YOU AND YOUR SCHOOL

It is fitting that reports of the reading contest should appear in this issue of the Highway since so many might get some inspiration from it to read more extensively while in school.

First let us congratulate Mr. Peter Emmett for his splendid achievement in the reading Contest. Congratulations are also in order for Marvette Davis of Old Town, Maine, and Bonny Sollows of Port Maitland, N. S. who won second and third prizes respectively.

Let us remember that this reading was done when these people were engaged in regular school work. We are sure the reading was profitable to all who participated in this Contest.

Reading is part of you. It helps to broaden your vision, increases your knowledge and develops your reasoning powers. This note is important at the beginning of another school year. Let me encourage you to make the best of your school.

Your school is a place for you to share. You may share your Knowledge, friendship, fellowship and experiences with others. It is through these processes that we become useful servants to our fellow friends and classmates.

While you serve your school, do not forget to allow your school to serve you. God would have us give respect to those in authority, work diligently, and to study to be a workman without shame.

Young people, seek to serve the school and allow the school to serve you, and, in all of your dealings with education, do not forget the spiritual side of your nature. Although you gain multitudes of letters of distinction, degrees and promotions, if you neglect to cultivate your spiritual life you are not educated. Seek first the kingdom of God, then all these things...

MARRIED COUPLES' RETREAT

"Marriages are not perfect", this was one of the first statements made by the special speaker, Rev. B. C. Cochrane at the Married Couple's Retreat held at Beulah Camp on Aug. 5 and 6, 1961. Wonderful! would be the only word to use to describe this retreat. Comments of many of the couples were, "This has been the most enjoyable week-end we have ever spent". This has been a most profitable week-end".

The most outstanding aspect of the retreat was the unusual presence of the Lord.
