

PYTHIANS CELEBRATE 2ND ANNIVERSARY

SUSSEX LODGE, NO. 41, KNIGHTS OF PYTHIAS, HOLD BANQUET—STIRRING ADDRESS BY GRAND CHANCELLOR MOWRY, OF SAINT JOHN

On the evening of January 28th, in their Castle Hall, Pitt St., Sussex Lodge, No. 41, Knights of Pythias, celebrated their 2nd anniversary. Owing to the very disagreeable state of the weather, only about 40 were present, but those who did brave the blizzard which raged, were more than repaid for their courage. An excellent supper was served by the ladies of the United Church of Canada (Chalmers), and after the tables had been cleared, the programme of toasts and speeches was carried out.

H. H. Reid, P. C., acted as toast master and after short remarks, proposed "The King," which was responded to by singing the National Anthem. "Sussex Lodge" was proposed by H. I. Evans, P. C., and responded to by Otty Wilcox, C. C.

"The Ladies" was proposed by Knight Ernst, and responded to by Knight L. J. Gay.

The chairman then called upon the Grand Chancellor, J. Arnold Mowry, of St. John, who delivered an excellent address, referring to the aims and purposes of the Order, and before taking his seat congratulated Sussex Lodge on securing such a nice home, and on the substantial progress the Lodge was making.

Knight Harry N. Jonah was then called upon and made short remarks, and was followed by B. O. Bates, P.C.

The last speaker on the programme was Commandant Harrold, of Moncton, who expressed his great pleasure at being again in Sussex to attend the anniversary of Sussex Lodge. The Commandant, who always has something worth while to say, gave an excellent address, which was full of much that would give those who heard him cause for thought.

The evening's programme was concluded by those present joining hands and singing "Auld Lang Syne."

"IRISH LUCK" IMPERIAL TONIGHT

THURS. FRI. SAT THE PICTURE TOMMY MEIGHAN AND A BIG COMPANY TRAVELLED TO IRELAND TO MAKE

The story, directed for the screen by Victor Heerman, was adapted by Tom Geraghty from Noramn Verner's Saturday Evening Post Serial, "An Impetuous Imposter." Lois Wilson is featured at the head of the cast.

Meighan, as Tom Donahue, directs traffic on Fifth Avenue at Fifty-ninth Street, New York city, little dreaming that a few weeks would see him with his hands full of adventure in foreign lands. But that's just what happens when he wins a newspaper popularity contest and goes to Ireland.

From the moment he puts his foot on "the old sod," the action starts—a band of conspirators, who plan to do a pretty girl and her brother, a young nobleman, out of their lawful inheritance, are involved. And when the plotters are all rounded up in jail where they belong, Tom sails for home again. Instead of an armful of shamrocks to convince the boys of his precinct that he has really been in Ireland, Tom Donahue takes back—a bride—whom makes him the brother-in-law of an Earl.

Meighan is Irish. The title of this picture is Irish. Tom has never before been seen in an Irish story, but it's a sure bet that, after seeing "Irish Luck," you'll be hollering for more like this one. It's the finest thing Tom Meighan's ever done. And that's something. Two shows, 7.30 and 9.

GEORGE LECLAIR HUNG UP NEW ENGLAND RECORD AS A "GOALIE"

The Waterville, Maine, Morning Sentinel, in a recent account of a hockey game between the St. Johns of that town, the team of which John and George Leclair and Eddy Brooks, of Sussex, are members, and the Mountaineers of Berlin, N. H., has in part, the following:

"Berlin, N. H., Jan. 24—The St. Jean Hockey Club of Waterville, Me., made sport history for the land of the Pine Tree here Saturday night, when they defeated the strong Berlin Mountaineers 3-2, it being the first time that a Maine club had ever defeated Berlin. It was also the first time that the locals had suffered a setback in five years on their home rink."

"The goaling of the visitors' star netman, G. Leclair, was easily the feature of the Saturday fray. He hung up a New England record for stops this season when he slapped 52 away from the strings. He was all over the ice and Leclair's exhibition was by far the best put up by any cage tender this year."

MEETING OF "ONWEGO" CLASS HELD ON MONDAY

The weekly meeting of the "Onwego" class met on Monday evening, Feb. 1st, at the home of Mrs. George Short, Apohaqui, with the president, Mrs. I. V. Wright in the chair. Meeting opened with hymn "My Jesus I Love Thee" followed by Scripture reading and the prayer. After the usual routine of business, a birthday collection was taken, each member contributing a cent for each year of her age. In this way a goodly sum was added to the class funds. The money thus obtained is being used for different charitable purposes. This class of young ladies have for the past four years, supplied the necessary clothing, etc., for two little girls, from the village, who are attending the Deaf and Dumb School at Halifax, N. S. They have also pledged \$100 to the Interprovincial Home for Women at Moncton, of which \$75 has already gone forward to Rev. G. S. Gardiner. The remaining \$25 is to be raised and forwarded at an early date. Meeting closed with hymn "Sun of My Soul" and Lord's Prayer. The class will meet next Monday evening at the home of Mrs. W. E. Moore.

