

**HALIFAX, N. S.**

Dear Highway Friends:

God's children have proven to be unforgettable friends. This has especially born itself out in my recent illness. May I sincerely extend deepest thanks for the many cards that came our way. Then, may I say humbly that God answers prayer! If it were not for your prayers I would without a doubt still be in the hospital. The Saviour has so wonderfully touched my body. According to the specialist my condition was not to be normal until sometime in the new year, but as I pen these words I find myself physically fit and feeling the best I have felt in months.

On October the 15th we closed a meeting with Sheila Graham and Cedric Landers. During this time I was able to attend all the services but one. It was a time of spiritual nourishment for all our people in Halifax. A good number were both saved and sanctified and several reclaimed. The volume of prayer that ascended to the throne of God during these meetings would please any pastor's heart, and as a result victories are still being realized in our regular services. Several have been saved and sanctified since the meeting closed.

God is blessing the work in this great city of Halifax. The challenge is tremendous but the blessings are comparable in abundance.

B. G. Bridgeo

**EAST FERRY, N. S.**

"Greetings Highway readers and brothers and sisters in Christ:

There is an old hymn ,the chorus is:  
"Victory ahead! Victory ahead!  
Thro' the blood of Jesus, victory ahead;  
Trusting in the Lord, I hear the conquerers tread,  
By faith I see the victory ahead."

There is great rejoicing in our hearts as we have seen victory in the past, at the present, and by faith see the victory ahead.

We feel it necessary to write and give a report of

the victory of our revival campaign with Miss Sheila Graham, Nov. 1-12th.

There were nine young people who found Christ as their Saviour, one woman was sanctified, and several hands were raised for prayer. Some may question and say, "That is not great or outstanding", but let's remember in a small church, it is a great change.

If every church in every revival saw more souls saved than there were members, as has happened here at East Ferry, God's work would progress. If the mid-week prayer group tripled itself, as it has at East Ferry, we would have reason to rejoice.

Yes, God has been blessing and a counselling class has been started for the new converts.

The attendance in our campaign held a high average ranging from 40 to 115. God truly blessed Miss Graham as she ministered to us, both by song and the preaching of the Word.

We pray God's special blessing upon her as she continues in His service that He may continue to bless her ministry.

Yours In Christ,  
George and Hazel Hopkins

**DENOMINATIONAL SUNDAY SCHOOL PROMOTION**

We are glad to announce that BARKER'S POINT Sunday School was the winner of the RALLY DAY attendance contest with an attendance of 188 and 18 complete families present. As an award, each Teacher and the Superintendent of the Sunday School will receive a valuable booklet respecting Sunday School Work.

Beals and Crystal both broke their records and a number of other Schools came very close to a record attendance.

I am wondering why we did not hear from about 22 Churches? Am I to believe that they are not interested in any Sunday School Promotion? I realize that there may be a few reasons why some Schools did not take part in this Rally Day, but the reason for sending the cards out was for information to help us plan a bigger and better program for the new year. Will all the Sunday Schools please send me the cards with the requested information. These are vital for any future promotion.

Watch the Next Highway for important Sunday School News.
