

Encouraging report of the work at Calais, Maine, in this issue of the Highway. See in "Church News".

The last word we received from Evangelist Neil Rice stated that he had the months of February and March open for meetings. Brother Rice's address is listed with the Evangelists' Slates.

The new church building at Amherst has been closed in and it is expected that the basement will be ready for use in the near future. Reports are that a fine building is being erected under the supervision of the pastor, Rev. M. W. Bagley.

Christmas cards and gifts to missionaries should be in the mails. And the last report from our Foreign Missions Treasurer—insufficient funds to make pre-Christmas salary payments to missionaries. We do hope that by the time this word is read the situation will be different. Has your church sent its contribution?

And as we mentioned in the last Highway, at the end of November we reach the halfway mark in our Church year. That means that we should have at least 50% of all budgets paid by Nov. 30th.

Don't forget to pray for all departments of the work. This is our greatest need!

### A "PRAYER ROOM" IN YOUR HOUSE

Modern houses have "dark rooms," dens, rumpus rooms, play rooms, music rooms, sewing rooms, hi-fi rooms, besides the general run of bedrooms, kitchen and living rooms.

But what homes have a prayer room? In olden times, the godly Israelites built a "prophet's chamber" in one corner on top of the flat roof of their house. Remember the words of the Lord Jesus:

"But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly" (Matt. 6:6).—Christian Victory.
