

## 'WHAT HAPPENED TO JONES' IMPERIAL TONIGHT

THURS.-FRI.-SAT.—PEOPLE WITH WEAK RIBS WHO CAN'T STAND THE STRAIN OF LAUGHING ARE ADVISED NOT TO SEE THE HILARIOUS TICKLER.

No screen fan should miss the opportunity of seeing Reginald Denny as he romps through the title role of "What Happened to Jones," the new Universal-Jewel now showing at the Imperial theatre.

Here is a picture that contains all the essentials of successful farce, portrayed intelligently and with delicious humor, and lacking none of the fundamental rules of comedy.

The story is a good one, being a picturization of George Broadhurst's famous stage farce, and it is well and ably directed by William A. Seiter, Universal's crack director.

"What Happened to Jones," tells of the adventures and misadventures of Tom Jones, a wealthy bible manufacturer, whose reputation in town is of the very highest. On the night before his marriage, he is enticed into participating in a poker game with a few of his friends.

Judge of his horror, when, shortly after the game has started, it is interrupted by the police. Tom, in his attempts to escape, finds himself in a women's Turkish Bath. From then on, the fun starts, gaining more and more hilarious headway as the picture progresses, until at the final fadeout, the audience is in one continual roar.

Denny does the best work of a successful career in this picture. He has fine aptitude for this type of comedy, and his admirers will not be disappointed in him. He is ably assisted by an excellent cast. Sweet Marian Nixon plays the role of his fiancée and Otis Harlan that of his blundering friend. Zasu Pitts is excellent as the maid, Emily Fitzroy plays the part of Harlan's wife and William Austin, the disappointed lover.

### "Down by the Sea"

An interesting film subject taken along the South shore of Nova Scotia, adjacent to Halifax. Another one of the "Seeing Canada" official Government films. The 6th chapter of "The Radio Detective" will also be shown. 2 shows, 7 and 9 o'clock.

### PREACHED AT LONDONDERRY

The Venerable the Archdeacon of Chatham, Dr. Forsythe, preached in the old Church of St. Paul's, Londonderry, on the Shepody Road, Sunday morning, August 8th. Holy Communion was celebrated by the Rev. E. C. Budd, priest in charge (Upham and Hammon), there being a good congregation present.

The Archdeacon preached a very able sermon from Psalm 121, "I will lift up mine eyes unto the hills," and after congratulating those present for the good work in re-shingling the church roof, repairing the windows, etc., also cleaning up the large churchyard and beautifying it, spoke of the early days of the settlement, of the crowded church, and the large numbers of settlers in the neighbourhood in the old stage coach days of sixty-five years ago. After the service the Archdeacon was presented to and conversed with some of the older settlers of his native place.

### AMERICAN TOURING CAR ENTERS KENEBECASIS NEAR ROACHVILLE BRIDGE

An American touring car while approaching Sussex via the McGreggor Brook road on Thursday last failed to make the turn at the road junction and plunged straight into the river which at that point is some 100 yards distant from the road. The final dash into the cool stream was made down a rather steep embankment thickly covered with young alder bushes.

The car behaved beautifully, however, and showed no desire to turn turtle,—doubtless, to the relief of the occupant. A team of horses was summoned and it was found necessary to tow the runaway some distance down stream before a suitable landing place could be found. After slight repairs had been made the car was able to proceed on its way apparently none the worse for its morning dip.

### MEETING OF THE PENOBSCQUIS BRANCH OF THE WOMEN'S INSTITUTE

Aug. 9—The regular monthly meeting of the Penobscquis Women's Institute met at the home of Mrs. H. A. Wallace on Tuesday evening. The president, Mrs. Wm. Stewart presided. Meeting opened with the Institute hymn after which the minutes of the last meeting were read and approved. Roll was called and a good number responded, some 15 in all. The sick room committee reported quilt finished and sent to Home at Coverdale. A card of thanks from H. Usher Miller for donation of \$10.00 for maintenance of Protestant Orphanage was read, also other correspondence relating to the Institute work, which was duly discussed. A committee was appointed to make and send posters to be on exhibition at Toronto, posters to be on "Institute work done in the community." It was decided for as many as could to attend the district convention and picnic at Apohaqui on August 25.

