PASSEKEAG

July 6—On Wednesday evening, a farewell party was held by friends and relatives, to extend their best wishes to Mr. and Mrs. Ernest Smith, who are leaving shortly for Montreal. The evening was spent in games and dancing. After luncheon Mrs. Smith was presented with a travelling bag and Mr. Smith with a beautiful pipe. Both replied in a very respectful manner.

Mr. and Mrs. Hamilton McLean and son John spent Sunday guests of Mr. and Mrs. Henry Maxwell.

Mrs. Cecil Ross is spending some time with her parents, Mr. and Mrs. Willard Carson.

Miss Lena Campbell is visiting Mr. and Mrs. Melbourne Dunlop.

Albert Easter is spending his vacation with John Bussey.

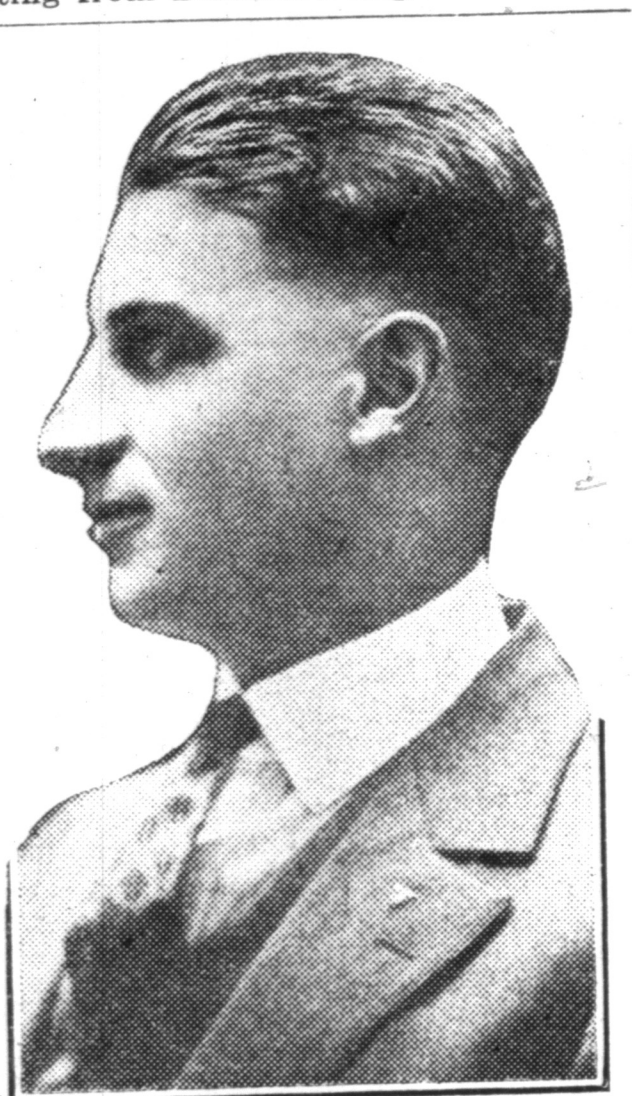

A number of people of this place attended the shower given for Mr. and Mrs. Frank McDougall.

Martin Boyle spent a few days here.

Our school closed on Wednesday and we are all glad to know our teacher, Miss O'Brien, is coming back.

Misses Grete and Muriel Fayes are writing the Normal entrance exams in Sussex this week.

It seems that just 25 years after E. E. Pinkham and Mrs. Pinkham were graduated from the first class of Freeport, Me. High school, in 1876, their daughter, now Mrs. Margaret Small, of Biddeford, was graduated from the same school. And the end of the third quarter of a century sees the representatives of the third generation, Miss Lucille and Miss Carol Smith, graduating from Biddeford High school.

PASSED AWAY

Frederick W. Nodwell

Frederick W. Nodwell, age 52 years, passed away at his residence, Main St. Sussex. Deceased was stricken suddenly on Saturday and died on Sunday evening, July 4th. He was in the employ of the S. H. White Co. for about 30 years, and of late had been with Alfred West, lumber merchant, of Coles Island, N. B.

He leaves to mourn his wife and one daughter Florence, also two brothers, Benjamin Nodwell, of Fredericton, and James, of Plumweseep, N.B.; also four sisters, Mrs. Wm. Davis, of Derby, Conn.; Mrs. Wm. Arnold, Rockville, N. B.; Mrs. Leonard Weaver, of Codys; and Mrs. George Gray, of Sussex.

