GEO. D. JOHNSTON

SO a burnt rink, yea — a burnt college, fires St. Josephs spirits they want to play in a three cornered loop (if there is such a thing).....why not?.....as far as we can see U. N. B. is behind you, Joseph.....more games for the same money for the students.....more interest.....for our team to play another game on its usual Mt. A. trip involves neither more time nor more money, since in Moncton.....and the return game would be more receipts for us and no guarantee to pay.....O. K. St. Josephs.....Doug's new forward combinations seem right "in there" so far.....Mix's missing.....the basketeers were quite pleased with Monday's workout.....now where is this notorious Red and Black pessimist?.....and Larry has his plans too.....no York Co. league games.....as usual McLean claims that the fundamentals of hockey should be taught right up to the main event, with other games to be used as practice.....speaking about that main event, the N. B. branch of Royal Order of Goalkeepers recently voted that Mt. A. should be implored to put three more electric bulbs in their rink.....one at centre, and one at each end.....incidentally we hear that there's doubt concerning the functioning of that "Bush"—pardon—"Border" league in which Mt. A. runs up such imposing scores.....there are yet two and a half rounds in Babino and only one and a half in weeks....

Since there are a few dollars left in the hands of our union officials there arise several opinions on how to use it—some even don't want to use it—till the end of the year.....

We have hockey and basketball to see through, and then we have swimming and several minor sports the participants of which (who also pay levies) would appreciate a little support.

However one suggestion seems very much in order:

U. N. B. SEXTET STAYS MERELY INTER VARSITY

At a meeting of the executive of the newly-formed York County Intermediate Hockey League here tonight, the University of New Brunswick withdrew and Marysville was admitted as the fourth team in the league in place of U. N. B. The other three teams are the Fredericton Cubs; Fredericton Imperials and the Devon Tigers.

The league schedule will commence on Dec. 26, games of the schedule were arranged at the Tuesday meeting.

Owing to the fact that all the members of the U. N. B. team will not be available after Xmas, Coach McLean deemed it advisable to shape up the team through beneficial practices rather than play only one half of the York Co. league schedule.

The U. N. B. management agreed however to play exhibition games with the different members of the Intermediate League.

That football, by which the money was saved should benefit to the extent of having the clubhouse salvaged from its imminent state of ruin. The showers need repair, the stove needs removal — it is beyond repair, and the windows of course are no more. Even if we forget that Mt. A. took our goal-posts we must not forget that they were taken.

All these may add up to a considerable cost, but as they are obvious necessities, what better time to do it?

The "Sportlight" of the M. T. A. Argosy beams on us once again. Here it is:

"To say the least we were surprised to hear that U. N. B. voted against us in the recent dispute with Caledonia regarding the Maritime senior playoff game which we were to forfeit. Good old U. N. B. again."

The old thing.....It is our opinion that "good old U. N. B." will always vote for Mt. A. — if Mt. A. is in the right.

Wishes To Enter Into The N. B. Inter-collegiate Hockey Loop With U. N. B. and Mt. A.— Would Play on Moncton Ice In Home Games

CAGE QUINTET WORKING WELL

Coach Gerneroy Tries Out New Combination of Players With Success

With each succeeding practice, the Varsity Basketball squad improves in smoothness and co-ordination. Coach Gerneroy is trying out several new combinations, which show great promise. One very efficient combination is that of Donaldson, Lilly and MacKinnon, with Lilly at centre, Donaldson right forward and MacKinnon left forward. The coach is trying Captain Sid Thomas at centre. Sid played centre two years ago, and last season was a guard. He is strong and effective both as a forward and as a defenceman. Ralph Leblanc is even speedier on the forward line than last season. Cuthbertson is taking a place beside Stephens on defense, and used his speed to good advantage as a running guard. Three Freshmen are still out with the squad. Miller, a forward, works well around the basket. Barnes and Storey, guards, work well, and seem used to playing together. With gradual development the squad looks good to approach the style of the veterans of last year's team.

"My husband is mean; he's taken all the cash out of baby's money-box."
"My dear!"
"Yes, and just when there was nearly enough for the new hat I wanted."

AT CROWLEY'S

Entrance Into League Would Add Interest To Play-Offs — Would Also Meet Demand Of Students For More Games

Word has been received by U. N. B. that St. Josephs College wishes to enter a hockey team in the N. B. Intercollegiate League with Mt. A. and U. N. B.

The Tantramar team would use the Moncton rink for their home games.

With one more team in the N. B. league the number of games would be doubled, and if playoffs were necessary, interest would be more than doubled.

According to reports, St. Josephs is confident that its hockey team is well worth intercollegiate competition and is anxious to revive its ancient rivalry with the other N. B. colleges.

Curtailment of crop will doubtless relieve the situation in the matter of prices so far as the producers are concerned—but the final solution must be one that will, in a world of need and hunger among teeming millions of its population, effect a much closer relation between production and consumption of food supplies.