Mrs. Duncan McLeod invited the September meeting to meet with her in the afternoon instead of evening and after the meeting to have a picnic on the grounds.

Several visitors were present. Meeting closed with the National anthem. Refreshments were served by Mrs. Albert Hall, Mrs. George Hall and Mrs. W. A. Bannister and Mrs. Duncan McLeod.

### WARNING!

People with weak ribs who can't stand the strain of laughing at "What Happened to Jones"—the Imperial's week-end attraction—are advised not to see the hilarious tickler.

## O'CONNELL PICNIC SATURDAY AUGUST 14

ANNUAL TREAT FOR CHILDREN OF ALL AGES WILL BE CONDUCTED THIS YEAR BY WOMEN'S INSTITUTE, AT REQUEST OF TOWN COUNCIL

Saturday, August 14th at one o'clock the children's gala afternoon will begin on the military grounds, somewhere near the bungalow of the 8th Hussars. This treat is looked forward to from year to year, not only by the children, but by the sisters and the cousins and the aunts of the children, who, although perhaps of mature years, grow young once more when the good things begin to flow from Mr. O'Connell's generous storehouse.

Some weeks ago, His Worship, the Mayor received word from Mr. O'Connell that he did not expect to be able to reach Sussex in time to hold his picnic on account of illness which necessitated his entering a hospital. This stated his entering a hospital. This stated his entering a hospital. This stated his entering a hospital.

It is hoped that the weather man will remember the kiddies on Saturday and that from far and near, those kiddies will come to enjoy the hospitality of a Real Friend who has generously made this day possible, not only for the youth of today, but for those of the years to come.

Don't forget this coming Saturday, and, although he will not be there, don't forget that it is Mr. O'Connell's Picnic.

### DISTRICT CONVENTION, WOMEN'S INSTITUTE

The District Convention of the Kings County Women's Institute will be held at the Guild Hall, Apohaqui, on Wednesday, August 25th. The business meeting will open at 2 o'clock, after which a programme consisting of addresses, readings and music will be given. One of the speakers will be Miss Dykeman, R.N., of Saint John. This convention is not confined to members of the Institute only. Everyone is welcome.

### LIVE STOCK SHIPPING CLUB

The largest co-operative shipment of hogs in New Brunswick to date, was made on Monday last by the Sussex Shipping Club when one hundred and ninety-one hogs were shipped to the Swift's Canadian at Moncton.

The interest in this enterprise is apparently growing rapidly. Early in the morning of that day one farmer, Mr. H. H. Sherwood, of Upham, arrived with 9 hogs and as Mr. Sherwood's farm is some 21 miles distant from Sussex it would appear that the must be considerable advantage to the farmer in the plan of co-operative shipping. The prices obtained for this shipment were 13c live weight Sussex for select of 150 lbs. and over, and 12½c for those under this weight.

Present indications, however, point to a cut in price for hogs under standard weight or 170 lbs. It has been previously pointed out that the best returns are got from hogs of 170 lbs. or over and it is expected that the next shipment will include a greater number of the standard weight hog.

## MARITIMES ASK FOR COMPENSATION

J. D. McKENNA IN PRESENTING CASE OF SAINT JOHN BOARD OF TRADE DECLARES CONFEDERATION HAS NOT BEEN FAIRLY OPERATED.

"The Canadian partnership has not been fairly operated. We have not seen our ports properly equipped by the Dominion as national undertakings, nor have we seen the trade of the Great West develop with the seaboard, but we have seen government-owned railways used to develop United States ports. We have assumed obligations for much more than we have received, and in no respect has there, so far as the Maritime Provinces are concerned, been manifested that spirit of partnership on which Confederation must rest. The people of the Maritime Provinces have placed their case before the people of Canada and are determined that the time has passed when good intentions or expressed promises will compensate for the losses which these provinces have suffered through Confederation and the sacrifices we have made in order to develop the rest of Canada."

