GEO. D. JOHNSTON

THOSE most interested in interclass athletics generally agree that the Junior class, in which there are many truly able athletes, has been the least enthusiastic of all the classes.....Tuesday night this same class won the swimming meet with a comfortable margin of twenty points over its nearest rival, the Senior class.....Intramural and minor sports are going over big this year: golf had a very successful fall, tennis went farther both in interest and accomplishment, softball created wide feeling, class football ceased only with the arrival of the snow, the track meet was O. K., the swimming meet was the best we've had yet, and downstairs they have reached a very high peak of attainment in "bawling".....with hockey—farm and class.....and basketball on the way, success in intra-mural athletics is assured.....strangely enough, this success does not harm our intercollegiate activities, but provides a means of training for the athletes of our future varsity teams.....

"Dark Horse" McElman opened an eye or two. His record breaking plunge was less unexpected than his strong second place in the 40 yd. back stroke.

It seems that Sadovsky is not developing his swimming ability in new events—he used to specialize in the sprints. A few years ago he started on the distance swims and his records of Tuesday night show that he is merely regaining his old form.

Varsity Basketball practice is to be held in future on Monday, Wednesday and Friday nights. Doug wants ya' all out.

Tuesday's tie, after full overtime, reminds those of the upper classes of the U. N. B.—Caledonia game, in which darkness played an important part.

We see by Jim Trites' article that the Vandals, the touring English team, used that backfield formation which our backfield did not use.....they lined almost back

ATHLETIC ASS'N AWARDS LETTERS

A more or less inspired meeting of the Athletic Association was held Friday at noon, with Bev. Hazelton in the chair.

To Vern. Daughney and Did Burke, major athletic distinctions were awarded. Daughney has had three year's play with the Varsity hockey squad, of which he was elected captain last year, and two years in Varsity football. Burke has just finished his third year in football, which together with his hockey experience entitles him to a major distinction.

Seventeen footballers were given their letters, namely: Hyslop, S. Thomas, H. Pond, Ogilvie, Smith, Pringle, C. Thomas, Fradsham, Donaldson, Burke, McLennahan, Daughney, Jamer, R. Chalmers, White, Hazelton, Goodspeed. It was moved by O'Dell that the distinctions be awarded and seconded by Campbell.

Dave Caughey moved that a committee be selected to look into the matter of minor sports, such as swimming, tennis, and golf, with a view to the granting of distinctions. Seconded by Goodspeed, the motion was defeated, when put to a vote.

It was passed by the Association after having been moved by O'Dell and seconded by Gorman that Doug. Gerneroy be recommended to the Council as Coach of men's and ladies' basketball and track and field sports, with salary \$200.

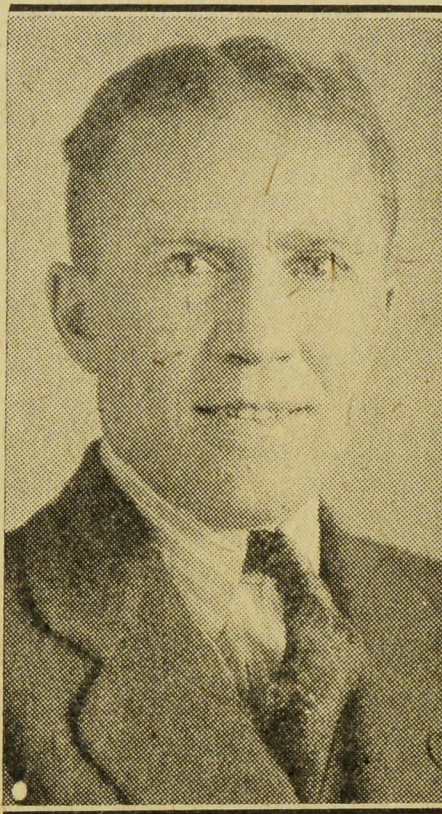

of one another so that on the attack one back could easily follow the manoeuvres of his next inside man, with the whole backfield as a result ready to use a great number of surprise attacks. This formation, on the defence, is seen nearer the opposing backs but gives them little chance to either break through or cut in. If the opponents try to run around the end it is an easy matter for the defenders to "fan" out and, running across to the attacking three-quarters rather than facing and waiting for them, make a great deal surer of the tackles and, at the same time, force these attackers to run diagonally where they would otherwise gain more ground by running straight.

Dot Palmer is to lead the co-eds this winter in their basketball campaign. The girls recently voted her to the captaincy and Doug. Gerneroy to the position of coach.

