MAY WE INTRODUCE THE FOOTBALL TEAM

This week we conclude our round-up of the members of the N. B.-P. E. I. championship fifteen, U. N. B.'s Red and Black clad Hillmen. Tomorrow they will be gunning for the Maritime laurels, and though they may rate as underdogs in the pre-game dope sheets, we know they'll put up a great battle against N. S. Tech.

George McWilliam has filled in on several occasions in the backfield, and shows great promise. He started that beautiful long drive which ended the St. Dunstan's game on College Field. George starred as a member of Harkins' basketball team last year.

Ken Fulton has been turning in a rugged game of rugger every time out. He comes to us from the Air Force with reputation as a good hockey player, playing for a championship team in England.

Peter Spicer made his first appearance in a U. N. B. uniform on College Field when he substituted for Frank Dohane against Mt. A., and his blond locks were to be seen in the thick of the play from that point on. He looks like a good

Leading 6-0 in the series for the N. B.-P. E. I. Championship the U. N. B. football fifteen journeyed to Charlottetown and came through with a 3-3 trimming but a 9-8 lead in the Series and the Title of the two provinces. They will now meet the Nova Scotia Technical team who have won out in their own league for the Maritime Intercollegiate Championship which will be played at Sackville this week-end.

The first half seemed to be in the hillmen's favour as time and again they had the Saints on their own five yard line. There was no scoring until late in the half when Captain Ced MacDiarmid went racing over from ten yards out to put the Visiting team in the lead. Dohane failed to convert what seemed to be an easy 7 shot. Earlier in the half big Frank had missed a penalty kick, and appeared to be off as far as booting was concerned, but played his usual hard aggressive game.

The game was a close call for the Red and Black grid-men but was an instructive lesson. However, they did not lose last Saturday's game to a poor team but to a ragged, hard-fighting fifteen who would be a match for any team in the Maritimes.

Next Saturday's game with the Nova Scotia Champs should be a thriller. U. N. B. will go in there with the toughest and best team N. B. and P. E. I. have to offer and when the final whistle blows, win or lose, they will have played in true Championship style.

thing in the next three years of football.

John Faulkner is another newcomer who looks very good for future teams, judging from his work this year.

The team lost a valuable man when Harry Watson was sidelined by an injury to his shoulder, for Harry had played as a member of the 1942 team before joining the Air Force, and would have been a valuable man in the scrum. Another good scrum man on the injury list is Ralph Holmes, who became so familiar as the big man of the Junior Varsity basketball team last year. Among those resuming their studies, and going out for the team, were Bob Weir and Gerry Atyeo.

Murray MacLean, last year's manager, made a good try at hooking onto this year's team as a player. Charlie Weyman, who was to be captain, had to retire due to danger of recurrence of his neck injury last year. Tom Crowther, our Sports Editor, was out there too, and saw action against the City in our first

A wise man once said that there is nothing new under the sun. But last Thursday night, November 29, we saw something new at U. N. B. The girls were playing intramural basketball. This is one of Coach Ryan's ideas and it should have the desired effect if it continues long enough. It would make our girls more basketball-conscious and give us a better ladies team. The games played in the gym last week were rough and tough and plenty exciting to watch. It's no hold barred and worth watching.

We pick Gladys Harquail and Margaret Vince as the stars of the girls games played last week. From all reports the game at St. Dunstons was rough and got out of hand at times. But our team bears no ill-will and would like to thank the Saints for their hospitality and at the same time pay respect to their gameness and fighting spirit. The Islanders have a smart team and to it goes our sincere admiration.

Stan Spicer, one-half of the Spicer-O'Brien combination that handled this column last year, is playing football with Acadia's Intermediate team. Stan was fullback with the Red and Black while "Up the Hill." The Acadia newspaper "Athenaem" says of him: "Stan Spicer, the cool and adroit star of the Intermediate team, is one of the most lethal fullbacks gracing any Maritime team." May we add "How to go Stan. Good luck."

Boxing, the toughest sport on this or any other campus started last week. We have been informed

that an interclass meet will be held this term if enough fellows turn out for practices. They are held on Tuesday and Thursday nights at 8.30.

Pat Clair, one of the bright lights of pugilism at U. N. B. before he joined the Armed Services, is back this year. Pat is a middleweight. While in the Army he did some fighting and should have no trouble getting into shape. We wish him the best of everything.

Any time you desire to see birds flying around the Beaverbrook gym visit it on Monday, Wednesday or Saturday afternoons. These birds are given life by the notorious members of the Badminton club. Margaret Vince is in charge of operations and your passport to an afternoon's fun is one racket, two arms and two legs.

Did you know that Dr. Argue was Maritime singles champion in Badminton?

Nations of the world have foreign policies. They need to in order to let their neighbors know where they stand in relation to themselves. Now we are not a nation. We are just a college newspaper column. But we have found out that we need a foreign policy. And this is it: We intend to print the truth concerning other colleges. We do not intend to engage in any petty quibblings over which team is best or what college has the best spirit. We have neither the time or the space to do so. Other things demand our attention.

In Maritime Intercollegiate circles, (a definite understatement with regard to a Dominion Championship basketball team), and we only wish he could devote some of his energy to our hockey club. Congratulations, Howie, for turning out another championship team!

We wish to congratulate too, all those fellows who turned out for the team and, though they did not make the grade, contributed greatly towards the strength of the team representing as on the field. Better luck next year!

FROM THE COACH'S CORNER

With
HOWIE RYAN

U. N. B. advances to the Maritime Finals against the powerful Nova Scotia Tech by a marginal one point victory over St. Dunstan's.

A sudden death game for the Championship will be played at Sackville on Saturday, Nov. 10. We hope that arrangements will be made to take part of the student body to witness this final game.

There will be an interclass swimming meet on Thursday, Nov. 22. All classes are urged to have at least one entry in each event.

Handball and Ping Pong Tournaments have been posted in the gym. If you signed up—check the lists for opponents and time of play.

Men's Varsity Basketball practice will be held on Tuesday, Nov. 13.

BOXING

Once again under the able tutoring of Coach Laskey, boxing has started under way with some twenty-five turning out already and many more expected in the near future. Among those turning out from last year's mitmen are Reid Scott, Ernie Hale, MacBeth, George Edmunds and a former star who has been in the Army for some time, Pat Clair. Assisting his father in the line of coaching is Dal Laskey well known athlete around these parts.

BADMINTON STARTS

Badminton seems to be on the way to its old pre-war style as once again the student body turns to this well known past time. Many of the students have been turning out regularly and competition may soon reach a new high peak. Marg Vince has been elected president of this year's Badminton Club. An interesting programme is already being planned for all those interested.

He that wants money, means and content is without three good friends.
