

CHURCH NEWS

Hartland, N. B.

We are glad to say God is blessing, and we feel encouraged. Before Christmas Bro. Clyde Collins evangelistic party was with us for a week-end, and eight souls got definite help at the altar. On the last Sunday of January, six new members, (three young married couples) united with the Hartland church, and their zeal for the work and musical talent is much appreciated by the entire church. During Jan.-Feb. the pastor preached a series of messages on "Holiness", and at the close of the series six were forward seeking heart purity, and two others testified to having prayed thru in their own homes.

At the present meeting, the Hartland church is being given a new paint job on the interior, and we hope before "Alliance" to have it nearly painted on the outside. We just had a wonderful Quarterly Meeting, and are now looking forward to a special revival effort in April, from the 5th to the 24th. Bro. Cedric Landers will have charge of the music, and Bros. Arnold Stairs, Kenneth Gorvette, and Laurance Corey will preach a week about in the order given. We are looking forward to a great time in the Lord and ask you to unite in prayer with us for the results our hearts are yearning for.

We have received a unanimous call to stay on the circuit for another year. We want to do His will in this important matter.

The work in the other two churches is being sustained, all their churches are endeavouring to meet their budgets. Our membership in each church is small, but they are faithful and cooperative.

May God bless every phase of our Denominational work at home and abroad, and give us a great year Spiritually.

Mother Mullen has been with us since October. Though not able to get out much, she has been a real inspiration to us. Her prayers and faith have done us good.

The sick ones of our congregation are improving. We pray God's healing touch on our sick and disabled brethren.

Yours in His Will,
J. A. and Hazel Owens.

Woods Harbour, N. S.

Greetings in Jesus Wonderful Name!

This is the first letter that I have written to the Highway. The Lord has directed our pathway to Woods Harbour, and we feel it is a privilege to minister to such a spiritual people. We have felt very much at home from the first day of our arrival in July. A welcome party heralded our arrival, with groceries and a purse of money. The church people, and those outside of the church, have used us royally.

The spiritual thermometer is rising within our church. The interest that is shown by the unsaved is complimentary. Rev. and Mrs. R. C. Stabler were with us two weeks in February and gave us wonderful meetings. We would recommend our brother and his wife to all of our churches. We had a number reclaimed, saved and sanctified.

During the meeting there were as many as forty unsaved in attendance. We had an average of over seventy in every service. Many are conscious of their need of

Jesus in saving and sanctifying power. The challenge is great! Pray for us, that God may give us a glorious revival.

The church interior was completely redecorated before our special meetings. We are in desperate need of Sunday School rooms as we have an average attendance between 50 and 60. We are launching out in faith this spring to undertake the tremendous project of enlargement.

We're looking forward to our rich Christian fellowship at Beulah this year.

In His Service,
Fred & Lillian Whittey.

Linneus, Maine

I feel a letter is long overdue informing you of the change in my plans this past year.

Shortly after coming to Linneus for Revival Meetings last October, we felt a burden on our heart for this Town (the former pastor having resigned). God gave us a gracious Holiness Revival, when deacons and pillars of the church alike walked in the light of Holiness and received the glorious experience of Entire Sanctification. There were others saved, reclaimed, healed, and new family altars erected.

The Spirit so moved among the people that at times no message was brought in the service, as seekers made their way to an altar of prayer. The altar services were indeed blessed, as young and old alike expressed the lack they had felt for some time in their Christian lives. At last they had found that for which their hearts had searched!

Some of the quotations:

A young woman kneeling at the altar with lightened countenance—"It's real just as you said it was". Her testimony shortly after—"For 19 years I have been saved. I wish I had found this experience long before. It's just wonderful!" A Deacon—"For three years of the five I have been saved, I knew I needed a deeper experience. This has been the happiest two months of my life."

A young man attending Bible School—"They are too late telling me I can't get into Canaan, I am already there."

Of a certainty, the devil is at work, too. He would try to convince some that the experience is not a reality. However, there is a group of staunch Holiness people who are willing to stand for the Truth and we know our God will fight for them.

We would urge all our Highway friends to pray especially for this church at this time. This is a crisis period and a possible turning point as to the maintaining of the Holiness movement here.

Unsaved are coming regularly to both Sunday services and we are praying and believing for greater things to come.

As they seek a new pastor for the coming year, they need prayer that God will guide and direct.

We would also covet your prayers, and would report that our own experience of Holiness has become more real and precious since coming to this Town, and are more determined than ever to preach this message.

Yours for Holiness,
Sheila Graham

WANTED

A capable man for assistant to the Cook at Beulah Camp, July 5-17. Anyone interested, please write to me Rev. S. W. Steeves.

Seal Cove, Grand Manan, N. B.
