ELECTION CARD

ELECTORS WARD I.

Sussex, Dec. 1, 1925.

To the Electors of Ward I,

Town of Sussex.

Ladies and Gentlemen:

In looking through the report of the Town of Sussex for year ending Oct. 31, 1925, I find we pay out for overhead expenses for wages, the sum of \$6,962.71. This amount does not include the amount paid to the Supt. of Streets, the amount of which is not shown in the report. This, I think, a very large amount for the town to pay, particularly at the present time. I see where the amount of \$665.71 was paid out for chloride to put on the streets; this amount with the cost of putting on, which is not shown, will, I think, amount to \$1,000 and upwards. This is a too costly experiment, considering that we were eating due all summer. The watering cart cost for the year 1924 the sum of \$367.80. I leave it for the rate payers to say which is the best.

The town in the year 1924 spent \$213.33 for buildings, etc., for camp site. This year I see by report where the town spent \$31.15 to move these buildings out of the town after giving them to a private party. This, I think, was not good business.

The water rates were raised after an expense of \$216.85 for professional services, by 50 per cent. and upwards. These rates, I think, were uncalled for and throws more expense upon the smaller tax-payers who use water.

I also think that the town government should take steps to get a grant for the main trunk road through the town, from the Provincial Government. All the money paid by automobile owners for licenses goes to the Government, and the road through the town is used and worn out largely by outside and through traffic.

I also think that the building Act as now is too stringent and should be modified to some extent.

I also see where the overdraft in the Bank is \$4,656.05 at the end of 1925, on which we are paying interest. Our taxes have not been lowered any and our water rates have been raised. This, I think, should be remedied.

If I am elected as Alderman for Ward I, I will not be afraid to speak and vote in regards to these questions and any other business that comes before the Council.

Yours truly,

W. J. DEVINE.

ELECTION CARD

ALDERMAN WARD I

To the Ratepayers of Ward I,

Town of Sussex.

Ladies and Gentlemen:

At the solicitation of a large number of the electors of Ward I, I have decided to offer as alderman in the Town Elections to be held on Monday, December 7th.

My platform is that I think that the overhead expenses of the Town should be cut down, and the tax rate reduced.

I believe that the recent raises in Water Rates was unwarranted, because the increased rate of over 50 per cent did not have any bearing in reducing the Town tax rate as it should have done. I am strongly of the opinion that many savings can be made, that should reduce our present tax rate.

If elected, I pledge myself to use my best efforts, to curtail existing conditions, that is making the present tax rate such a burden on the people.

I am opposed to the present excessive Water Rates, the high tax rates, and general overhead expenses of the Town.

If honored with your confidence, I will use my utmost endeavors to cut down the tax rate, to the extent that our ratepayers will be relieved of a burden of debt, that is driving people out of the Town to seek a living elsewhere.

I respectfully solicit the votes and support of all electors of Ward I, who desire to see the present exorbitant tax rate of the Town reduced.

I am,

Yours truly,

W. J. DEVINE.

Sussex, N. B., Nov. 25, 1925.
