I have examined statements of receipts and expenditures contained in Statements "A," "B" and "C" above and find them correct and in agreement with the books kept by the Secretary. All payments have been authorized and vouchers are on hand for all payments.

C. T. WETMORE,
County Auditor.

Hampton, N. B., January 23rd, 1926.

STATEMENT "D."

The Kings Sub-district Board of Health estimates the following amounts required for the current year 1926, herewith submitted:

Secretary	$ 300.00
12 Sanitary Inspectors	610.00
16 Sub-deputy Registrars	360.00
	$1,270.00
Yearly expenses of Board	$ 80.00
Routine expenses	100.00
Supplies from department	35.00
Contingencies	100.00
	$315.00
Total amount asked to be voted for 1926	$1,585.00

Take PEPS for COUGHS COLDS & BRONCHITIS

The Secretary said it had been found possible to cut the estimates from $1,525 to $1,325, a reduction of $200. This was due to the fact that there was a credit of $348.01 to the fund at the end of the year.

Councillor Vail said that the Provincial Government had made the law, and that they should pay for it but it was pointed out to him that a committee was appointed by the council to meet the appointees of the Government on the sub-district board and that when they had made a decision regarding the estimates, the council could not repudiate their decisions. The motion that the report be adopted and that the sum of $1,325 be appropriated for the board, was then passed.

Dr. W. Warwick, medical health officer, St. John, stated that the New Brunswick Board of Health had done a great deal toward the prevention of an epidemic of diphtheria in supplying free immunizing toxoid to any person who desired it. Dr. Warwick also stated that the deputy registrars were doing very valuable work in the matter of vital statistics.

Dr. Gilchrist said that the council must pay this year but an effort would be made to have the act changed.

Polling Division Moved

Councillor Green moved that the polling divisions for the municipal elections in the Parish of Kingston be made the same as those for the provincial elections in order to obviate the existing inconvenience. This was passed.

Gets Refund

Councillor McAuley asked that a refund of $9 overcharged in an assessment against one of his constituents, be made from the Studholm fund. He got it in spite of the fact that the parish owes the county nearly $1,000.

Councillor Sproul submitted a resolution that steps be taken to collect fees from auctioneers in the county. He recommended that the licenses of all auctioneers be revoked if their holders were still in arrears on March 1, or, failing this, that the council take legal steps to recover the amount of the licenses.

A committee consisting of Couns. Sproul, J. E. McAuley, O. E. Flewwelling and H. A. Lingley was appointed to deal with this matter.

Civil Servants Petition

Mr. Sproul then presented a petition from the civil servants who were living in Kings County and who were taxed by the City of St. John. The petitioners claimed that the city had no right to collect the tax as the petitioners lived outside the city and drew their income from Ottawa.

Mr. Sproul said that this had long been a vexed question, the city's right to tax people who were not living in the city and who were using the county roads, schools, etc. It was resolved that the petition be accepted and that Councillors Gilchrist and Sproul and the secretary treasurer be appointed a committee to go to Fredericton to interview the Government with a view to having a change made so the petitioners could be assessed by the county and not by the city. It was also resolved that a copy of the petition be forwarded to each councillor.

home. The nurse's services, he said, would be available at all times for the care of any other patient. This will mean a considerable saving over the previous system of sending the patients to the county hospitals.

Asks About Charges

During the reading of the report, Councillor Smith, of Hampton, asked what inmates of the home were chargable to his parish.

The secretary then said that the names had not customarily been printed in the report but he had a list with him. He then read names of some people whom Mr. Smith maintained were chargeable to Kingston. Mr. Smith showed that these people were really chargeable to Kingston and Couns. Breen and Thompson agreed with him and a committee was appoint ed to make recommendations as to how the maintenance of the inmates in question should be charged back to Kingston and credited to Hampton without making it one lump sum, which would be rather hard on Kingston.

In connection with the almshouse bonds, it was reported that $1,400 was never issued and that there was more than sufficient in the sinking fund of uninvested funds to buy back the bonds to the amount of $1,000, which had been issued. They were obtainable from the holders at par with interest from December. It was resolved that the balance of uninvested sinking fund be transferred to the Canadian Patriotic Bond Sinking Fund and this motion was agreed to and passed.

Want Term Extended

A resolution to extend the two year term of Councillors to one of four years was passed. It was decided that a committee be sent to interview the Government on the question of extending the term.

The Council resumed its meetings Wednesday morning at 10 o'clock.

The business on Wednesday, the second day of the meeting, consisted mainly of the passing of the county assessments and the parish lists.

