BRILLIANT SUCCESS OF SUSSEX STUDENTS

Graduation Examinations at Dalhousie University Reveal Stellar Work of Former Sussex High School Graduates.—Result of Application to Studies and Excellent Grounding in Home School.

The pass lists of Dalhousie University, as published in the Halifax papers of May 7th and 8th, give practical evidence of the efficiency of the teaching staff of the Sussex school, and its general management, and present a formidable list of graduations and honors won by all the Sussex students at this well known university, and it should be a matter of pride to the citizens of the town that all these six students, have, or are making good

Heading the list of Sussex graduates we find the name of D, J. F. Forbes, son of Mr. and Mrs. James Forbes, who has won his B. A. with honors in Economics and Politics, being one of two students to graduate with honors. Fred has an enviable record in scholastic successes. He led his class in High School Entrance examinations and again led his class in Grade XI. He led the province in the N. B. Matriculation examinations in 1922 and was awarded a Lord Beaverbrook Scholarship. He entered Dalhousie in the fall of 1922 and was awarded the Charitable Irish Society Scholarship in 1924 and was on Tuesday last awarded his degree of Bachelor of Arts with Honors.

Another name appearing on the list of graduates is that of Dorothie Berry, daughter of Mr. and Mrs. Arthur Berry who became a B. A. with distinction. Dorothie graduated from Sussex High School in 1922 with a splendid record and took a high first class in the N. B. Matriculation Examinations of that year, and spent her freshman year at the University of New Brunswick, transferring in her Sophomore year to Dalhousie University, where on Tuesday last her four yeasr work was crowned by the award of Bachelor of Arts with distinction.

Olive S. McKenna, daughter of Mr. J. D. McKenna, another Sussex girl who has successfully completed her course at Dalhousie and ranks high in the list of graduates. Olive received the earlier portion of her education in Sussex, continuing it at Netherwood, graduating from this well known girls school. She successfully wrote the McGill matriculation examinations. After spending a year at Normal school and receiving a first class teachers license she taught at Centreville for one year and entered Dalhousie in 1923, from which University she was awarded the degree of Bachelor of Arts on Tuesday last.

The Record extends its hearty congratulations to Mr. Fred Forbes, B.A., Miss Dorothie Berry, B.A., and Miss Olive McKenna, B.A., on having attained the distinction of Bachelor of Arts.

Among the undergraduates we notice the names of the following young ladies, who received most, if not all their earlier schooling in Sussex.

E. Alice Atherton, daughter of Mr. and Mrs. J. P. Atherton. Alice received her entire education in Sussex school and was always a successful student. She graduated from Sussex High school in 1924 and parsed the N. B. Matriculation Examination with a high first class and was awarded a Lord Beaverbrook Scholarship. She entered Dalhousie in the fall of the same year, ranking first in the entrance examinations, was awarded the first "George H. Campbell Memorial" Scholarship. At the end of her Freshman year she again led her class and was awarded the "Bruce Scholarship" and at the end of her Sophomore year has again been successful, winning the "Allan Pollock" Scholarship. The class marks show that Alice has obtained high first class distinction in both English and Latin and first class distinction in History, thus paving the way for graduation with honors or distinction. During her Sophomore year Alice was leader of the Co-ed Debating Team and was awarded her Debating Ring at the closing; she also received her D for basketball. Alice will be a Junior next year.

Kathleen D. Miller, daughter of Mrs. Andrew Miller, is another undergraduate of Dalhousie, who received her education in Sussex school and always ranked among the first three in her class. She graduated from High School in 1924 with an exceptionally high mark and obtained a high first class in the N. B. Matriculation Examinations written the same year. Kathleen entered Dalhousie in the fall of 1924, wrote the entrance examinations successfully and was awarded the "Sir William Young" Scholarship, and at the end of her freshman year was again successful in winning a "George H. Campbell Memorial" Scholarship. The marks just published show that Kathleen has obtained Distinction in Latin and French, thus paving the way for graduation with distinction. Kathleen will be a Junior next year.

