J. ALBERT PERKINS PRESENTED
WITH SILVER TRUMPET

Last week McKay & Co. had in their show windows the very latest word in brass band instruments, the Keever Williams trumpet. This instrument was made at the Keever plant, Williamsport, Pa., and was designed by E. Williams, probably the best trumpeter in America. It is silver plated and gold mounted. The lines are different from a cornet, being much smaller, and 20 inches in length. The instrument is the property of J. Albert Perkins, having been presented to him by the members of the late Citizens Band. Mr. Perkins, who is an expert cornetist, has given years of free service to the band, and the boys took this method of showing in a slight manner their appreciation of his kindness, by making him the recipient of this gift.

—The body was brought to Sussex for burial, arriving here on the C.N.R. express on Wednesday afternoon. It was accompanied by Mrs. Armstrong and sons. The remains were taken to

DOYLE—In sad but loving memory of our dear wife and mother, Mary Doyle, who departed this life April 24th, 1924, in Cambridge, Mass.

In our hearts your memory lingers,
Sweetly tender, fond and true,
There is not one day, dear mother,
That we do not think of you.

Some may think you are forgotten,
When they see us sometimes smile,
But they do not know the sorrow
That the smiles hide all the while.

So often our thoughts and ways do
wander
To a grave far, far away,
Peacefully sleeping without dreaming
Lies one we loved but could not
save.

"Mule-Kick"

CLEARS CLOGGED DRAINS

For sinks, bathtubs, laundry tubs, water closets, urinals, grease traps or floor drains—wherever you want to clear a drain that is clogged tight or to pep up a lazy drain, "Mule-Kick" will do the job for you.

Slow, lazy drains are unsanitary. In time they clog tight. Better use a little "Mule-Kick" regularly to keep all your drains quick and sanitary.

"Mule-Kick" quickly dissolves all kinds of animal matter (such as hair, wool and slime)—the chief causes of drain stoppage. It reduces vegetable matter (such as matches, peelings and paper) to a soft condition so that it usually can be flushed out or dislodged with a "plumbers' friend."

"Mule-Kick" will not attack the plumbing and therefore will not dissolve metal or glass obstructions. Never use aluminum vessels, however, with "Mule-Kick." "Mule-Kick" has seven times the dissolving power of lye. It contains no bubble-making adulterants and does not throw off harmful spray, fumes or explosive gas.

Price 1 lb.—75 cents.

G. W. MYERS
SUSSEX.

The Magistrate—Are you certain that the accused was under the influence of drink?

Constable—Well, sir, he dropped a penny in a letter-box outside the 'Ouse of Commons' an' stood staring up at Big Ben; an' when I questioned him he said he was waitin' to have his weight told.

"No one ever made a fool of me yet," said Brownson. "Then you may claim to be a self-made man," said his friend quietly.

"Does your wife go to church regularly?" "Very; she hasn't missed an Easter Sunday since we were married."
