REAL FRIENDS LIKE YOU

We day dream the gay-dream with light word and laughter.
We rolick and frolick the idle hours through;
But the blest thoughts, the best thoughts, the rest thoughts come after
Of the old friends, the gold friends, the "Real Friends like You."

The Folly of Taking Digestive Pills

Warns Stomach Sufferers.
Neutralize Dangerous Acids in Stomach With Hot Water and Magnesia

"Never force the digestion of fermenting food from your stomach simply to get temporary relief from indigestion," says a well known authority. The habit of taking digestive pills after meals makes chronic dyspeptics of many thousands of men and women because artificial digestants, drugs and medicines have practically no influence upon the excessively acid condition of the stomach contents which is the cause of most forms of indigestion and dyspepsia.

The after dinner pill merely lessens the sensitiveness of the stomach nerves and thus gives a false sense of freedom from pain. If those who are subject to indigestion, bloating, gas, sour stomach, belching, heartburn, etc., after eating would get a little pure Bismarck Magnesia (either powder or tablets) from any reliable druggist and take a teaspoonful of the powder or two of the tablets in a little water after meals there would be no further necessity for drugs or medicines because the Bismarck Magnesia instantly neutralizes stomach acidity, stops food fermentation and thus insures normal, painless digestion by enabling the stomach to do its work with out hindrance.