Elizabeth Colpitts, daughter of Mrs. Colpitts, is another Dalhousie student who is doing credit to her home town. Elizabeth always stood high in her grades at school graduating from Sussex High School in 1925, she received a high first class in the N. B. Matriculation Examinations and was awarded a "Lord Beaverbrook" scholarship. She entered Dalhousie in 1925 and was successful in winning a "Sir Wm. Young" scholarship in the entrance examinations. In the recent pass lists we note that she was awarded the third "George H. Campbell Memorial" and "first University" scholarship jointly with another student. Elizabeth will doubtless elect to take either an Honor or Distinction course during her Sophomore year, thus following in the footsteps of her fellow students from Sussex.

The Record congratulates these three young ladies on the result of this years examinations which reflects credit on them and also on the school where they received their earlier education and the town which they represent.

The citizens of the Town of Sussex cannot help but have a feeling of elation and satisfaction when reading the above record of some of the boys and girls who received their earlier education in Sussex. Elation because of their being citizens of Sussex, and satisfaction that the money paid for public school education in Sussex is enabling these boys and girls to compete successfully with others from the Maritime Provinces and Newfoundland. And this only partly tells the story of a few graduates from Sussex school. We have students at U. N. B., Acadia, Mount Allison, McGill and other universities, all of whom are doing splendid work, and the Record would very much appreciate having the pass lists and calendars of these universities as the progress of these young men and women is naturally interesting to all the citizens of the town and the teachers who have been responsible for their early school training.

We can also look back to many successful students of past years, such as R. St. J. Freeze, who won the coveted Rhodes scholarship; Dinean, Chestnut, Morrison, Reid, Singer, and many others who obtained their education here and this is not the end, for we venture to say that there are very few, if any, students, who graduated from Grade XI in Sussex, who are not more than holding their own in their chosen walk in life, and we will even go further and say, that we do not believe any town or city in Canada can offer a better record of success of its school graduates in proportion to its population, than Sussex School.

APOHAQUI

May 11—Herbert Nickerson, of Montreal, was a guest of his aunt, Mrs. A. H. Wilcox and Mr. Wilcox last week. Mr. Nickerson represents the Martin Senour Company for paint and varnish.

Mrs. Inkerman Secord, of Lowell, Mass., arrived today, having been called home by the death of her mother, Mrs. Nelson Secord.

Mrs. Edward Parlee, of Moncton, spent a few days recently with Mrs. Henry Parlee.

Mrs. Fred Keirstead, of Norton, is visiting her mother, Mrs. Edward White.

Albon Perry, of Campbellton, was a guest of Harry Parlee, on Thursday of last week.

Thomas Gray, Cedar Camp, was a guest of Mr. and Mrs. A. H. Wilcox on Thursday last.

Mrs. Jack Crawford and children, of St. John, are guests of Mr. and Mrs. R. B. Reid.

R. B. Reid has returned from Upham where he was a guest for the past two weeks with Mr. and Mrs. Lewis Reid.

Mrs. Burton Doherty and little son Roy, of Riverside, spent a few days recently with Mrs. Henry Parlee.

CHAMBER'S SETT.

May 10—The heavy snow storm on Saturday made it appear that winter had returned, although swallows have been reported in the vicinity. Roads are open once more for vehicles, and we expect in a short time to see the autos again on the route.

Mrs. Wm. Dalling, who has had an attack of the influenza, is not convalescing as rapidly as her friends would wish to see her.

John Fanjoy is at present employed with Samuel Tranton, Roachville.

Mr. and Mrs. James Fanjoy entertained a number of their friends on Wednesday evening. The evening was spent in playing cards and dancing. Among the guests were Frank McShane, Cedar Camp, and Cedric Buchanan, Waterford.

John Dalling has returned from his vacation, spent in Amherst, with relatives and friends. He reports that Nova Scotia has had her share of snow as well as New Brunswick.

