

Distractions

Learn to make decisions quickly but be careful in giving your reasons. Your decisions are often right, but your reasons are wrong. -Anon

Welcome to UNB. As Distractions Editor I want to encourage all you budding authors and artists to submit any original poems, comics, short stories, or photographs to room 35 of the SUB, by Tues. noon. This is your chance to be published and to express your views in a more creative form.

*While Fate Laughs
Like fools we wait
standing in the smokey haze
among the crowds
the waitress passes
but we decline
we must be in control
In control! It makes fate laugh!
at these mindless bodies
to waste such time
in such a charade
is ridiculous
so fate laughs
he tricks us
and in the end
he hurts us
but we continue to disillusion ourselves
with restraint and control
while fate plays with our minds
and we wait
standing in the smokey haze
like fools.*

THE FAR SIDE

By GARY LARSON

"So! Planning on robbing the neighborhood with some of your buddies today?"

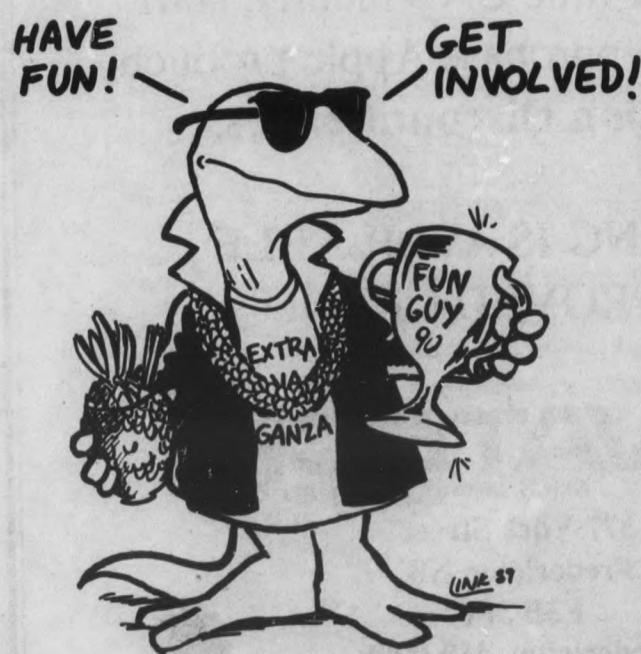

*FALLING
Gold leaves
Fall on passers-by
Like blessings
Downtown
At this time of year
And you can't walk
Except for trampling on them
Counting as you go*

the burly back steps

*the burly back steps of beggar's bones
the hell-black winds of hushed groans
the charles white laugh of yeast baked land
the fading staff of a darting hand
the tree-live drown of waters waking
the kingdom down of mudwash caking
the proud-lipped stare of castgate mind
the trunkstep bare of furious find
the burly back steps of beggar's bones
the hell-black winds of hushed groans*
