U. N. B. TO HAVE INTERCOLLEGIATE FOOTBALL

N.B.-P.E.I. League To Function Again

At the special meeting of the Maritime Intercollegiate Athletic Union held at Halifax on Friday last, it was decided that all intercollegiate sports possible, should be carried on, but the number of games entailing travelling should be limited. A heavy military programme at most of the colleges seemed to be the main drawback; but the questions of this calibre were considered to be of primary importance.

One of the colleges has remedied this problem by arranging a suitable time-table, so that C. O. T. C. instruction is carried out during the afternoons or mornings.

In Rugby, it was moved that Intercollegiate sport in rugby be to declare only provincial titles in this sport. For this purpose the following league schedules were drawn up:

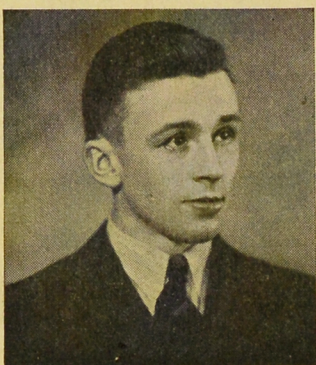

N. S. League—St. F. X., Acadia, St. Mary's; N. B.-P. E. I. League—Mt. A., St. Dunstan's and U.N.B.

Mt. A. and St. Dunstan's are going to play home and home games to declare a winner. The first game to be played at Mt. A. on the 17th or 18th of October, the next game at St. Dunstan's one week later. The winner of this series will play U.N.B. in a sudden death game at Mt. A. on the last of the month, for the N. B.-P.E.I. title. At the meeting, it was decided that no Maritime Intercollegiate title be declared this year; as it involved a great deal of travelling which was thought to be too expensive and unnecessary.

The winter sport's programme including hockey basketball, boxing is to be clarified at a later date by the M. I. A. U. after existing conditions at that time have been determined.

A different attitude was taken concerning intercollegiate track which takes place after C. O. T. C. has wound up its affairs for the academic year. It was proposed to hold an intercollegiate track meet in the spring, at a place to be later determined for all the colleges interested. New records established at this meet are to be

MANZER L. BUNKER

President of U. N. B.'s Amateur Athletic Association.

A. A. A. President Makes Statement

The following is a statement made to The Brunswickan by Manzer L. Bunker, president of the A. A. A.:

"As President of the Amateur Athletic Association of U. N. B., it is my honour to extend to all students, especially those who are coming up the hill for the first time, a sincere welcome, on behalf of the members of the association. We hope that before the end of the year, all of you will have become acquainted with the workings of the A. A. A."

"At this point, a word of explanation would give the new students and very likely many of the former students, a clearer view of how and why the A. A. A. functions. The Association has control of all athletic activities on the campus; it awards athletic distinctions to those gaining prominence in any sport; it awards special athletic distinction for those gaining athletic distinction in one sport for four successive years, or an aggregate of five years in any number of sports; it is represented each year at the annual meeting of the Maritime Intercollegiate Athletic Union, and all special meetings of that organization."

considered intercollegiate track records.

For the coming year the sport schedule seems to be all sports possible, without interfering or hindering in any way, our war effort.

FOOTBALL

By Herbert Loane

The M. I. A. U. conference started things off with a bang alright . . . Intercollegiate Rugby . . . a dream which no one dared dream. But it's here! Certainly not as bright and glittering as in pre-war years when the letters U. N. B. were a symbol feared by all college teams in the Maritimes, and when regular league games took place every week-end; but nevertheless the U.N.B. rugby team is to play in the N. B.-P. E. I. Intercollegiate Finals this year, and every boy turning out for football these afternoons knows that the high standard of previous Red and Black rugby squads will not be lowered one iota this fall.

"So we have a chance for an Intercollegiate Rugby title once more . . ." that thought has stirred the hearts of all sportsmen on the U. N. B. campus this week.

The compromise between football and C.O.T.C. has finally been settled . . . C.O.T.C. drill Monday, Tuesday and Friday and football practices Wednesday, Thursday and Saturday afternoons for footballers. Thus it is hoped to train the team for the big title match to be played either with St. Dunstan's or Mount Allison towards the end of October, and also not neglect the military work of the university.

