindness, that never uttered an untruth; there were eyes that never looked aught but love and purity and bliss; there were arms that never closed against wretchedness or penitence; there was a bosom that never throbbed with sin, nor ever was excited by an unholy impulse; there was a man free from all undue selfishness and whose life was spent in going about doing good. There was One who loved all mankind and loved them more than Himself, and gave Himself to die that they might live; there was One that went into the gates of death, that the gates might never hold us in; there was One who lay in the grave to take its damp, its coldness, its chill and its horror, and taught humanity how it might ascend above the grave; there was One who thought He walked on earth, had His conversation in heaven, and took away the curtain that hid immortality from view, and presented us the Father-God in all His love. Such an one is the standard held up in the Church of Christ; it is a Church that rallies around the cross and that gathers around Jesus; and it is because He is attractive and lovely and glorious that they are coming from the ends of the earth to see the salvation of God.
