On behalf of the Staff and students I would like to thank each Group, or person who have in any way helped to make possible the operation of the School, special mention to be made of our Mission Board, Young People's Society, and the WMA. As you will note from the list of the students had it not been for those who have been so faithful in supporting students, few would have gotten to Bible School.

We ask again for your continued support — Pray for the Bible School as you have never before, and as the Lord leads give toward the support of Students.

EVANGELICAL HOLINESS BIBLE SCHOOL GRADUATION — 1961

Thursday, November 9th dawned as a "red-letter" day in the History of E. H. B. S. the Denomination Training Center for our Bantu Church. Friends of the School were expected this day from many parts of the Republic, and Swaziland to attend the Commencement Exercises. Our expectations were far exceeded as cars, a large truck, bicycles and folk on foot arrived. The Africa Evangelistic Mission who have contributed students sent a truck load of former students and their families about 600 miles to be present. The welcome service was well attended, and it was crowned with the near Presence of the Lord.