The parish lists were then proposed, and all but two were adopted unanimously. Councillor Breen, of Kingston, moved that a change be made in his parish, and Councillor Thompson his colleague, disagreed. A vote was taken. The standing was recorded as 18 in favor of Councillor Breen's proposal and 6 against.

In the case of Norton lists, Dr. Gilchrist asked that the clerk, collector and one assessor be changed. His colleague said "No."

Councillor McAuley then asked permission to read a letter which had been handed him that morning. It proved to be a eulogy of the present incumbents. Mr. McAuley said that the time was past when politics should be introduced into municipal appointments. The letter was signed by a man quite prominent in political circles opposed to the leanings of the proposed appointees, said Mr. McAuley.

Dr. Gilchrist objected to the reading of the letter on the ground that it was irrevelant, but his objection was overruled. The lists were put to a vote, and that of Councillor Gilchrist was defeated by one vote, the standing being 12-11. Several of the members did not vote.

Councillor Smith read the report of the building committee which told of repairs made to the Court House flagpole and to the roofs of the court house and county jail. He also mentioned that repairs would soon be necessary on the roof of the Municipal Home. The report was adopted as read.

A delegation from several of the county Agricultural Societies was heard on the question of obtaining a grant from the county founds toward the purchase of a clover-hulling machine, to allow the county to produce its own clover seed which, it was said, was highly superior to the imported article. Three delegates spoke and

MUNICIPAL HOME REPORT

J. P. Atherton, secretary-treasurer of the Municipal Home, submitted the annual report. The summary of receipts and expenditures of the Municipal Home for the year ending December 31st, 1925, was as follows:

RECEIPTS

1925.		
Jan. 24. Balance in Bank	$1,168.33	
Less cheques outstanding	81.59	
		$1,086.74
Cheques not cashed		17.95
Geo. O. Dickson-Otty, account assessment		7,419.45
Geo. O. Dickson-Otty, account Mr. Campbell		679.00
Hospital Fees and Board		394.00
Produce sold		39.50
		$9,636.64

EXPENDITURES

Dec. 31. General Account, Statement "B"	$6,759.79

Less: Cheques outstanding	35.00
	$1,706.77
	$9,636.64

ertified correct.

CHARLES T. WETMORE,
Auditor.

Hampton, N. B., January 26th, 1926.

On motion of Councillor John Armstrong, seconded by Councillor J. W. Smith, it was ordered: That the following sums be assessed on the various Parishes and the Town of Sussex for 1926, for the maintenance of the Municipal Home:

Cardwell	$ 63.00
Greenwich	381.60
Hampton	1,221.29
Havelock	787.33
Hammond	33.75
Kars	67.20
Kingston	146.50
Norton	618.57
Rothesay Parish	112.50
Rothesay Village	225.00
Springfield	323.25
Studholm	1,169.69
Sussex Parish	852.60
Sussex Town	346.90
Upham	178.35
Waterford	45.00
Westfield	240.25
	$6,812.78

Secretary Atherton stated that arrangements had been made for a full-time nurse to care for a patient suffering from arthritis at present in the

Councillor McAuley moved that the council advance $1,000 toward the cost of the machine, as the Provincial Government had announced its willingness to provide 25 per cent. of the cost. This proposal was voted down in accordance with the Council's announced policy of economy.

The assessment for the Kings County Sub-district Board of Health was again the subject of controversy. Councillor Sproule said that in consequence of tardy payment the board was hindered to a large extent in its work and submitted that a resolution be passed authorizing the secretary-treasurer to pay over one-quarter of the amount assessed on April 1, another one-quarter July 1, a third on Oct. 1 and the fourth on Dec. 20. This was amended and the order was made to read that the secretary-treasurer be empowered to pay the money twice yearly.

The vote for the Municipal Home assessment was then moved and passed.

Hospital Charges

A vote of $1,000 covering interest payments on the patriotic bond sinking fund was ordered paid by the council.

The assessment covering payment of charges for persons in hospitals not belonging to the county was next voted on. The secretary-treasurer stated that the assesment would have to be increased from $4,000 to $5,000 to provide for this year's expenses. He reported that there was a man at present in the General Public Hospital, Saint John, who had cost $300 or more already. It might even reach $1,200 before the year was out.

Warden Snider stated that he knew the man in question, a returned soldier, and said it was the duty of the county to look after him and see that he had proper care.

Dr. Gilchrist suggested that if the man did not require a special form of treatment available only at the General Public Hospital, it would be a saving to the country if he could be brought to the County Hospital at Norton. A resolution was accordingly passed naming Dr. Gilchrist and Councillor Roy P. Breen a committee to visit the patient and to make inquiries from the hospital authorities as to the advisability of taking the man to Norton. It was also resolved that the case be made a county charge. The assessment of $5,000 for the maintenance of patients in hospitals was then voted upon and passed.

