AN APPRECIATION

All the articles, news stories and
editorials pertaining to Forestry in
this number of the Brunswickan have
been contributed mainly by Doug. Mc-
Andrews, Associate Editor of the For-
estry Faculty. This is in keeping with
the policy of the Brunswickan in ded-
icating an issue to each of the facul-
ties, usually at the time of their yearly
celebration.

NOTICE

The University Scientific Society
announces that the fifth lecture of the
present series on popular scientific
subjects which was announced for to-
night (February 25) has been post-
poned for one week. Dr. W. J.
Wright of the Department of Geology
will speak on the Development of the
Oil Industry on Thursday, March 3, at
8.20 p.m., in the Memorial Building.
Students are requested to announce
this change to anyone who may have
planned to hear this lecture tonight.

LOVE

Now you're gone and the mention of
your name still sets off peculiar re-
flexes throughout my system. My nos-
trils dilate; my respiration increases;
my blood flow increases; metabolism
is advanced; pulse is accelerated;
lacrymal ducts secrete; continued
thought is inhibited.....I guess I sort
of liked you.—Ex.