IMPERIAL'S FUN FROM THE PRESS

Mrs. Jones could only find two aisle seats in the theatre—one behind the other. Wishing to have her sister next to her she turned and cautiously surveyed the man in the next seat. Finally she leaned over and timidly addressed him.

"I beg your pardon, but are you alone?"

"The man, without turning his head the slightest, but twisting his mouth around and shielding it with his hand, muttered:

"Cut it out, kid—cut it out! My wife's with me!"

WALLACE MFG. CO. OFF TO GOOD START

BIG WOODWORKING, FOUNDRY AND MACHINE PLANT NOW IN OPERATION.—45 HANDS NOW AT WORK, AND MORE WILL SOON BE ADDED.

The Wallace Manufacturing Company has got away to a good start, and notwithstanding the fact that the new company has only been operating for a few days, the big works are already a hive of industry. The company has at present 45 employees at work in its different departments and this number it is expected will be greatly increased in the very near future, in fact more than doubled before many months, if business turns out as good as the present outlook indicates.

The Wallace Manufacturing Company have taken over the combined works of the Sussex Manufacturing Co. and the Wallace Machine Co., and will carry on the business of woodworkers, foundrymen and machinists. Among the lines to be produced will be refrigerators, school furniture, house furnishings of all kinds, box hooks, Little Giant threshers, lath machines, etc.

Business in the machine works was better last season than any time in the past seven years, and at the present time there is much general repair work being carried on, and many orders ahead for spring building of new machines.

The woodworking department has also considerable work booked, and a Record reporter who took a stroll through the plant on Wednesday found it to be a very bustling spot. A carload of box hooks for the J. A. Marvin Co., Moncton, was being shipped, and other goods were being prepared for shipment.

Some 200 refrigerators are in course of completion, and this business promises to be a flourishing one, as orders for the popular "Martime" and "Brunswick" makes are being received from all sections of the Dominion. Besides the Canadian trade in refrigerators it is hoped to work up a big business in South Africa.

In connection with the refrigerator department is a tin and sheet metal working shop where all work required in this line is done. A carload of galvanized iron for use in this department was received on Wednesday.

A car of B. C. for inside house finishing has been ordered and will be here in the early spring.

The works are well lighted, as the company generate electricity for their own plant.

That the new company should merit favor with our citizens and the people of Kings County in general, and receive a generous patronage, goes without saying. It means much for Sussex and vicinity to have this big plant in operation, as it will furnish employment eventually no doubt to several hundred hands.

H. W. Wallace, president and manager, entered the employ of the Sussex Manufacturing Co. in 1908 where he learned his trade as a pattern maker and was also connected with the business office. In 1919 he formed the Wallace Machine Works Co., Ltd.

C. W. Upham is secretary-treasurer. The sound of the steam whistle on this plant is cheerful noise, after a silence of several months. Everybody should be a booster for the concern. It means much for Kings County.

N. B. HEIRS SEEK BIG FORTUNE

A NUMBER OF CLAIMANTS AND RESIDENTS IN KINGS COUNTY—PROPERTY IN NEW YORK SAID TO BE VALUED AT \$6,000,000,000.

Alleged heirs of the Anneke Jans estate are again very active and are seeking to make good their claims to New York City property valued at six billion dollars. Among the heirs who would participate in the division of this vast estate are a number of Kings County residents. The Keirstead families living in this county are said to be direct descendants of Anneke Jans.

The property is known as the Anneke Jans and includes Trinity Church and the Singer Building, a large section of New York suburbs. The property originally belonged to Anneke Webber, the daughter of the fourth King of Holland, whose father was William Prince of Orange. She married a commoner, Roeloffson Jans and fled to what is now New York. Jans died in 1637 and his widow married Rev. Everardus Bogardus, who was afterwards pastor of the church now known as Trinity in New York. King William granted a charter for New York land to his daughter and she gave a 99 year lease of the property, but in her recently discovered will she provided that on the expiration of the lease the property was to be divided among her heirs.

The heirs also claim that there is a credit of \$130,000,000 drawing 4 per cent interest in the Bank of Holland, established as a dowry for Anneke. If this is proved Queen Wilhelmina will stand to share in the settlement of the Holland money and the New York property.

—Valentine's Day, February 14th, falls on Sunday this year.
