

SPORTS

RED AND BLACK TANGLE WITH ARMY TOMORROW

Game Scheduled for 2.45 at College Field

Tomorrow afternoon the Varsity ruggers will once more be at home to the No. 70 C.A.(B)T.C. The boys from the centre have been turning out regularly since their first meeting with U.N.B. and are out to average the 12-0 beating they suffered in the first tussle.

Howie Ryan and Shorty Clark have had their charges out every day since last Monday and are attempting to improve a, still, obviously inexperienced team. After last Saturday's show it was evident that there were still two or three factors to be overcome, before U. N.B. will be able to boast a team capable of meeting and beating Mt. A. The team showed very poor physical condition, was absolutely terrible at receiving kicks and seemed to lack the ability to handle loose balls. However the coaches have been concentrating on these three points all week and the team that hits the field this week should show many vast improvements. Also from all reports the squad will be back at full strength tomorrow with the return of Dohaney and Mackay to the lineup.

As usual the boys in khaki are the strong-silent type. Little has been heard of their probable lineup but if it's the Army you can be sure of a good tough battle every time.

This will be the third fixture of the season and promises to be a crowd pleaser. Keep your eyes and ears open for news of coming games. There is still lots of football ahead.

U. N. B. Intermediates Go Down Fighting

Last Saturday a makeshift U.N.B. Intermediate squad took a 14-0 beating from an extremely powerful F. H.S. fifteen. Throughout the game the Intermediates showed lots of fight but they were no match for the boys from the High School. Under the able hand of Snap Thompson these lads really have been displaying championship football, and after last Saturday's exhibition the general opinion is that they will once more be leading contenders for the "mug" which they dropped to R.C.S. last fall.

Garth Beatty once more is leading his pack and has lost none of his football ability. He was undoubtedly the star of last Saturday's fray, but was ably supported by Bob McDiarmid, Don Foster and the kicking ability of Kane.

The boys from "Up the Hill" had their "backs agin the wall" through out the game but fought valiantly to the bitter end. A feature of the game was the appearance of Harry Watson on the U.N.B. squad. Harry played Varsity rugby in 1941 and is now a sergeant in the R.C.A.F.

INTERCLASS BASKETBALL

On Thursday, Oct. 7, the stage was set once again for the fall edition of Inter-class basketball. An open meeting was held at the Lady Beaverbrook gym, under the able guidance of Howie Ryan. Ryan outlined the policy of Interclass sports for this coming year and announced that the league would swing into action during the first week in November. Until that date the four class teams will have lots of time to get organized and this year the playoffs should really provide plenty of smart ball on the courts. Defending the title once again this season are the Seniors. These boys have carried the title with them through three years of college and this season from all reports they will once more be hot on the championship trail. The Seniors will have Gerry Lockhart doing the coaching honours this year so watch out you undergrads. These boys really spell trouble. The Juniors have big Ed Mitton at the helm this season. The Mitt is a keen ball handler himself and under his guidance we can look for big things from that class. In the Soph camp, Ted Owens will be holding forth with his young hopefuls. Ted is a well known man on the courts having been teamed up with Mitton on the Varsity rearguard during last year. This year the incoming Frosh should provide plenty of material for an extremely well balanced team. It is reported that they have inherited some of New Brunswick's leading basketkeers of Interscholastic fame. They will be under the care of George MacClintock who also needs no introduction to you sports followers of this college. George is starting his fourth year with Varsity and will undoubtedly bring the youngsters along in fine style.

Due to the active sports organization for this year, the different teams have been allotted various times on the floor until the league gets underway. The lordly Seniors will have the use of the court each Monday, followed by the Juniors on Tuesday. The Frosh will have the monopoly on Wednesday afternoons and Ted Owens' Sophs will wind up with practices on Thursday nights. Incidentally, Owens it seems is off to a flying start as he has already held his initial workout.

The playoffs will be conducted under the iron hand of the A.A.A. constitution. According to the latest reports from the locker-room,

SPORTING SPOTLIGHT

By Doc Fleming

Last Saturday the football team was set back with a bang and I do mean "bang". Two things were learned (1) It pays to be in condition (2) A tough scrummage the day before a game doesn't pay. The unconditioned collegians, minus the services of Mickey Mackay, and Frank Dohaney, who suffered injuries from the day before, definitely put on one of the poorest exhibitions of football seen here for a long time. Let's hope things are reversed tomorrow when the Red and Black squad will play their third game of the season.

The R. A. F. boys on the other hand showed a definite improvement over last year's team. They played a somewhat different type of ball than last year, more long punts and less dribbling. It will be a tough battle when these two meet again in Saint John some time in the near future.

Arrangements have been made to play the Garnet and Gold squad in Sackville on Oct. 30 and up here Nov. 6. No reports have come in as to their strength this year but daily practices are being conducted under the watchful eye of Coach Bob Brodie.

While on the subject of Mt. A. it might be added that Bill Crawford, a well known Mt. A. basketball player when the Garnet and Gold ruled the roost, is now back as a Math. prof. It is rumored that Bill will endeavor to put out a basketball team this year to represent the college from down below.

It is rumored about that soon it will be compulsory for the Freshmen to take a course in swimming. This is a brand new idea up the hill and with a bit of cooperation from those concerned it should be a very successful endeavor. The idea is to teach the boys how to swim and at the same time put them into some sort of condition. To pass the course one must be able to swim three lengths of the pool, take a plunge from the side and finally a surface dive. Bud Smithers and Johnny Lawrence are going to be the supervisors during the course.

Speaking of swimming, it wouldn't hurt if all the swimmers in the college started to practice up a bit. The annual fall swimming meet is just around the corner. So what say gang let's see a few more of you down around the Residence Pool.

Here and there:—Fredericton High looked pretty hot last Sat. as they came through with a victory over the Saint John Vocational School here in Fredericton. — R. C. S. look pretty strong and capable of defending their provincial title after last Sat. exhibition. — Acadia cant play us but Dal. is willing providing we are eliminated. — Caledonia to enter a team in the McCurdy cup playoffs. No word as yet from the defending champs—St. F. X. who will undoubtedly field another strong team this year. — Last spring Tarp Walsh was named as the outstanding athlete of the year at St. F. X. — Last Monday New York Yankees defeated St. Louis' Cardinals for the fourth time in five games to win the World's Series (as if you didn't know).

another league will begin immediately after Christmas. It will be strictly Intra-mural to provide some variety.

If last week's meeting was any sample of the mounting interest in inter-class basketball, the league should prove an all out success.

The chief idea behind Inter-class sport is to enable everyone to participate in games, regardless of ability. This is your chance to learn how the game is played so we will be looking for a really active session on the courts this fall.

LIFE

Life is just one damned thing after another.

—Frank Ward O'Malley

Life ain't all beer and skittles, and mores the pity; but what's the odds, so long as you're happy?

—George Du Maurier

Capital is only the fruit of labor, and could never have existed if labor had not first existed.

—Abraham Lincoln
