ONE BULL, TWO COWS BARGE INTO ARTS BUILDING

FIERY S. R. C. ELECTION--RESULTS ARE GRIM

Dr. Louise Presents

Surprising action has been taken by Dr. Louise Thompson: She has purchased a large house on the lower end of George street. In a recent interview with The Brunswickan, Dr. Louise stated that the second floor of the monstrosity would be built into eleven apartments (NOT for newly married campus couples), while the bottom floor would contain a sitting room, hall, dining room, laundry room and two toilets. The basement will, for the present, house goats—compliments of Dr. de Merten. Also installed in the basement will be one bathtub—3½ feet by 8 feet.

The building is to be a residence for U. N. B. co-eds. Dr. Louise will live in the attic and act as chaperone. Rooms on the first floor will be finished in baby pink trimmed with baby blue. Rooms on the second floor will be in baby blue trimmed with baby pink. The attic—

CAMERON AND OWENS TO RULE

Tuesday's S. R. C. election was the hottest, fastest, driest election in years. After a week of campaigning, the students took such a lively interest that they turned out 100 per cent to vote.

First returns were received eagerly by the students, but the Brunswickan has been informed that an unfortunate mistake has been made. Actually Owens received 193 votes while Cameron received 191. This falls under Article IX, Section 3 (a) of the S. R. C. constitution which states that—"If two candidates for President of the S. R. C. each receive a number of votes not differing by more than four, then the S. R. C. shall have two Presidents for the coming year who shall preside at alternate meetings." This is the first time since the S. R. C. came into being that such a situation has arisen.

The other offices remain as first reported.

$1,000 TO DATE

The War Effort Committee drive got off to a stazzling start this week with the freshman engineers subscribing over $100 and the sophomore arts and science students donating fully 100 per cent. With returns not completed the money collected has passed the 200 dollar mark which is indeed a creditable achievement for the university.

DUROST NEW EDITOR

At a short meeting of the managing board of the Brunswickan Wednesday evening, March 21, the selection of next years staff took place. Henry Durost is to be Editor-in-Chief, and Mell Elgee, Business Manager, for the college year 1945-46. These selections of the board have yet to meet the approval of the S. R. C.

The new staff will bring out the last Brunswickan of the present term; that, the edition of April 11.

HOUSE MEETING HELD RECENTLY

A regular meeting of the inmates of the residence was held on Wednesday evening. After the minutes were read the regular business of the meeting got underway.

The first item was the report by Uffe Andersen on the House dance. This report was heard with little comment and accepted accordingly.

The question of arranging meals for guests was discussed at some length. It was decided that the present system of having two guests per resident free of charge, should stand. It was asked by some if they could collect for meals missed. Fred Davidson pointed out that the bookkeeping entailed would render this scheme impractical. It was also mentioned that some residents had exceeded their quota of guests.

The inmates were also cautioned to desist from the practice of throwing empty or contatning water, such things being somewhat destructive, Mr. Davidson pointed out To this there was general agreement, though there was some evidence of remorse at the passing of this age old sport.

The question of rooms will be taken up at a future meeting.

The meeting was adjourned at six thirty-eight.

Bunnies Hop To Victory

With toothy smiles and uplifted jars seven inmates of the "House" gathered around the tables and glee-fully started to defeat their opponents—alias other college chess fields. The lineups were:

Lawrence (1) Babb (0).
Teed (1) Kierstead (0).
Green (1) Thetrault (0).
Copp (0) Morgan (1).
Andersen (1) Murray (0).
Lebel (1) Hough (0).
Rice (0) Baxter (1).

The House won a clean decision five to two. John Lawrence won the first game, when with great skill and good position checkmated Babb. Eric Teed foolishly lost a queen in the start but Kierstead also foolishly lost his queen and Teed proceeded to clean off the board ending with only three men remaining.

Don Green also got off to a poor start, losing a queen in four moves but with brilliant headwork and frequency modulation ended the game a victor. Doug Rice played the fair Helen Baxter and was so vamped by her charms he lost his head—also the game.

Al Copp, a newcomer to the great game of chess, after a valiant struggle with experienced Morgan decided he must have done something wrong as he discovered he was in checkmate. Regner Anderson played a most interesting game and finished up thirty-eight moves with a lucky bachelor.

U-Y Has Birthday

The U-Y has completed its first anniversary celebrations. The club is now one year old and during that time enrollment has increased from eight members to twenty-four.

