PORTAGE VALE

March 29—During the past week the roads have been about impassable for teams. Mr. Bustin, our genial mail courier, did his trips on foot.

One farmer hauled a beef to Anagance by hand sled, while another, in the same manner, delivered a box of butter at the station.

Edward T. Smith, who conveys the mail from Anagance to Corn Hill and Hill Grove, started with his horse on Saturday morning, but had only gone a short distance when the animal got down in the deep soft snow and serious results were feared for the animal's life, before he was got out of his serious predicament. Mr. Smith made his trip on foot.

The past two nights, which have been very cold for the time of year, will improve the roads so they will be passable again, until it thaws.

Harold Teakies and Melvin Graves, who have been working in the lumber woods near St. Martins, have returned to their homes.

Harvey Doull was in Moncton on Saturday on business.

Stanley Hall, who is manager of Coun. Ross Brown's fox ranch at Anagance, while in the lookout recently, had a narrow escape from a bullet. It is supposed to have been fired from a gun by some boy at target practice.

Coun. J. L. Murray, Penobscis, was in Anagance two days last week on business.

A valuable purebred collie dog had to be destroyed at Marven's White Lily Farm, recently, having been affected with rabies.

Harvey Graves, who has been working at Nerepis for several months, is the guest of Mr. and Mrs. S. Bustin.

Mr. and Mrs. Chesley Dunfield, who are seriously ill at their home in Anagance, are not improving as fast as their friends would wish.

A splendid improvement has been established at White Lily Farm, re their mail service. Hitherto they had to drive several miles to get their mail. The post office department has arranged to leave a mail bag each day at White Lily Farm siding. The service will be much appreciated by Mr. Smith and the staff. The service began Monday night.

Two beautiful guinea fowl have been added to the White Lily Farm.

Today, Monday, March is showing itself with a vengeance. A strong west gale is blowing the fine snow in a very disagreeable manner, which gives us the most unfavorable weather we have had for several weeks. However, April will soon be here.

OLD AGE PENSIONS BILL

Provisions of the Old Age Pensions Bill, which the Dominion Government intends to bring down in the House, are:

(a) Maximum pension to \$240 per annum, subject to reduction by the amount of the income of the pensioner in excess of \$125 per year.

Pensions to be paid every person who, at the date of the proposed commencement of the pensions—

(a) Is a British subject or being a widow, was such before her marriage.

(b) Has attained the age of seventy years.

(c) Has resided in Canada for twenty years immediately preceding the date of commencement of pensions.

(d) Has resided in the Province in which application for pension is made for the five years immediately preceding the date of commencement of pension.

(e) Is not an Indian as defined by the Indian Act.

(f) Has not made any voluntary assignment or transfer of property for the purpose of qualifying for a pension.

Pensions are to be on a half and half basis with the provinces.

The Bill will empower the Dominion Government to make an agreement with the Government of any province "for the payment to such province quarterly on an amount equal to one-half of the net sum paid out during the preceding quarter by such province for pensions pursuant to a Provincial Statute," authorizing the payment of Old Age Pensions under the conditions indicated above.

Every agreement so made with a Provincial Government will continue in force so long as the Provincial Statute remains in operation or until after the expiry of ten years from the date upon which notice of an intention to terminate the agreement given by the Lieutenant-Governor of the Province.

Before an agreement with a Province comes into operation, the Dominion Government is to approve the scheme for the administration of pensions proposed by the province. No change is to be made in the scheme without the approval of the Dominion Government.
