"...and I do have one"

"What was the worst part of your summer job?"

By Ben G. DaHunted & The Angry Squirrel

Cindy Steele, BSc/BKin III

"My boss. She'll never read it, it doesn't matter."

Tara Sullivan, BA III

"Mike Harris sucks."

Natasha Amero and her "special friend", BA II

"All of it, I had to work."

Owen Marshall, BA

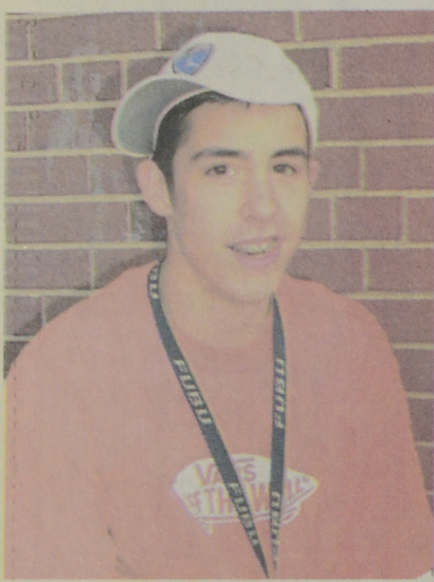

"String of burns on my finger."

Hey Tara, guess what? You win! You know, if the question had been, "What's your favorite shade of blue?" and you had said the same thing, you still would have won. Tara, you are truly speaking for the people of Ontario, and Canada today. What's your prize you ask? As promised there will be a brand-spankin' new pizza coming right to your doorstep (pending your call) loaded with all the extras your little heart desires. Stop by the Bruns Office to claim your pizza, SUB room 35, and ask for Bill.
