## "GO WEST" AT IMPERIAL TONIGHT

THUR.-FRI.-SAT. — THE YEAR'S COMEDY HIT — THE WHOLE COUNTRY IS ROCKING WITH LAUGHTER—YOU DON'T KNOW WHAT REAL LAUGHTER IS TILL YOU'VE SEEN THIS JOY-RIO! — MATINEE SATURDAY.

"Go West" is Buster Keaton in his best yet, by a wide margin. The whole production has been filmed on the grand scale, and with a background that is in itself better than the average "Western." It is top-grade entertainment, and recommended particularly to those who ordinarily do not patronize the movies. The surprising thing about the picture is the high proportion of new stuff, comedy action that has never before been filmed.

How much more weight the above words assume when you know they were written by Palmer Smith, and printed in the Evening World when "Go West" had its preview showing at the Capitol, New York City.

And the other papers? Listen: "It is rich and uproarious, with countless novel comedy twists," said The Times. "The Capitol audience simply doubled up and screamed," The Mirror reported. "We have not laughed so heartily for some time as we did over the absurd adventures of his gloomy couple (Buster and his cow, Brown-eyes) down on the ranch."

You can't help laughing, for in "Go West," Buster has laid enough gags and roars end to end to rock the world. And he has added the greatest novelty feature in years in Brown Eyes, the first cow to be starred in pictures.

Audiences everywhere hail "Go West" as a comedy masterpiece, even funnier than Keaton's "The Navigator" and "Seven Chances."

2 Shows starting at 7.30 and 9 o'clock. Usual prices. There will be a Matinee Saturday starting at 3 o'clock.

## MAJOR ROUSSE STARS IN BASKETBALL AT CAPITAL

A despatch from Fredericton under date of March 4 states that the Faculty All Stars, including members of the Fredericton High School and Provincial Normal School faculty, defeated the Normal School basketball team in an exhibition game there, 27-22.

A unique feature of the game was the appearance of Major Rousse in the faculty line-up, despite the fact that he has an artificial leg, as the result of service in the Great War.

His agility and dexterity in a rough and tumble game is described as "nothing short of marvellous." Major Rousse played a defence position for three of the four periods, and his performance was all the more remarkable in view of the fact that his leg was amputated above the knee.

Ed Note.—Major Rousse is a Kings county boy, son of Mr. and Mrs. F. Rousse, Cornhill.

## FRANK HUNTER, OF THE "OLD GREY MARE" TEAM MAKING GOOD IN BROOKLYN, N. Y.

Frank Hunter is another member of Sussex' last year's hockey team who is turning in good games for other teams. Hunter is playing for the Crescent A. C. of Brooklyn, and in a recent game he scored three goals in the first period and missed two close ones in the second.

## What Members of Last Year's Team Are Doing.

Joe Lamb is playing for the Royals, junior champions of Montreal, who meet Young Sons of Ireland, of Quebec, for the provincial championship.

Hunter is playing in New York.

Eddie Brooks, John and George LeClair have been starring for the Waterville, Maine, team. The latter made a New England record for this season, stopping 52 shots in one game, while brother John is easily the star of the team, and Eddie Brooks is also showing up well.

Harold and Percy Radcliffe are still playing for Sussex.

Fred Reid is not playing hockey this winter.

## MAURICE NORMAN, 10 YEARS OF AGE, OF NORTON, FOUND IN SNOW IN UNCONSCIOUS CONDITION

Maurice Norman, 10-year-old son of Mr. and Mrs. Allen Norman, is in a critical condition at his home in Lower Norton. While on his return from an errand to the post office on Friday the boy was overcome with a confused feeling. He decided to put in at a friend's house but found he was unable to remember where his friend lived, although the house was near at hand.

Young Norman crossed the river on skis, and at the opposite bank fell unconscious. He was found by two school girls who had previously found some parcels he had dropped. Passing teams were hailed and the boy taken to the nearest house where a doctor was called. The boy was later removed to his home. Hopes are entertained for his recovery.