The first meeting of the gym committee was held in the Trophy Room, Tuesday, with Howard R. Ryan, Physical Director, as chairman. He was met by the various student representatives for the purpose of drawing up a schedule for events taking place in the new gymnasium during the college year.

In view of the increased demand for time in the building, the matter of close co-operation with the C. O. T. C. and the Air Force was discussed, so that facilities could be made available as required at scheduled times. The problem of lockers in connection with C. O. T. C. drill was also dealt with, and a satisfactory arrangement agreed upon.

The use of the Residence swimming pool by the ladies was considered by the committee, and it was decided to bring the matter to the attention of the members of the House.

Approval was given to the plan of holding the annual college dances in the gymnasium, provided the necessary precautions were taken to protect the floor from damage.

Mounties Not to Enter Intercollegiate League

(Telegraph-Journal)

Sackville, Oct. 1—Mount Allison University will not enter a rugby team in the Maritime or in New Brunswick, Prince Edward Island Rugby League this year according to a ruling made by Dr. G. J. Trueman, president of the university, here today. The Mount Allison Canadian Officers Training Corps, however, will be permitted to organize a rugby team to play a single home-and-home series with a C. O. T. C. rugby squad from the University of N. B.

The main reason for the non-participation in intercollegiate rugby competition this year, as in the past years, is due to the extra curricular time required by Mt. A. men for military training in addition to their regular studies.

At a meeting in Halifax last week it was decided that no Maritime championship could be decided in intercollegiate football this year, but that Nova Scotia and New Brunswick, P. E. I., leagues would function separately.

At that time it was proposed that Mt. A. enter a league with U. N. B. and St. Dunstan's University for a home-and-home series topped with a "sudden-death" game for the championship. Mount A. is now definitely out of such a league.

Coach Robert Brodie has sent an invitation to U. N. B. to meet Mt. A. C. O. T. C. in a home-and-home series. Inter-platoon competition in the major sports will be carried out during the year at Mt. A.

aspiring pugilists, especially of heavy, fly, and bantam weights to turn out for boxing.

Be on the lookout for notices, concerning future practices in box and P. T. which will be posted in the Arts Building.

Girls who abstain from rouge and powder are usually shining examples to their friends.

Profs. Victorious In Golf Match

Saturday, a beautiful day; Course in fine shape; Golf, has seen better days; Faculty, 6 points; Students, 2 points.

Professor Turner led the field last Saturday afternoon, taking on, single handed, two student sluggers Roxborough and Green. He defeated them individually and also their low ball, netting three points for the faculty.

Following these were, Professors Hagerman and Fleiger, who tied their opponents, Smith and Lockhart, 1 to 1. Smith defeated Hagerman, Fleiger defeated Lockhart, low ball was tied.

Drawing up in the rear, Professors Argue and Sears were battling Grant and Baptist, but experience came forth again and again and the Faculty took two points to the student's one. Sears defeated Grant, Baptist defeated Argue, the low ball went to the old hands.

Both faculty and the students thought the tournament a grand success and expressed their wish that the match be played again during each and every one of the future years.

PUGILISTS HOLD FIRST MEETING

Wednesday evening a meeting was held in the New Gym to discuss boxing situation for the academic year, and to make arrangements for getting off to an early start. Those attending were the Boxing Coach, W. W. Laskey, the Athletic Director H. Ryan, the President of A. A. A., Manzer Bunker and Boxing Manager Terry Dalton.

It is expected to be able to have several Intra-Mural Meets before the Intercollegiate Meet, held during the Spring term, which will enable the boys to get the invaluable experience of appearing in bouts before the public.

Although Dallas Laskey (Invitation College Meet Welter Wt. Champ. last year, also Maritime Amateur Champ several years running) and other members of the team have left U.N.B., there are still with us many good boxers who had turned out such as Manzer Bunker and Bob McLaughlin, Champs of the Featherweight and Lightweight Classes last year in both the Invitation Meet and the N. B. Amateur meet, which were held conjointly in our Gym. From these boxers and the new material which will turn out a very good representation for all classes is expected.

An invitation is extended to all

Students Clothes That Make For Confidence

Among the first lessons learned at college is that clothes can be either right or wrong, and surely no young man need be handicapped by the wrong clothes. For some time it has been our business to stock the kind of apparel that makes a student feel that he "belongs."