Mrs. Wm. Leggett and family spent Friday afternoon the guests of Mrs. Ben Fanjoy.

Norman Chambers has accepted a position with Lemuel Dalling.

Mr. and Mrs. Ira Fanjoy and son Garfield spent Sunday guests of Mr. and Mrs. Benjamin Fanjoy.

Misses Greta and Viola Fanjoy, Gertrude Widbur and Annie Carr were guests of Mr. and Mrs. Wm. Armstrong on Friday evening.

George Chambers, Cedar Camp, was calling on friends here on Monday.

John Dalling, Willow Farm, was the guest of George Fanjoy for the week end.

Our local weather prophet, William Carr, has predicted a week of soft weather, with a few warm rains.

Harold Dalling spent Sunday with friends in Cedar Camp.

Mr. and Mrs. James Fanjoy and son Emerson, and Miss Gertrude Widbur were guests of Mr. and Mrs. Jas. Carr, Crows Nest, on Sunday last.

Harvey Dalling, who has been detained at home on account of his mother's illness, has returned to Sussex to resume his studies in the High School.

Misses Annie and Jane Dalling spent Sunday the guests of Misses Sear, at Cedar Camp.

CLEAN-UP DAY THURSDAY, MAY 20TH

Have Garbage Placed on Gutter-side and Teams Will Take it Away.—Remember the Day and Date, Thursday, May 20th.—Do Your Part in Making Town Cleaner.

Clean-up day this year in the Town of Sussex has been set for Thursday of next week, May 20th.

Citizens are requested to gather up any rubbish that may litter their premises and place same at the edge of the street gutter, and the town teams will remove same free of charge, and deposit on the town dump.

The home tells the story—the home is the reflection of the people who live in it; and so the condition that home presents to the passing eye is a more or less faithful indication of the habits of the occupants. Fine character is revealed not by the front windows, nice and trim for the sake of a spurious respectability, but by the back windows. Here indifference or a tendency to slovenliness soon makes its untidy presence known.

The average householder has the best of intentions, the rubbish that litters the yard or gets itself blown, or pushed against the back gate into the corners, is evidence (often) of nothing worse than a crowded day succeeded by a weariness of eventide, which is content to decree a thorough clean up on a day that never appears.

Yet in a town, particularly the back yard should and must be the precious area devoted to the real life of the household; here the flowers will bloom and the grass become trim and green and here, removed from the public gaze and the passing traffic, enjoy the refreshment of relaxation and the pride which goes inevitably with a pleasant, colorful environment.

The Clean-up and Paint-up campaign should find a willing recruit in every home. The winter has left its debris, and the spring has spread the rubbish of the neighborhood over gardens, yards and approaches.

Self respect will decree that Sussex, a town of homes, shall make those homes as bright and healthful and attractive as a little determined energy can effect. If the house doesn't need paint, perhaps the screens do, at least look them all over, give a glance at the fence, observe if the borders are trim and the window boxes in shape, for their special purpose.

But most certainly get rid of the rubbish, and stamp the character of self-respect and cleanliness on the back of the house, as well as the front.

Make Thursday of next week a real genuine clean-up day. Do not wait until Thursday to begin—but have everything in readiness on Wednesday night for the teams that are to call around on Thursday. See that the premises are put in a tidy condition, and make the clean-up days next week a pronounced success from every viewpoint.

Remember the date—Thursday, May 20th.

GARNETT

May 11—The snow has disappeared rapidly, though Saturday brough a rather severe storm for the time of year. Several autos made their appeaarnce on the roads on Sunday.

Mr. and Mrs. Cyril Moore and family accompanied by Clement Moore, of East St. John, motored to Garnett and spent Sunday at the home of Edward Moore.

Miss Louise Garnett, of St. John, is spending some time at her home here.

Mrs. Geo. Garnett is visiting her husband, who is a patient at the G. P. H., Saint John.

