BUCHANAN BROS. WILL FURNISH NEW DESKS

MADE IN SUSSEX, N. B., BY THE WALLACE MANUFACTURING CO.—NINE FIRMS IN MARITIME PROVINCES AND ONTARIO PRESENTED TENDERS

(From the Saint Croix Courier, St. Stephen, July 29th)

The contract for supplying the required number of new desks for the Marks street school now being renovated has been secured by Buchanan Bros. Nine firms in the Maritime Provinces and Ontario presented tenders and the committee is pleased that a local firm representing a Maritime product submitted the most satisfactory bid.

The new desk is manufactured by the Wallace Manufacturing Company, of Sussex, N. B., and their product was accepted only after a careful study of the various types of school desks by the members of the School Board Committee who had this work in charge.

Later on, word was received both from the N. B. Board of Education and from the St. John Board of School Trustees that this was the very type of desk which they would approve and recommend. The new desks and chairs are separate and can be adjusted to suit children of various sizes.

It is the story of one man who faced the Klondike alone, without friends or money, and tells how he won the hard fight for the thing he came to seek in that country and the love that he found.
