MRS. ARNOLD STAIRS WRITES:

Dear Friends:

The past year has been one of severe tests and yet multiple blessings; and through it all many valuable lessons in faith have been learned.

I have neglected writing to the Highway, because each time I tried, it seemed impossible to find adequate words to express the gratitude and appreciation we felt, for all the many cards, letters, and words of encouragement we received during my long and critical illness.

Many times when physical strength was gone, we would receive word of special prayer, and God gave strength and grace in a wonderful way. How grateful we are to belong to people that know how to reach the throne of grace in these times of dire need.

Twice I have been anointed with prayer for healing, but only a partial answer was given. The first time with Rev. Clarence Shrier, the severe chest pain was immediately taken away, for the first time in five months. Then, during Riverside Camp, Rev. Otis Smith and several of our pastors had special prayer, and since then physical strength has steadily returned. Until now, I am able to attend some church services and give partial care to our home, for which I am grateful. On telling the Dr. of this he replied "The Lord has been good to you. Give Him the praise for it."

Why healing hasn't been complete is not ours to question; but through it all the verse given to Paul has been ours "My grace is sufficient for thee, for My strength is made perfect in weakness".

May God bless each one that has helped us during this time.

Sincerely in Christ,
Mrs. Arnold Stairs.