What might have been a serious accident took place around the first of the week when seceral boys were enjdying a game of baseball, the catcher having the misfortune to get a severe blow on the forehead which rendered him unconscious for a few minutes.

Farming operations have started in this section. Mr. J. C. Stewart is plowing and others have begun to harrow,

Those who have been confined to the house on account of the "flu" are able to be about again.

Mrs. Thos. Moore is fairly well again after her recent illness.

Mr. Thos. Porter, accompanied by his sister Bessie, attended the funeral of Mrs. Russell Mullaney in St. Paul's Episcopal Church, Saint John, on Friday last.

Spring beauties made their appearance a week ago. We Lail with delight the return of the spring flowers, which tell us that winter storms are past.

Friday, May 14, has been appointed by Inspector Marr as Arbor Day for inspectoral district No. 6, Saint John county. We hope the weather may be warm so that the several districts may have a chance of beautifying their surroundings. It is wonderful how much a few shrubs and trees add to the appearance of a place. It must be pure negligence on someone's part when we see school grounds void of either a tree or a flower.

The death of Mrs. Alice Marion, wife of Russell J. Mullaney, occurred in Brooklyn, N. Y., on May 3. She was a daughter of Mrs. and the late Thos. P. Jordan, of Loch Lomond, and died following a brief illness of pneumonia. She is survived by her husband, mother, four brothers, and two sisters. The brothers are John N., manager of the Massey-Harris Co. at Saskatoon, Sask.; Thos. J., Stanley B. and William F., all of Loch Lomond. The sisters are Misses Bessie A. and A. Margueritt, at home.

The funeral was held on Friday afternoon from St. Paul's Episcopal Church. Funeral services were conducted by Rev. C. W. Follet. Interment at Fern Hill.

COPPER ORE IN KINGS AND ALBERT COUNTIES

Mineral Located in Two-square-mile Area at Upper Goshen.—First Assays Made Reach $15.00 a Ton. —Mining Engineer from Montreal Will Make Further Investigation.

The discovery of comparatively high grade copper ore has been made three miles from Elgin, in the Upper Goshen district in Albert County, and adjoining part of Kings County. Preliminary examination of the deposit has already covered an area of about two square miles and the border line of the deposit has not yet been reached, according to those who have been making the investigations. Assays made at Ottawa indicate the ore value as high as $15 per ton. Edward Smith, of Anagance, who has had considerable experience in mining of other ores is in charge of the search and with him is associated Harry O'Connor, of Upper Goshen.

Work of examining the area has been going on during the last six months, as weather permitted, and during that time shafts several feet deep have been sunk over an area of at least two square miles. Copper ore has been found in every instance, in most cases from within 16 inches of the surface to as far down as the diggings have been made.

Messrs. Smith and O'Connor state that a valley about 150 feet deep runs hrough the property examined and the ore has been found both on the heights and in the bed of the valley.

The story of the discovery of the ore deposit sounds quite romantic. It appears that some three years ago when the spring tides ran high a freshet carried away part of the highway at Upper Goshen, opposite the farm of Bunyan Graves. To fill in the washout the roadmasters hauled stone from the farm of Hazen Hayward. In the summer of 1925, it is stated, Harry Foster, of Salisbury, while fishing the upper reaches of the Kennebecasis, paused for lucheon at the spot where the fill had been made. Foster happened to pick up a piece of rock to examine it, his curiosity having been excited by an unusual color to the rock. He was in the act of breaking the rock when Graves happened along and in reply to the latter's query Foster stated that he held in his hand some valuable copper ore. Graves' interest was aroused; he took out a license to search and during the course of the next few months he made personal investigations and sent samples of the ore to the government assay office.

The latest developments in the situation is the expected arrival of several mining engineers of a well known mining company at Montreal. They will be on the ground before the month is out and will make a thorough prospect of the property. So far the ore has been found on the farms of Jerry Layden, Harding Graves, Milford Hayward Warren Purtle and John Higgins.

