

BAKED BEANS GET A PANNING AT RESIDENCE

Lighting System For Hill Path
Discussed—Mix In Chair
Preparations for Dance

If you can picture to yourself a student gathering discussing at one moment the organization of an affair of such enormous social importance as the Residence Dance, and the next moment discussing in all seriousness whether beans should be the main feature on Saturday night's menu, then you have a fair idea of the house meeting held in the Residence last Thursday night.

D'Alton Mix presided in the chair. The minutes of the last meeting were read. Doug, McAndrews asked if the President of the University had been approached with reference to the proposed lighting of the 'highway' at the back of the Residence. In reply D'Alton Mix stated that he had thus approached the President, but without success. Dr. Jones had said that this scheme had been attempted before with disastrous results to the electric bulbs. On hearing this ultimatum Jim MacCullum immediately volunteered to break his ankle to prove the necessity of such illumination.

D'Alton Mix then went on to tell how on the previous evening the House Committee had been in conference over the Residence Dance. They had come to the conclusion that the house as a body should select its own chairman of the Dance Committee and that he should be empowered to select his own committee. At this point Jim MacCullum again took the floor and spoke very fluently (in French, I believe). I gather that he was asking if the house wanted a dance this year. On learning that they did MacCullum expressed satisfaction and sat down. Geo. Richards and McAndrews were nominated, and George won by a very close margin. In view of last year's Forestry Dance we think that George will be a great success.

The excitement of the election being over, once again James MacCullum took the floor with a plea, this time, for the postponement of Sunday's supper to 5.30 p.m. However, most of the boys figured that they could get back from Sunday School by 5.00 p.m., and the motion was emphatically defeated.

Just as the meeting was about to break up Dick Lee got up and accused D'Alton Mix of being an iconoclast of a very low grade. Old tradition has been shattered and old beliefs ill-treated. In a stirring speech Dick outlined the absolute necessity for beans on Saturday night, and since most of the boys were backing him up, D'Alton Mix, was reluctantly compelled to re-instate this musical fruit.

FORESTRY CAMPS TO BE REPAIRED

The University will be pleased to learn that the Forestry Association has decided to repair the forestry camps, which at the present moment are in a sad state of delapidation.

A committee composed of Tommy Stephens, Love and Hank Corey, under the able leadership of Bruce Logan, has been appointed to look after repairs and general upkeep of these "houses of many uses". In fact, the association has gone so far as to vote \$5.00 toward the extensive building programme, so we are looking forward to something more elaborate.

PERSONAL

Betty McRobbie, well known on the campus last year, had registered at University of Oregon, but was called home due to the unfortunate illness of her mother. Betty's many friends at the University will be deeply grieved to know that she will be unable to continue her studies until after Xmas.

Miss Beatrice Brooks, '27, graduate of the Royal Victoria Hospital, Montreal, is now taking an advanced course at McGill. Miss Brooks distinguished herself at her graduation by winning a scholarship for the highest standing in her class.

DON WORRELL LEADS GOLFERS IN QUALIFIER

Don Worrell, of St. Andrew's, lead U. N. B. golfers in the qualifying round of the U. N. B. undergraduate tournament, with a masterly 98. Rudge of Woodstock and Coughy of St. Andrew's gave him a tight battle all the way, finishing with 101 apiece.

In an unofficial match played last week end the team of Worrell and Coughy won over that of Rudge and MacNaughton, 7 up and 4 to go.

And this is how the tourney began: At a recent meeting of the golfers in "Phil" Golding's room, in the Beaverbrook Residence, it was decided that a series of matches should be played, to decide who should hold the golfing crown of the University. The first and qualifying round should be used to set the handicap of each player and the four making the four lowest scores should constitute the team which would play the next match with the faculty.

Through the courtesy of the Fredericton Golf Club, those students, who already held memberships on their home course, were to be allowed to play on the local golf links, free of charge, for the rest of the season. An unusually small number of the students took advantage of this very generous and kind offer, only six submitting their names. It seems very strange that the University should have so few followers of this ancient and very popular game. At some of the larger Universities golf is one of the major sports. It is to be hoped that this is only the beginning of golf as a college sport at U. N. B. and that it will become a great deal more popular until a regular college team is organized.

The names of those members of outside courses with their home course and qualifying score follows:

- D. Worrell, Algonquin, St. Andrew's, 98.
- F. Rudge, Woodstock, 101.
- D. Coughy, Algonquin, St. Andrews, 101.
- D. MacNaughton, Riverdale, Moncton, 103.
- T. Likeley, Westfield, Saint John, 104.
- P. Golding, Westfield, Saint John, 105.

"THE CHAPERON" TORN TO SHREDS BY FRESHETTES

At the first meeting of Delta Rho on Friday evening, Oct. 16, the Freshettes ably debated the following important subject: Resolved that we should return to the good old days of the Chaperon. Miss Ruth Anna Foster, '32, presided over the enthusiastic gathering, among which were the worthy judges, Mrs. McPherson, Miss Flora Loudoun, '31, Miss Dot Hughes, '30, and Miss Claire Douglass, '27.

Miss Hope Hanson, leader of the affirmative, arose, floundered around and finally frailty came to anchor against a table, from which point of advantage she expounded at length upon the frailty of human nature and the need thereof of a substantial guide.

Miss Ethel Lamson, supporting the negative declared chaperones useless, and suggested the honour system. "Girls should be put on their honour not to a—a—" We'd like to know what.

Miss Hughes—"Gee I donna what to say."

Miss McMurray said "Chaperons are narrow minded about modern dancing. You know what I mean." She displayed unlimited knowledge of how to bring up children.

Miss Louise Hanson had one idea and it was vague because she couldn't read Marj. McMurray's writing.

Miss Helen Mullin took five minutes to recall what the debate was on and then declared that old ladies wouldn't do what she wants to do. Then after contemplating her feet and the floor around them, she subsided.

Miss Ethel Singer contended that "our moral character should be so strong as to make chaperones unnecessary." Loud cheers.

EDGAR BAIRD ELECTED C. F. C. LEADER

A meeting of the Christian Fellowship Circle was called at noon on Friday, October 16th, at which a report of the Nominating Committee was submitted. The election of officers for the coming year took place. The following are the results:

President, Edgar M. Baird; Vice-President, John Hunter; Secretary-Treasurer, Paul F. Steeves.

Edgar Baird took charge of the meeting and appointed Messrs. Donald Jones, Wm. Hoar and Harvey Dalling as a committee to arrange a suitable time at which to have regular meetings of the group.

The meeting adjourned due to the appetites of those concerned.

(P. G. Steeves, Sec'y.)

ENGINEERING MEETING

At a special meeting of the Engineering Society held in the Engineering Building on Thursday, Oct. 15th, it was decided to amalgamate the Electrical Club with it for the present year. This motion was brought up largely on account of the great number of men belonging to both societies, and it was thought that if the activities of both societies could be combined that the work of both could be carried on much more successfully.

One of the main features of the Electrical Club was the entertainment at the meetings. This was not a feature of the Engineering meetings, so a special committee was elected to look after this in future. The members were: Mac Thomas, James Bedell and Don Swift.

It was announced that the next meeting would be held on Thursday, October 29th.
