

DIGBY

The Digby work is most encouraging. The Lord has been faithful in sending new ones in to hear the Gospel and one by one they have given their hearts to the Lord. The Sunday School is growing steadily and the attendance in the regular services is very good. We just closed a revival campaign with Rev. Sheila Graham along with Cedric Landers and his wife. Their ministry in word and song was truly wonderful. We averaged 150 people to a service and 55 victories were won for the Lord at an altar of prayer. We ask your continued prayers for our Home Mission Church, its pastor and his wife as they labor together for the cause of Holiness.

IF YOU'RE NOT INTERESTED IN ELDERLY PEOPLE, DON'T READ THIS!

Oh, but you **are** interested! We thought you would be. Surely this is a part of a wholesome Christian concern. This then is our message:

Our Alliance has appointed a committee to investigate the possibility of our denomination establishing and operating a home for the aged. The prime objective would be to provide accommodations that would offer physical comfort and care in an environment of Christian fellowship.

Such a home would be located in desirable surroundings, would be staffed by dedicated people, and would be operated on a non-profit financial basis designed to allow admittance and residence at rates that would be as reasonable as possible.

Personal expressions of interest in this proposed project would be helpful at this point. The reaction of many may be, "I think it would be wonderful for our denomination to operate such a home. What a fine thing it would be if the senior people of our churches could have such accommodations available". Others might be especially interested in contributing to the establishment of such a home, by cash donations, by bequest, or by leaving property to the Alliance for this purpose. Still others might be interested in serving on the staff of such a home. A supervisor, caretaker, cook, nurses, etc. would be needed.

If you are really interested, would you communicate that interest to us?

10 REASONS FOR HAVING THE FAMILY ALTAR

1. Because as a service of worship, it will sweeten home life and enrich home relationship. There is no shrine more sacred than the place where families hold communion with the Heavenly Father.
2. Because the family, as a divine institution, is the fundamental unit of society. It should therefore introduce into its life practices all that will strengthen and maintain the family integrity and family consciousness. Family worship should be a regular feature of every home.
3. Because in this exercise you may lift into consciousness the portrait of Christ Jesus, thus to envisage Him as an example for daily living.
4. Because it will make you conscious throughout the day of the attending presence of the unseen, divine One, who will give you strength to perform your tasks and make you truer to every duty.
5. Because it will give you strength to meet discouragements and disappointments and fortify you against unexpected adversaries.
6. Because it is the richest of blessings to your children and will hold them as nothing else can when they have gone from under parental care and so determine in a large measure their religious views, their habits, their ideals, and their eternal salvation.
7. Because it will exert a hallowed and helpful influence over guests.
8. Because religion must flourish in the family circle if it is to have a chance for vigorous life in the sanctuary. Family worship will reinforce the work of your pastor and stimulate the whole life of your church.
9. Because it will furnish an example to other homes.
10. Because it honors God who gave us the family and home and crowns Him Lord of His own institution.