"E. W. Beatty is probably right when he says Canada needs more population," says an editorial note in the Oshawa Times of recent date. "The project for moderate, controlled and financially supported immigration outlined by the chairman and president of the Canadian Pacific Railway, has the great virtue of feasibility." is the editorial view of the Winnipeg Tribune.

RECORDS GO IN SWIM MEET

COACH

"DOUG." GERNEROY

who will have charge of the Varsity Basketball Team during the coming season.

BASKETEERS HAVE WORKOUT UNDER COACH

The first Varsity basketball practice was held in the gymnasium Monday afternoon, and a fairly good number of new men turned out. Coach Doug. Gerneroy put the squad through setting up exercises, and had a light workout on passing and shooting, ending with a short game.

Though the age average of the squad is considerably lower than last year's, the prospects on the whole are remarkably good. We have left of last year's squad Sid Thomas, this year's captain, Donaldson, Lilley, Cuthbertson, Leblanc, Stevens, and MacKinnon. Two sophomores, McCarroll and Likely, showed up well in practice, as did three freshmen aspirants, Barnes, Storey, and Miller. Did Burke was out with the squad, and showed himself to be no stranger to the game. Freeze '36 worked well in the centre position against Lilley. There is a considerable number of others on the campus who have had basketball experience, and who will probably turn out as the season progresses. Coach Gerneroy, with proper support, should be able to mould a worthy team from the material on hand, and we have every cause to look for a good year in basketball.

"BABINO" CLUB HOLD MEETING

On Tuesday at one o'clock a meeting of the Badminton Club was held in the Biology lecture room. The following officers were elected.

Honorary President—Prof. C. W. Argue.

President—Dow Kitchen.

Secretary-Treasurer—Scott Burgess.

Executive Committee — Molly Burt, Ted Tweedie, Bob Armstrong, Alex. Patterson.

It was decided to hold three tournaments before Christmas,

Juniors Take Inter-class Title; 'Vince' Sadovsky Swims beautiful 100; Seniors Win Relay; Manchester Surprises

The breaking of four pool records, the sensational 100 yard dash and Manchester's exhibition of underwater swimming were the highlights of the most successful swimming meet ever to be held in the pool of the Lady Beaverbrook Residence.

The meet scheduled for 8 o'clock on Tuesday night got away to a speedy start with the 100 yards free style swim. "Vince" Sadovsky, well known in aquatic circles, nosed out Bruce Wright in the most spectacular and exciting race to be staged in this part of the country for some time. He broke the existing record by 3 2/5 seconds and beat Wright by about six inches.

"Norm" McLeod finished first in the 40 yards back stroke event with McElman and Beer "close on his heels". In this event a new record was set up, exceeding the former record of 30 seconds by 1.8 seconds.

Carl Dooley's plunge record also fell when "Pud" McElman coasted 55 feet and 9 inches to add 11 feet 9 inches to the former mark. McElman won this event easily with Sadovsky and McLeod taking second and third places.

Not content with breaking the 100 yards record, Sadovsky swam the 220 yards in 2 minutes, 50.5 seconds to knock 7.1 seconds off the last year's time. Rommell gave him a good race however and finished second.

Perhaps the biggest splash of the meet was the exhibition underwater swim of Morris Manchester who dove in and stayed down until he had travelled two lengths of the pool and 15 feet to spare, thus making a total distance of 135 feet.

The meet was well attended and was in charge of "Ted" Coffey with Prof. W. G. Jones assisting.

Below is a summary of the meet. (Continued on Page Five)

Mens Singles, Ladies Singles and a Mixed Doubles Tournament, and if possible to arrange tournaments with some of the Churches of Fredericton.

BADMINTON UNDER WAY

On Tuesday the first College Badminton Tournament got under way in the Men's Singles event. The Tournament promises to be one of the most successful of any held so far. The College this year possesses an abundant array of talent both in old and new players.

First is the College Champion "Ted" Tweedie. Tweedie's game has improved greatly this year and he should prove a hard man to beat. Then there are Godfrey, last year's runner up and Ken. Bailey, Maritime Junior Singles Runner up.

Among the new players, the most prominent is Rowlands from Quebec who holds the "B" Champion-number of other new players who ship of that City. Also there are a show promise. With these players and others, Badminton, this year, should have a most successful season.

The following is the draw for the Tournament.

1st ROUND

P. Kitchen vs. Glennie.
McLeod vs. Kirkpatrick.
Godfrey vs. Tweedie.
Mallory vs. O'dell.
Rowland vs. D. Kitchen.
Burden vs. Miller.
Black vs. Bailey.
Lynch vs. Wood.
Giberson vs. Logie.
