

Rev. Wilfred Green,
B.A., B.Ed.
Young People's
Page Editor

REV. WILFRED GREEN was born at Wood Island, Grand Manan. Mr. and Mrs. Green, the former Elizabeth McCall, now live in Moncton with their two teen-agers, Maridel and Norman. The past has seen him as carpenter, mechanic, painter, teacher, preacher and Bethany Bible College President. Presently, as principal of the Queen Elizabeth School in Moncton, he holds one of the top teaching positions in the New Brunswick public schools. The fifth and sixth chapters of Romans have been the outstanding scripture passages of his life. The influence of Sunday School teachers and faithful pastoral service are the factors he feels were strongest in leading him to Christ. As a Bible class teacher and church board official he supports our church work in Moncton. In his desire to help our young people he has found time to prepare our Highway page which has become a vital voice in our youth work. We have learned to appreciate and value Mr. Green's judgment and advice in matters of discussion at executive meetings. His advice to our young people is: "GET STRAIGHT AND KEEP STRAIGHT."

REV. BENNETT COCHRANE is a well known and respected minister of our denomination. We feel honoured to have him as our Youth Counsellor. His wisdom has guided "our ship" in many of our decisions. Mr. Cochrane was born in Marysville and has been pastor of our Seal Cove, Moncton and Fredericton churches. He has served our denomination in so many capacities . . . Highway Editor, Foreign Mission Board Chairman, Superintendent, to mention only a few. Mr. and Mrs. Cochrane and their teenage daughter Margaret now live in Fredericton. Here, in addition to his numerous city pastoral duties, he spends a great deal of time giving guidance to a growing and successful youth program in his church. Last summer, Mr. Cochrane conducted our first Young Married Couples' Retreat. Again we benefited by his unusual gift to minister to the youth. In reviewing his own days as a youth, he feels that godly, praying parents was the strong factor in his decision to become a Christian. Special highlights in his life since his conversion thirty one years ago are his call to the ministry and the privilege of serving our denomination. His message to our youth is: "FOR A HAPPY AND USEFUL LIFE . . . LIVE IN THE CENTRE OF THE WILL OF GOD."