On March 3 the club put on its first dance, "The Anniversary Waltz," in the gym, which was a success. On March 8 it held its Anniversary Banquet at the local Y. President Gregg gave a short talk to the club members, ideas that the club could do, and expressed his wishes for the club's success.

Jim Fettes gave an interesting talk and expressed his thoughts on the club; how at first he had been opposed to it and why he had been. He stated he honed the club would never become degenerate and inactive like so many other campus societies. There are about forty-odd societies, about half of which function properly.

Other guests were the President of the Y, Mr. Kitchen, the Y Supervisor and the President of the Y's Men.

On Thursday, March 15, the club held a social in the ladies' reading room. Soft, soothing music from

STEAKS TOUGH IN RESIDENCE

The emergency meeting of the S. R. C. on Thursday, March 22, was chiefly to make arrangements for the important S. R. C. elections. It was approved that they be held on Tuesday, March 27, in the Forestry Drafting Room from 9 A. M. to 12.45 P. M. Fred Davidson was nominated as Returning Officer, and it was decided to ask Bill Gibson to fill the post of Clerk. Four scrutineers were nominated, Gladys Harquail,

votes liberal

John Gandy, Frances McLean, and Conrad Mulherin; and the Secretary was given permission to have ballots printed.

It was approved that the basketball team should be permitted to cast their votes with the Returning Officer previous to their departure on Monday.

A donation of $300 to the Red Cross Society was approved. An application of the Arts Society to change its constitution was passed, the change being that the Vice-President of the Society shall be a member of the Junior class, and the Secretary-Treasurer be of the

LastS.C.M. Meeting Is Held

At the last regular meeting of the Newman Club an enjoyable musical evening was held. A trio composed of H. Webber (violin), R. VanDine (clarinet) and W. McGinn (piano) presented a program of classical music. In accompaniment to the musical program a running commentary on the composers, picking out interesting points in their histories, was presented.

Among the highlights on the program were "The Caliph of Bagdad" by A. Boieldieu, a stirring overture; the well known operatic selection "Sextet" from Lucia di Lammermoor by Donizetti, "Pizzicato" from the Ballet Sylvia composed Leo Delibes, an intriguing staccatto movement; "Minuet" from the Military Symphony by Haydn; and an appropriate closing number, "Hungarian Dance No. 2" by Brahms. In addition to these selections several modern works by the great composers of the day were presented.

As an intermission highlight Kay Lyons lent vocal interpretation to "Smilin' Through."

A short business meeting was held before the main program, at which several changes in the constitution were passed. Following the musical program refreshments were served.

BAD WEATHER BUT BIG CROWD

Despite a drizzling rain (as usual) a very large crowd, both students and outsiders, enjoyed the 73rd Annual Conversazione, in the Gym last Friday.

Under the capable management of Bob Evans, chairman of the Social Committee, and with the sweet music of Sammy Cohen, the dance was a complete success. Although only a few couples were on hand at 9 o'clock, the cars kept driving up and emptying themselves of dance-seeking couples so that by 11 the floor was filled.

During the dance the War Effort Committee held a raffle on five boxes of chocolates. Mrs. Turner

Teacher: "What ancient ruler was it who played on the fiddle while Rome was burning?"

Jimmie: "Hector, ma'am".

Teacher: "No, not Hector.Hector was no ruler, but a Trojan prince. Try again".

Jimmie: "Then it was Duke". drew for the lucky numbers.

The chaperons were Dr. and Mrs. Turner and Dr. and Mrs. Bailey.

At 2 o'clock the music stopped and the weary dancers started homeward. The rain had turned to snow and the taxis had a hard time driving so it wasn't until after 3 that the last couples left the gym.

Credit must be given to Bob and his committee for the fine time they gave the students

Glee Club Steps Out

On Sunday afternoon, March 18, Mrs. C. C. Jones invited Dr. Toole to bring the Glee Club to her home to hold their regular practice. The fellows gathered in the Ladies' Reading Room as usual, and went down to Mrs. Jones' at 3 o'clock.

Dr. Toole led the group in practicing several of the club's new numbers. Loch Lomond was Mrs. Jones' favorite, and at her request was sung after the very delicious sandwiches, cakes and tea that were served at four o'clock. Miss Edith McLeod was present, Mrs. F. G. Toole poured, Mrs. Jones and her daughter, Mrs. Daughney, saw to it that everyone was well provided with the good things that
