Do you think New Brunswick should secede from Canada? Why or why not?

interviews by Dawn Elgee

Debbie Darkis

No, but if it did I'd stand behind it, the "families" have to stick together.

Patrick Ervin

Yes, we should because we could do it on our own with the rest of the Maritimes.

Kark Alchorn

No, I'm very nationalistic.

Brian Ryder

Yes, I think their economics tie should be with New England, not Western Canada.

Andy Atkinson

No, New Brunswick's pretty poor and we have a net income coming in from the federal government. If we secede, this will be cut-off.

Bruce Jamer

No, because economically N.B. couldn't survive without the rest of Canada.

Matthew Penny

No, Canada can't exist without us.

Mike Detenbeck

Yes. They should join the Russians in fighting the U.S.

Audrey Hitchcock

If they did we'd have another province like Quebec.

Beth Van Eden

No, I think the province is doing all right now.