PENOBSQUIS

May 10—The Penobsquis Womens Institute met at the home of Mrs. C. L. Robinson on Thursday evening. Seventeen members and three visitors were present. A large amount of correspondence was read by the secretary. Miss Gussie Pugsley was appointed delegate to Provincial Institute at Fredericton in June, with Mrs. W. Bannister substitute. Committee reported bedding sent to Home at Coverdale. An excellent paper on Our Flag and Empire was read by Miss Stella Crandall and was much enjoyed by all. A contest was carried out under the direction of Mrs. H. A. Wallace and Mrs. H. Lisson. Refreshments were served by Mrs. Bruce McLeod, Mrs. H. A. Wallace and Mrs. L. J. Murray. The meeting closed with the National Anthem, the June meeting to be held at the home of Mrs. William tSewart.

The Womens Auxiliary Society met for their regular monthly meeting with Mrs. Marshall Stewart on Friday afternoon.

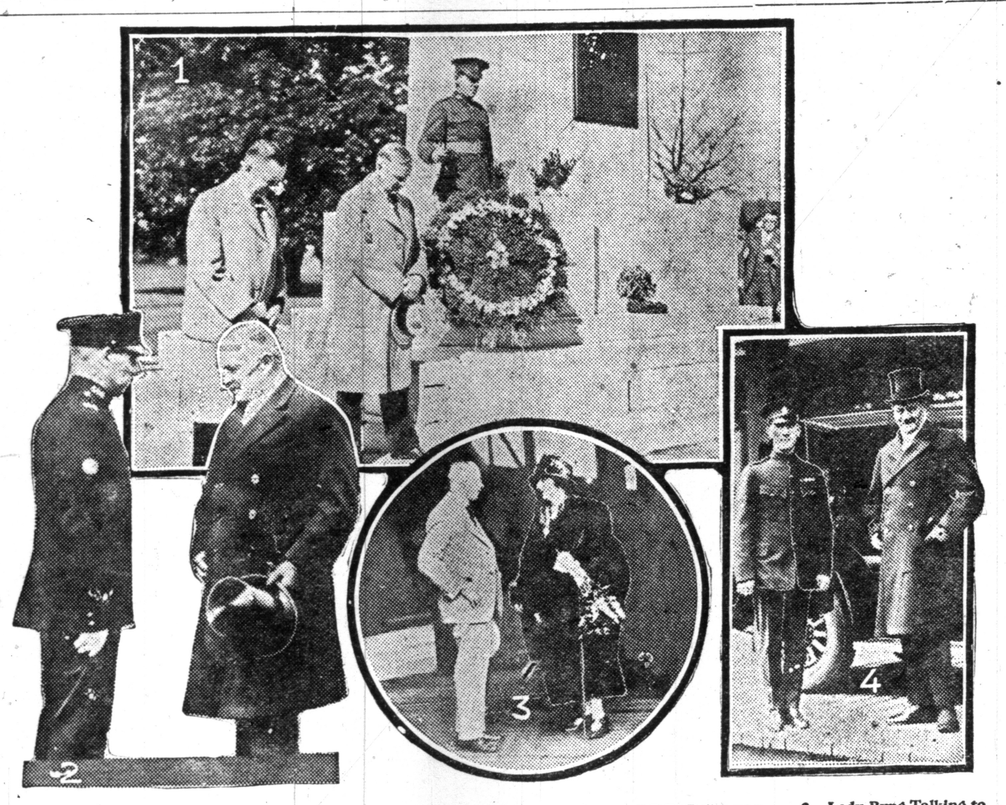
George Weldon, Hampton, was visiting relatives here last week.

Mrs. Ernest Wilson, Petitcodiac, spent the week end at J. W. McLeod's.

A reception was held at the home of Mrs. Mary Clain for Mr. and Mrs. Warnick Bonnell.

Mr. and Mrs. M. R. Welling and Mrs. L. J. Murray and Russell Murray spent Sunday at the Marven Farm with Mr. and Mrs. F. L. Smith.