So declared J. D. McKenna, President of the New Brunswick Publishing Company, in summing up the case for the Saint John Board of Trade, before the Royal Commission, headed by Sir Andrew Rae Duncan, investigating the claims of the Maritime Provinces with reference to the Canadian Confederation. Mr. McKenna took pains to explain that the Maritimes were not envious of the prosperity of Central Canada. But he contended that Quebec and Ontario, realizing the benefits accruing to them by reason of a confederation which the Maritimes has made possible, should be prepared to do everything in their power to see that Nova Scotia, Prince Edward Island and New Brunswick, fared equitably with the rest of Canada.

Mr. McKenna divided his presentation into three parts. In the first place he sought to establish that the Maritimes had been induced to enter the Confederation on the distinct understanding that they would share in certain benefits, secondly that these benefits had not been accrued, and thirdly he submitted a list of suggested remedies to meet the situation.

### MISS FLORA DELONG GIVES HELP. FUL ADDRESS BEFORE THE HAMPTON W. M. S.

The monthly meeting of the Hampton Village United Baptist Women's Missionary Society was held recently at the home of Mrs. A. E. Coates. Yearly reports from the secretary and treasurer were received and other business carried out. The programme was given by three young ladies who were visitors at the meeting. Miss Millar, of Sussex, sang; Miss Laura Howard gave a reading and a vocal solo; and Miss Flora DeLong in an earnest address brought to the meeting many helpful suggestions for work among young people. Miss DeLong has recently returned from Wolfville where she attended the Missionary Conference and received great inspiration for work along that line.

Mrs. DeLong, president of the Society, was in charge of the meeting. Mrs. Coates and Miss Dorothy Coates served refreshments during a pleasant social half hour.

### MORE HARVESTERS LEAVE FOR THE WEST

Saint John, Aug. 11—The Union Depot has presented an extraordinarily busy scene during the past few days when hundreds of young men, women and children have been assembled awaiting the departure of C.P.R. and C.N.R. harvester trains. At an early hour yesterday morning a special train of 18 cars left the depot with over 800 harvesters bound over the Valley railway with a few hundred men. Extra cars were carried to pick up other excursionists along the line. Last night at 9:50 daylight time a C.P.R. special of 10 cars left with another contingent of harvesters. There were many citizens present who cheered the parties bound west, and the young men leaning out of the car windows cheered back. The steamer Empress brought over several hundred excursionists. It is reported that the number of harvesters going west this year is not as many as on previous years.

### SWIMMERS DID NOT MEET SHARK

Cape Griz Nez, Aug. 11—Isiah Helmy, Egyptian, and Geo. Michel, France who made unsuccessful attempts to conquer the English Channel, Monday, said that reports of an encounter with sharks were erroneous. Dog fish were their fellow voyagers, they said. No sharks have been reported in the channel this season.

### ABOUT THE PRICE OF THREAD

Nearly every day some one comes in with 10c for a spool of thread. Our thread is 12c a spool FOR 250 YARDS. When you pay 10c you get only 200 yards. This means that for an advance of 20 per cent. you get 25 per cent. more thread. Although the smaller yardage costs less it is really dearer. There is no difference in the thread. We make this explanation to correct the impression that we are charging you 12c for what you can get elsewhere for 10c.

### HAYING THROUGHOUT PROVINCE LATER THAN USUAL

Reports reaching the provincial department of agriculture indicate that the haying throughout the province is considerably later than usual, according to O. C. Hicks, superintendent of crops and soils.

Hot dry weather which has prevailed for the last three weeks in the north shore districts has seriously affected the crop which is expected to be light as compared with other seasons. Other crops have also been affected by the continued period of drought.

Reports from Edmundston state that along the Saint John River valley in sections where haying is usually completed by this time, that only half of the crops have been harvested. In the Southern sections of the province the majority of farmers commenced haying this week.

### MILES WINS ANOTHER BOSTON RACE

Johnny Miles, of Nova Scotia, youthful distance runner, defeated several old rivals in a fifteen-mile race over a rain-soaked, muddy track at the annual Scottish games at Boston Saturday, August 7. He splashed home 300 yards ahead of Jimmy Henigan, of Dorchester, in the comparatively fast time of one hour, thirty-three minutes, 12.5 seconds.

For the first twelve miles the grind was a duel between Miles and Albert "Whitney" Michelson, of Port Chester, N. Y., but the New Yorker weak-