Mrs. Norman had intended leaving shortly with her two younger children for a visit to her former home in England.

—Wednesday next is St. Patrick's Day.

## CATTLE POISONED WITH PARIS GREEN

THREE COWS DEAD, PROPERTY OF HUNTER BROTHERS, ERB SETTLEMENT—MORE ANIMALS EXPECTED TO SUCCEUMB TO THE POISON—MALICIOUS ACT BAF-FLEC OWNERS.

An attempt was made last week which proved partly successful, to poison a valuable head of cows the property of Robert and Thomas Hunter, Erb Settlement. The affair has created quite a sensation and is a mystery to the Hunter brothers who can assign no reason for the malicious act. The Hunter brother went to their barns on Wednesday morning without having suspicion of anything being wrong. When they began caring for the stock they noticed that the animals showed symptoms of poisoning. Upon investigation they discovered Paris green among the hay.

Hay thickly sprinkled with Paris green had been placed before the cows. The person or persons responsible for the dastardly act had entered the barn during the night and after doctoring the hay, had made a successful get-away without being discovered.

Prompt measures were taken and antidotes administered to offset the poison, but in spite of all efforts three cows have died, and it is expected others will succumb to the poison.

A determined effort is being made to locate the culprits and if discovered and brought to justice, the punishment should be made fitting to the crime.

Robert and Thomas Hunter are highly respected residents of Erb Settlement, have never had any trouble with their neighbors, or in fact with anybody else, and as far as is known have not an enemy in the world.

The poisoning of their cattle is a mystery and no motive can be advanced for the inhuman act.

## TEMPERANCE WORKERS HOLD A MEETING

A meeting of the Sussex branch of the New Brunswick Temperance Alliance was held in the vestry of the Methodist church on Tuesday evening. H. H. Reid occupied the chair. The meeting was opened with prayer by Rev. G. F. Dawson.

The secretary, F. S. Creed, read the resolutions passed at the previous meeting. He reported that the resolution passed by the Alliance requesting the appointment of B. J. Sharp, druggist, as vendor for the Town of Sussex, had not been complied with, and that the nominee of the Conservative patronage committee, Burpee Freeze, had received the appointment.

Mr. Creed stated he had forwarded copies of the resolution as instructed to Premier Baxter, the local members, and Inspector McFarlane.

He said that a committee had examined Mr. Sharp's books, and found that his liquor sales last year amounted to \$4,400. About half of this amount had been sold to the doctors at a trifle above cost, and that his profits on the sales had been between two and three hundred dollars, and this fact showed that Mr. Sharp, who was one of Sussex' most respected business men, had handled the vendiship well while in his keeping.

Mr. Creed deeply regretted the fact that patronage in party politics should at all be taken into consideration in the appointments of Inspectors or Vendors in connection with the Prohibitory Law.

He said he had a reply to the communication sent Hon. Mr. Baxter in which the Premier stated that it was his desire that the Chief Inspector be left untrammelled and free to act without interference.

James H. Ross, an ex-member of the Saint John police force, told of the working out of the Prohibitory law in that city and elsewhere. He felt that the law was being greatly violated.

He said he had been in Sussex selling "black foxes in cages," which meant to the initiated "Demerara rum in cans." He felt that the temperance people were not giving the proper support to inspectors, and that they should help them out every way possible. With a strong and united effort New Brunswick could be made dry in a short time.

A round table discussion took place regarding the enforcement of the Act in which Capt. Parker, J. T. Prescott, J. A. Conrad and others took part.

F. S. Creed and J. T. Prescott were appointed delegates to attend the annual meeting of the N. B. Temperance Alliance, which is to be held at Fredericton on the 16th.

A further canvass is to be made by the secretary for additional delegates, and it is expected that a strong delegation will be present from Sussex.

H. H. Reid resigned as president of the local branch, and the vice-president will act until an appointment is made.