Friends of Mrs. Walter Murray are sorry to hear that she is ill with pneumonia. All wish her speedy recovery.



1. The Wreath Placed by Lord Byng at Vancouver. Mayor L. D. Taylor of Vancouver. 2. His Excellency Talking to C.P.R. Policeman 3. Lady Byng Talking to 4. Governor-General Byng and Sid Heasman, his former chauffeur in France.

Final Official Tour of Governor-General Byng

Lord Byng, Governor-General of Canada, and Lady Byng made a tour of Canada recently, leaving Ottawa on a special Canadian Pacific Railway train for the trip. This was the last tour the Governor-General made officially across the Dominion. The vice-regal party bade farewell to the great granary of the West, the Canadian Rockies and the Pacific Coast.

From Ottawa the party went on an eleven-hour non-stop run to Windy Lake in the mining district of Northern Ontario where they rested for the night. The next day they left for Nipigon and on to Twin Cities, Port Arthur and Fort William, at the head of the Lakes. The party spent several days in Winnipeg, where Lord Byng saw several of his many friends.

The train made an overnight stop at the Indian Reserve at Morley, continuing the following morning through the Rockies where they viewed some of the world-famous beauty spots at Wapta, Field, Twin Butte and Notch Hill.

On the way across Lord Byng suffered on account of his leg, but at Vancouver he was sufficiently recovered to receive the ovations of huge crowds of cheering citizens. Here Lord Byng attended public receptions and laid a wreath on the monument "To Our Glorious Dead, 1914-1919." His Excellency planned to be back in Ottawa by June 1.

MAY MEETING OF APOHAQUI WOMEN'S INSTITUTE

The May meeting of the Apohaqui Women's Institute was held at the home of Mrs. Benjamin Northrup, on Wednesday evening, May 5th. The meeting opened with the singing of O Canada. The president, Mrs. Thos. Humphrey, was in the chair. Roll call was responded to by 14 members, who gave the name and a few remarks concerning the spring birds. The minutes of last meeting were read and approved, and considerable business, arising out of the same, was dealt with. Correspondence read by the secretary included a number of communications relative to the annual convention which is to be held at Fredericton in June. Questionnaires from the department, which had been received by the secretary, were distributed among the various convenors, Mrs. Ivan Wright, Mrs. W. E. Moore, Mrs. C. P. Leonard, Mrs. W. T. Burgess and Mrs. Harley S. Jones.

Red Cross sewing was distributed among the members to be made and forwarded to the Red Cross depot. Mrs. Jones reported having interviewed a prominent member of the Masonic Order, regarding the procedure toward sending a child to the Shriners Hospital for treatment.

The paper on Social Hygiene which had been forwarded the Institute was read by the president. Mrs. Harley Jones and Mrs. W. T. Burgess were appointed delegates to attend the annual W. I. convention with Mrs. R. B. Reid as substitute. Refreshments were served by Mrs. Northrup, assisted by Mrs. R. B. Reid, Mrs. J. L. Wallace, Mrs. W. T. Burgess, and Mrs. Harley Jones.

REPORT OF SNIDER MOUNTAIN SCHOOL FOR MONTH OF APRIL

Grade V—Carrie Brown 88; Verna Brown 87; Lucy Bunnell 86; Eva Long 84.

Grade IV—Roy Bunnell 98; Eslie Long 77; Alice Reade 74; Neta Brown 64.

Grade IIIa—Ernest Brown 68; Harry McKnight 57; Ray Stein 57; Austin Brown 47.

Grade IIIb—Norma Brown 86.

Grade Ia—Velma Reade 90; Helen Brown 87; Tressa Stein 82; Eleanor Simpson 75.

Grade Ib—John Brown 83.

Grade Ic—Roy Stein 87; Eliza Stein 84.

Pupils on roll, 21.

Teacher, Florence L. Parlee.

The world uses up an average of about three million needles a day.
