

MILLVILLE

A District Holiness Convention will be held at the Millville Church from May 4th to 7th. The convention speaker is Rev. E. W. Tokley of Moncton. Rev. Mr. Tokley will be with us on the Millville circuit May 9th. Please pray for this convention. We trust that all of the pastors on the district will plan to attend.

Evangelistic services at the Maple Ridge Church from April 4th to 18th. Rev. Laurel Buckingham will be the speaker. Lic. Cedric Landers will be with us for the Easter weekend.

HOULTON

Dear Christian Friends:

Greetings in Jesus Name. Our Houlton Church is planning a meeting during the first two weeks in April. Reverend Nicholson and Paul Mullen will be the special workers.

Believing that the "battle is the Lord's", and that any victory realized must come from him, we are asking you to remember this meeting especially when you meet for prayer.

We have noted signs of progress in our services of late but we need a real "break-through". Pray with us, that when decision is made it will be to go with God, regardless of the cost.

Yours in Christian love,
Fraser Dunlop.

ENTERING EVANGELISTIC FIELD

Rev. G. A. DeLong who has served the past eight years as pastor of our church at Beals has resigned to enter the evangelistic field. During the ministry of Bro. DeLong the Beals' Church has shown evidence of progress and spiritual growth. Bro. DeLong served our churches at Perth, North Head, Saint John, Fort Fairfield and Houlton before taking up his ministry at Beals. Some years ago he devoted a period of his ministry to the field of evangelism and now feels to take up this important phase of the ministry again. I would recommend Bro. DeLong to our churches and to any who would seek the ministry of an effective evangelist. Write him now at Beals, Maine for campaign bookings for the coming church year.

H. R. Ingersoll,
Superintendent.

YOUTH WITH VISION

YOUNG PEOPLE, ARE YOU READY?

Are you ready for the big event? What big event? Our Annual Youth Rally, of course! Say, you will not want to miss it this year. Every year our Rally is good; but, this year, you just can't afford to miss it.

Are you young? Are you a Christian? Do you want fun? Then it's for you — May 21-23. Where? At Moncton, N. B. Why? Because that is the place the planning committee chose. That is a good enough reason, so, let's be there.

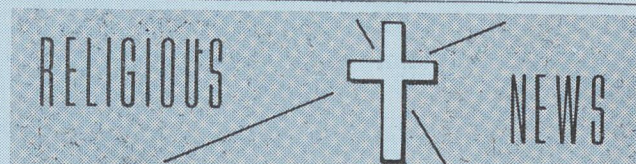

Who is the Youth evangelist this year? Wouldn't you know, we have got the best, Rev. and Mrs. James Lentz, Missionaries and a pilot, filled with all the "take off" and "go" you'd want. And, they have a real message from God for you. Some of us have heard Mr. Lentz speak. His truth is mellow, soul searching, soul inspiring, soul filling and blessed of the Holy Spirit. Plan to attend the Rally and give all you have to it. You'll get so blessed up that you'll spill over. That will bless someone else.

And, say, singers! Wow! We've got them too. Paul Mullen and his family will be our guest singers. We don't need to say more, do we? Yes, the best in preaching, best in singing, best in fellowship, and best in fun; all because God has been so good and gracious.

Exciting, isn't it? But in our excitement let us not forget to pray as we make our plans for the rally. Pray for ourselves. Pray for friends. Pray that God will in some way reach our hearts again and use this rally for the glory of His great name in the salvation of souls and the blessing of our young people.

See you there!

RUSSIANS SEEK NEW ANTI-RELIGION METHODS. **Moscow (EP)** — The fact that many Soviet children still attend church services has prompted the Pedagogical Academy here to launch a special campaign emphasizing new methods to wean youngsters from religion.

Founded in 1943 and operating under the Ministry of Religion, the academy is the top policy-making educational and research center in the USSR.

Officials announced that the first step would be to set up a special study group, including a number of psychologists, to discover why children are attracted toward religion and what family or other influences tend to make them immune to atheistic indoctrination.

It is expected that the study group will conduct its investigations in several typical schools — three in Moscow and others scattered throughout central Russia and the

A SUPER PROJECT IN ACTION

For some time our young people have planned, given, and prayed about sending our Alliance Superintendent to Africa. Well, he is there today. You may feel somewhat thankful that you have had a part in his visit to our mission fields.

The task of sending Rev. H. R. Ingersoll, our chief executive, to Africa is a noble one. In a very real sense he represents you in Africa since his tour is sponsored by the Young People's Association. His return to the homeland will bring blessings from our missionaries and in a very real way make our contact with them more intimate.

Let us not think that our task is over. It has only begun. We need to pray much for our Superintendent while he visits South Africa and Rhodesia. Pray that God will protect him. Pray that God will guide him in his various contacts with our churches over there. Pray that God will use him to bless the church in Africa. Pray for his family at home. Pray that God will give him travelling mercies and bless his return to us again in the near future.

Local Young People's Societies have been sending in financial support for this worthwhile ministry. If your society has not made a contribution, don't fail to be part of this great cause. Many individuals have given generously toward this project. Further gifts are always welcomed and appreciated.

All monies for this project should be sent to Miss Beth Cann, 704 Charlotte St., Fredericton, N. B.

Meanwhile, the **Teachers Gazette**, a paper published here three times weekly, reported that the Pedagogical Academy's plans were being viewed "skeptically" by a number of teachers.

It quoted some of them as saying that they saw no reason for worrying about religion among Soviet children because "our pupils unanimously agree that there is no God."

Academy officials, mindful of the large turnout of children at Russian Orthodox church services every Easter, apparently think differently. They have ordered full cooperation with the program.

CONSCIENCE

An Indian's definition of conscience, given by a missionary, is not only amusing but very significant:

"It is a little three-cornered thing inside of me. When I do wrong it turns round and hurts me very much. But if I keep on doing wrong it will turn so much that the corners become worn off and it does not hurt me any more."
