

The Sealed Chassis "Shower Bath" furnishes striking proof of McLaughlin-Buick dependability.

It may be difficult to believe that any motor car chassis could run under its own power with water hitting it in a drenching shower.

But the McLaughlin-Buick chassis did it. Water cannot get in, dirt cannot reach McLaughlin-Buick operating parts. Even the electrical wiring is sealed inside waterproof, fireproof, flexible tubing.

McLaughlin-Buick is ready for any road and any weather, thoroughly prepared to give McLaughlin-Buick owners thousands and thousands of care-free, trouble-proof miles.

The new low GMAC financing rates are available to purchasers of McLaughlin-Buick on time.

The Better McLaughlin-Buick leads in registration all cars in its price range.

RIVER PLAYS GHOST IN FRENCH VILLAGE

The belief of the inhabitants of the village of Suaucourt, near Gray, in France, in the department of the Haute Saone, that all the houses in the village are haunted, has led to an interesting geological discovery. For nearly twenty years the priest has been pestered by parishioners with stories of mysterious spirit rappings. Reports became so persistent

that he spent a night in one of the haunted rooms, and was obliged to confess that he heard inexplicable rumblings and rushing sounds.

The village is on a rocky broken plateau, and he set out to explore the surroundings in detail. He was soon surprised to find small fissures in the rocks, from which on very cold days vapor issued.

He sent to Paris for a scientist, who after a fortnight's research with microphones and special apparatus, has

determined the existence beneath the foundation of the village of a huge subterranean cavity.

This scientist estimates to be at least 600 feet deep, and separated into two sections, in the bottom of which is a roaring river. The action of the waters of this river produces from time to time collapses of rock and mysterious rushing sounds.

Where you start doesn't matter. It is what you start.

SOUTHFIELD

July 12—Nelson Osborne spent Sunday at his home.

Ernest Davidson was in this place on Sunday and was accompanied by his friend, Fred Campbell.

John Slattery spent a day in Norton recently.

The three masted schooner Reinhart, Capt. Tower, is loading at Herring Cove with lumber, shipped by

Do flies like your cooking?

REMEMBER, flies are more than troublesome. They come from filth to food. Get rid of them with Flit.

Flit spray clears your home in a few minutes of disease-bearing flies and mosquitoes. It is clean, safe and easy to use.

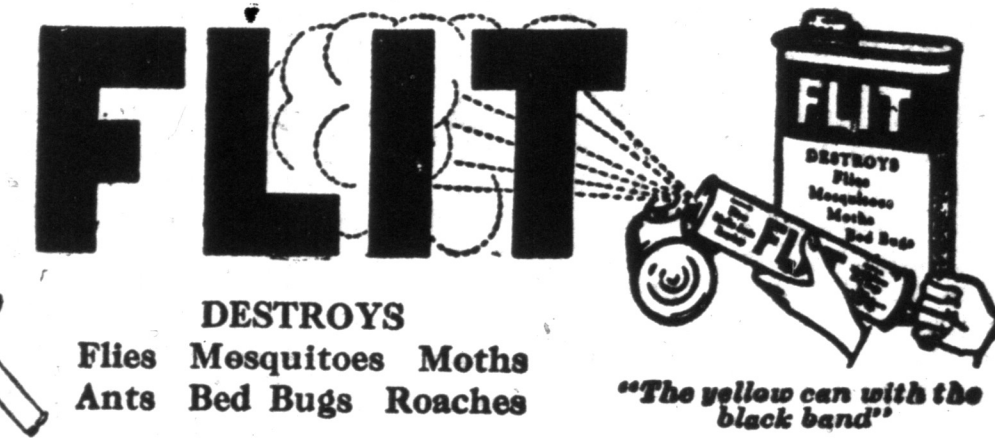

Kills All Household Insects

Flit spray also destroys bed bugs, roaches and ants. It searches out the cracks and crevices where they hide and breed, and destroys insects and their eggs. Spray Flit on your garments. Flit kills moths and their larvae which eat holes. Extensive tests showed that Flit spray did not stain the most delicate fabrics.

Flit is the result of exhaustive research by expert entomologists and chemists. It is harmless to mankind. Flit has replaced the old methods because it kills all the insects—and does it quickly. Get a Flit can and sprayer today.

STANDARD OIL CO. (NEW JERSEY)

Distributed in Canada by Fred J. Whitlow & Co., Toronto.

M. G. White. The lumber is being scowed from Waterside, Alma and Pt. Wolfe.

mother, Mrs. Mary Cleveland, came here last week having motored in two cars from Beverly, Mass. They are occupying Mrs. Mary Cleveland's house Dr. John and James spend part of the time in whipping the lakes and nearby streams. They bring home each afternoon baskets of nice speckled beauties.

LOYALTY

Among the virtues none is more commendable and none more exploited as desirable and necessary than that of being loyal. Its opposite, treason, is perhaps, the most despised of crimes. Governments recognize it as the acme of disgraceful conduct and elevate it to the top of the list of major offences punishable with the supreme penalty, death.

Loyalty to friends, loyalty to self, loyalty to country! What will one not sacrifice for the sake of being loyal? Christians have suffered martyrdom for loyalty to their principles; patriots have died because of loyalty to their country; men have endured calumny and ostracism out of sheer loyalty to their friends; Christ paid the penalty in crucifixion for loyalty to His Heavenly Father.

As a lad I was early taught by my companions that the most despicable of offences, the unforgivable sin of society, was talking out of school; tale-bearing or telling the secrets of the "bunch." Who is more unwelcome and held in less esteem than he who is suspected of repeating what is told him in confidence or of telling what takes place in the privacy of friendly gatherings?

Water-driven autos are said to be possible. If drivers always stick to water, there won't be any trouble.—St. Catharines Standard
