PENOBSCUIS

Sept. 20—The regular monthly meeting of the Penobscuis Womens Institute met at the home of Mrs. E. McKenzie on Wednesday evening. Meeting opened with O Canada, followed by roll call and minutes of last meeting. The committee appointed to make and send posters to Toronto Exhibition reported that same had not been done. Report of blueberry picnic showed that proceeds would exceed \$10.00. Several reported on convention at Apohaqui. A letter was read from Miss Dykeman, convener of public health and child welfare, and decided we write her to the effect that our Institute did not feel equal to help maintain a public health nurse for the county. Correspondence was also read from other sources, also a letter of thanks from Miss Jennie Robinson of the Interprovincial Home at Coverdale, thanking the Institute for contributions sent. An order for two tufted bedspreads was brought before the meeting and it was decided we make them. At the close of the meeting refreshments were served by Mrs. Wm. Stewart, Mrs. Herbert Lissou and Mrs. Wm. Teakles. The meeting closed with the national anthem. Miss Grace Harrison, Gondola Pt., is visiting friends in this place. Miss Jean Wallace was operated on at the Frances Sproul Hospital on

Dr. Robinson was born in 1836, was graduated from the University of Pennsylvania in 1857 and has been in active practice ever since, fully 69 years. He practised for a time in the Canadian West.

A FAMILY MEMORIAL

should be a record for the ages

The extra cost of a good monument over the other kind is a duty to those who come after quite as much as to those who remembered. The value of our guarantee is evident in thousands of monuments erected by us from Halifax to Campbellton during the SIXTY YEARS we have been in business. Write for design booklet to MONCTON, N. B.

NEWS OF THE WORLD IN BRIEF

If there were a little more talk of the privilege of living in Canada—a country of plenty, a country of decency, a country of high standards in matters affecting character, where law and order and education and culture are not less respected than money but more—If I say, there were more talk of the privileges of Canadian citizenship, we would find fewer trekking toward the American dollar. So said Col. Rev. Wm. Beattie, D.D., C.M.G., former director of chaplain services, C.E.F., now minister of First United Church, London, Ontario, preaching in Ottawa. Miss Helen McMillan, M.A., daughter of W. R. and Mrs. McMillan, of Jacques River, N. B., has sailed from Vancouver for Korea, where she is to join the Korea Mission of the United Church of Canada, in the same field where her aunt, Dr. Kate McMillan, spent twenty years as a medical missionary and died two years ago. The non-stop flight, New York to Paris, ended in disaster as start is being made. As the big plane was descending an incline preparatory to taking off, one of the wheels on the extra landing gear buckled, causing damage to the gasoline tank. The machine immediately burst into flames. Commander Fonck and pilot Curtin leaped to safety, but radio operator Clavier and mechanic Islamoff were trapped and burned to death. Declaring that this is the psychological moment for hastening the disarmament conference of the League of Nations, Paul Boncour of France has introduced a resolution before the assembly's disarmament commission urging that all preparatory studies be ended this year, if possible, to allow a general world-wide conference before the next meeting of the League of Nations. Mr. Boncour urged that such a conference should declare a decree of an armament holiday for a certain period of years, the scale of disarmament to be based on the present state of preparedness in the various nations. Col. Joan de Almeida has been relieved of his post as Governor of Cape Verde on a charge of treason and is reported to have fled the country. The official announcement says Almeida had notified various regiments that the Government had resigned and that General Carmona had been named president of the republic and had charged Almeida with organizing a Cabinet. The Government circles confidently count on the support of the army and navy. After weeks of wild escapades, travelling over mountain trails and forest pathways, Charley Ed. sheik of the circus elephants, who, along with four companions, escaped from his keepers, has been captured near Cranbrook, B.C., none the worse for his mad career, which put fear into the natives of the Cranbrook district and hundreds of men, including Indian guides and animal trainers, on his path. Approximately 1,000 persons were reported killed, thousands injured and 35,000 rendered homeless in the West Indian hurricane that lashed the lower east coast of Florida on Friday night and Saturday, and swept across the state into the Gulf of Mexico on Sunday. Property damage was estimated at between \$25,000,000 and \$125,000,000. Miami, Miami Beach, Fort Lauderdale and the Moore Haven vicinity, 75 miles northwest of Miami, were the heaviest sufferers. Forty white women and children were reported drowned in the Lake Region around Moore Haven, and the death toll for that section was estimated at 140. Unconfirmed reports said that bodies were strewn along the road between Moore Haven and Clewiston. One hundred and fifty were reported dead at Miami Beach, 80 at Miami and 100 at Fort Lauderdale. Hollywood and other suburban cities of Miami suffered a heavy losses. The gale, reaching a velocity of 120 miles at Miami Beach Saturday, whipped across the Everglades and had an estimated intensity of between 75 and 90 miles an hour when it passed over the west coast into the gulf Sunday. The west coast was spared of casualties, but heavy damage was done to citrus fruit, growers and shippers said. Miami was without drinking water from Friday evening until Sunday. Shipping in the Miami harbor was hard hit and thousands of buildings were reported damaged. Water was knee deep in the streets, persons arriving at West Palm Beach from Miami said. The Pullman Company offered its full resources in equipment to carry doctors, nurses, food, water and supplies into the stricken area. Causing a Chinese diplomat to lose his temper chalked up another record for the Geneva conference.—Indianapolis News.
