

GOINGS ON

by
Jean Ramsay '42

The Co-eds of the University commenced their Physical Training and Swimming this week, under the direction of our Physical Instructor Mr. Ryan, all girls were on hand, and enjoyed themselves very much, although sore muscles are prevalent among the co-eds this week.

Fran Murray '42 entertained a few friends Thursday last, at a small and informal tea, in honour of Peggy Grant of Baltimore. Sheila Lemont '43 and Eileen Wright '43 assisted the hostess in serving.

Muriel Sargeant '42 met with a very painful accident last week, when she fell and injured her leg, while going down the hill. Her many friends wish her a speedy recovery and hope to see her "up the hill" again soon.

Sgt. George Fletcher R. C. A. F. ex '40, and Mrs. Fletcher are spending a week at their home in Marysville.

Betty McKnight ex '44 of Montreal is spending a few days in Fredericton, the guest of Mary Murray '44.

Fran MacLean '44, Leslie Stevens '43 and Kay Gale '42 spent the week-end in Saint John.

A wedding of interest took place at the United Baptist parsonage, on Thursday evening, Oct. 16, when Rev. A. B. Gibson united in marriage Rebecca Pearl Dunphy, daughter of Mr. and Mrs. A. G. Dunphy of Douglas and Harry Albert Webb, son of Mr. and Mrs. T. W. Webb, of Fredericton. Harry is a graduate of U. N. B. '40 and is now enlisted in the R.C.A.F. as an observer. Best wishes to you both.

AUTUMN

Steel-blue skies. Snap in the air. Pavements ringing with brisk steps. Shoulders back chest out. It's Autumn. A coat sweater in the regulation colors, Scarlet and black—perfect for Autumn. "That's all and that's that."

CHEMISTS HERE TALK
ON ECON. DEVELOPMENT

In the first of a series of lectures by faculty members designed to assist in the interpretation of chemical progress in the nineteenth century, Prof. Burton S. Kierstead addressed the chemical Society on Monday evening, his subject being "The Economic Developments of the Nineteenth Century." In a very informative discussion Prof. Kierstead traced the characteristic institutional changes in the economy of the last 150 years and indicated their relation to scientific progress.

After a discussion by the Society members, it was decided that future meetings should be held bi-weekly, instead of once a week as previously planned. At the conclusion of the business, tea was served by Miss Bateman, Messrs. Wiesel and Whittingham.
