

WOODSTOCK REFORMED BAPTIST CHURCH

(75th Anniversary)

Nov. 3, 1888-Nov. 3, 1963

A special service, commemorating the 75th Anniversary of the organization of the Woodstock Reformed Baptist Church, was held on Sunday morning, Nov. 3.

Greetings from the Town of Woodstock were brought to the congregation by Mayor Gerald Phillips. Following prayer, offered by Rev. F. A. Watson, Marysville, N. B., a life-long member of the Church, Dr. Larry Love, Crusade Evangelist at Woodstock, delivered the anniversary sermon.

The Woodstock Church, organized on Nov. 3, 1888, with 56 charter members, has had a continuous ministry in the town. The Church building, erected in 1886, stands as one of the oldest landmarks of Carleton County.

The pastor of the Church, Rev. L. K. Mullen, paid tribute to the founders of the church, mentioning in particular their conviction, their courage, and their consecration, and asked the present congregation to share in an active program of Christian advancement during the coming year.

Pastors of the Woodstock Church during its 75 year history are as follows:

Rev. G. W. MacDonald	1888-1891

CHANGED OUTLOOK

In the crusade in Seattle in 1951, one who refused support and urged the ministers responsible to him to do the same was Bishop Gerald Kennedy. He sincerely felt that the crusade would set the Church back. Later, he heard Dr. Graham preach, and then met him personally. When the organizing group looked for someone to head the general committee in charge of the Los Angeles crusade in 1963, they asked Bishop Kennedy, now in charge of the Los Angeles Area of The Methodist Church, and he was glad to accept. Before 1,500 ministers at the close of the crusade he said he had learned three things:

"First, if we are going to be successful evangelists (a great word—says more than any other word to me) it involves preparation. When 10,000 or more are praying, something has to give. Some of our young ministers want to be free, but it is often an excuse to do nothing. As Augustine said, 'Without Him we cannot, but without us He will not.'

"Second, the great expectancy there is in these meetings. I have sat out in the audience and have sensed this expectancy, and it is because of the great expectancy of the preacher. People come to our churches not expecting much and are not disappointed. We need a re-creation of expectancy.

"Third, we had a preacher who believes something. We need to find this again in the Word of God. This is not the end of a crusade but the beginning, because we believe something. My life has been enriched, and I am grateful."