The funeral was held on Tuesday afternoon at 3.30 o'clock from his residence, Main St., and was attended by a large number of surviving relatives and friends, and was the largest funeral procession seen for some time, which shows the high esteem in which the deceased was held. The Royal Black Knights attended and acted as pall bearers and dropped the evergreen in the grave, as a last token of respect to their departed brother.

The flowers were many and beautiful, including a broken circle from wife and daughter; pillow, from sisters and brothers; wreath, from nieces and nephews; spray, Mr. and Mrs. Clarence Reidie; wreath from Mr. and Mrs. L. Sprague; wreath on stand, from employees of West's mill; wreath from R.B.P. 880.

The funeral service was conducted by Rev. Canon Shewen and interment was made in the family lot at Sussex Corner.

Howard A. Ryan

After an illness of only one day, Howard A. Ryan, civil engineer in the employ of the New Brunswick Electric Power Commission, passed away in St. John on Tuesday evening, and the tragic suddenness of his death has been a great shock to his many friends.

Mr. Ryan ranked high in his profession and had been responsible for many important engineering works. He was most capable and exact and had he lived there was every probability that he might have been employed in the engineering work in connection with the development of Grand Falls.

Mr. Ryan had been a sufferer from heart trouble, but was apparently in his usual health on Monday. That night he was seized with a sudden attack and his death followed within about 24 hours.

He was born in Millstream, Kings Co., a son of the late Samuel Freeze Ryan of that place, and had only taken up residence in St. John about five years ago. His engineering work extended over a long period of years. He was employed as an engineer in the construction of the Central railroad between Chipman and Norton, and in the construction of the old Intercolonial Railway, as well as the construction work in this province of the Grand Trunk or National Transcontinental Railway. For the last three years Mr. Ryan was working for the New Brunswick Electric Power Commission. He was inspecting engineer for the construction work at Musquash in 1923, and during the investigation carried on by the Power Commission at Grand Falls, did much survey work.

He was a member of the Association of Professional Engineers of N. B., of the Corinthian Masonic Lodge at Hampton, and the Royal Arch Chapter of Sussex.

Mr. Ryan is survived by his wife, one daughter, Mrs. Robert DeLong, of Charlottetown, P.E.I., one brother, Cyrus A. Ryan, of Windsor, S., and one sister, Mrs. L. R. Murray of Sussex.

The funeral will be on Friday afternoon on arrival of train from St. John at 2.30, to Chalmers church, with interment at Berwick. Rev. A. V. Morash will officiate.

Mrs. Barber Virtue

The death of Mrs. Barber Virtue occurred at her home at Upper Wards Creek on June 13, following the birth of a baby girl on June 8. Mrs. Virtue was gaining strength until Sunday evening, when she passed away shortly before midnight. Only her husband, mother and father were at her bedside.

Mrs. Virtue was 30 years of age and was the daughter of Mr. and Mrs. Jos. Osborne, of Hammondsville. She was born in the U.S.A., but came to New Brunswick with her parents at six years of age. Surviving are her husband, two sons, Hazen, eight years of age, and Douglas, five, as well as the infant daughter. There are also three sisters and five brothers besides her parents. The sisters are Mrs. Joseph Rogers, Barnesville; Mrs. Walter W. Wallace, Great Salmon River; Jessie and Tressa, at home. The brothers are Fred, Poole; Leonard and Lester Medford, Mass.; Nelson and Joseph, at home.

The funeral took place on Tuesday morning with service conducted at the home and at the church by Rev. Mr. McPherson, of Sussex. Interment was made in the Bald Hill cemetery at Upper Wards Creek. The floral tributes were many and beautiful.

THREE FOREST FIRES IN JUNE

Fredericton.—The first forest fires in New Brunswick this season have been reported to the Forest Service Branch of the Provincial Department of Lands and Mines, but fortunately they have not been of a serious character. In fact the damage has been the lowest for the month of June experienced during the past eight years at least, according to the Department of Lands and Mines record. Last year, which was one of the lowest on record, twenty-seven fires occurred during June bringing the total for the season to this time up to 89. This year the total to the end of June is 3.

"There must be no relaxation of precautions just because there have been few forest fires to date this season in New Brunswick and because rainy weather has been frequent," said a Forest Service official. "Picnickers and fishermen going into the woods must be equally careful in a wet season, if forest fires are to be prevented."