Petition Gets Hoist

The maintenance of a pauper lunatic, whose domicile could not be determined satisfactorily, was made a charge of the county on a motion by Councillor McAuley.

The petition of A. H. Chipman, complaining against an over-assessment was given a six months' hoist.

An assessment of $43, covering land damage and cost of laying out a road in Westfield parish was orderedl to be made a charge on that parish.

Councillor O. A. Flewelling read the report of the committee on public meadows. This report showed that the sales of hay had brought $75.50, against which there were expenditures of $23.90, leaving a credit balance in the fund of $41.60.

Councillor Gilchrist suggested that Grassy Island, which brought in ridiculously low sums for its hay, be sold outright and the bill of expense, which it had proved itself to be, cut out. Lots on this island, cutting from six to 10 tons of "sheepskin" hay, sold for sums ranging from 25 cents to $4.

The reason for this was that the farmers in that district had arranged among themselves beforehand which lots each was to have and there was consequently no competitive bidding. The council refused to consider selling the island but, on motion, empowered the public meadows committee to place an upset price on the hay lots before they were put up for auction.

It was moved, seconded and passed that there would be no semi-annual meeting held this year.

Dr. Gilchrist moved that the sheep committee be awarded mileage in addition to their regular day's pay when action on committee on other than regular meeting of council. The motion was adopted.

The council adjourned at 4.15 p.m. sine die.

The list of Parish Officers appointed will appear in next week's issue of the Kings County Record.

Quebec Winter Sports Off to Good Start

(1) From left to right:—W. B. Thompson, McGill; R. S. Whiteney, Yale; C. Beaubien, Loyola, Montreal; J. Beaubien, Loyola, Montreal; R. Whiteney, Yale; J. Fortier, University of Montreal; P. Mousseau, University of Montreal; R. Plante, Laval, Quebec; G. Tache, Laval, Quebec; S. Audette, Ottawa. (2) Isabel Coursier in action. (3) W. B. Thompson making his 95-foot jump. (4) W. B. Thompson, of McGill University, Montreal.

Daring jumps into space were the opening features of Quebec most brilliant winter season when the International Intercollegiate Ski Jumping teams lined up for the famous trophy on December 30, at the Ancient Capital. W. B. Thompson, of McGill University, scored the longest jump of 95 feet, but J. Beauvais, of Loyola College, Montreal, was awarded the maximum number of points because of his fine form, although he jumped only 91 feet.

Among the university teams taking part in the contest were McGill, Loyola, Ottawa, Montreal, Yale, and Laval. Although it was very cold, large crowds turned out to see the contest, three grand stands on the Dufferin Terrace being packed.

Isabel Coursier, nineteen-year-old miss who holds the world's woman championship, treated the spectators to a daring exhibition, while Ivind Nelsen, Canadian Champion, set a new record for Quebec by jumping 101 feet.

The International Ski Trophy was awarded to the triumphant Loyola College team. Two nights later the Terrace was to be seen in sparks and flashes. Parties from the New England States arrived in force to take part in the New Year celebrations, and a fireworks exhibition was staged soon after nightfall. Numerous outings were arranged and the winter carnival was at its height and ready to go strong for the rest of the winter from the first week in January.

Another highly interesting event at Quebec, on December 30, was the International cross-country ski race, won by W. B. Thompson, of McGill University. The course is over a difficult five-mile stretch. Tache, of Laval University, Quebec, was second in the cross-country race, and J. Beaubien, of Loyola, Montreal, was third.

The Yale University contestants were left far behind, in both the ski jumps and races, by their Canadian opponents. H. Whiteney and R. S. Whiteney, of Yale, were seventh and eighth, respectively, in the cross-country race. They had the very same position in the jumping contest.

Heavily-laden sleighs are to be seen going slowly through the old city at all hours of the day and night. Visitors seemingly never tire of the wonders of the quaint French-Canadian capital.

Coffee for 50 helpings—allow 1 pound of coffee.

Ice cream for 6-10 helpings—allow 1 quart.

Ham for 50 helpings—allow 20 pounds.

Meat for 1 helping—allow 1-2 pound. raw meat.

Butter for 2 dozen helpings—allow 1 pound.

Butter for 5 dozen rolls—allow 1 pound.

SCALE FOR COOKING FOR LARGE NUMBERS

Coffee for six helpings—allow ½ cup coffee to 1 quart water.
