FROM THE MORGANS

Dear Highway Friends:

Greetings in His Wonderful Name!

We have just had a visit from the Haywoods from Wednesday night to Saturday morning. We enjoyed the fellowship and appreciated getting all the news of people and churches at home. The tape recordings that they brought back with them of various services and many familiar voices praising God in song and otherwise brought us more than a delightful time of entertainment; it was like a spiritual revival to us. Both our hearts were drawn to hunger after deeper things and to cry out for the refreshing showers of blessing to be poured out on our parched souls. We marvel at the many ways that God uses to bind our hearts more closely unto Himself. We praise Him for the Holy Spirit Who is so faithful to our hearts. And we praise Him too for our good and godly people in the homeland. We are so glad that we can claim them as our associates.

Last Sunday I preached to two separate congregations from I Cor. 8 emphasizing the need of conducting our lives in such a way that what we do, even though it may not be basically evil, will not harm our Christian testimony. The chapter, dealing with people so recently converted from their pagan idols to Christianity lends itself well to help these people so recently converted from heathen worship and still obliged to live in a heathen community to a large extent. I felt God blessed the message in an unusual measure and went home with the sense that definite ground had been gained from the devil.

Next week-end I am due for my regular quarterly trip to the Zululand outposts where we have two workers, a Bible woman and a preacher who are struggling under handicap in that area quite detached from the rest of our work. One of our preachers from a local outpost plans to precede me to one outpost and hold a few days revival meetings.

Continue to hold us up in prayer. These are difficult days on the Mission field as well as at home. The devil seems to stop at nothing to destroy the work of God and doom precious souls.

Yours for Souls,

Bill, Elsie, Suzanne & Murray Morgan

I WOULD BE KIND

I would be kind, nor pray that wealth surround me,
Or valiant deeds, that would the world remain.
This thing I ask; to those who live around me,
That God would help and teach me to be kind.

I would be kind, nor pray that wealth surround me,
Enough there are who call his faults to mind.
This thing is sure; if I would win my brother,
The Lord must teach and help me to be kind.

I would be kind, 'twas love displayed by kindness,
That sent the Christ the erring one to find,
wealth in blindness,
Though others seek for fame and I pray, Lord,
teach and help me to be kind.

—Rev. Arthur Bryan

THE TASK

"We are not to nurse the sorrows of life until we make ourselves unfit for the duties of life. The task is the big thing in our earthly career. To finish that task at whatever cost or sacrifice is the one thing that justifies life and effort. The task is bigger than we are, and more imperative. The task makes us, and assures our future. 'It is finished,' said the Master on the cross. His task was completed and He was made perfect."
