

Important Changes to the Paper Trail and Canada Post

- The Student Union is pleased to announce the opening of the Student Union Welcome Centre. The Welcome Centre will be the first point of contact for all students and visitors of the Student Union Building. It will be an extension of the Student Union Main Office and effective January 5th the new location for the Paper Trail. It will be located in the former Travel Cuts space as Travel Cuts has decided to relocate off campus due to a low volume of customers.
- The Canada Post outlet will not be part of the relocation of the Paper Trail and will be closing effective December 19th 2008. The closure is due to mandatory upgrades that Canada Post is imposing on most of its current outlets in the Maritimes. The mandatory upgrades would cost upwards of \$30,000 with a continuing fee of \$2,000 per year for maintenance. However, the outlet will remain open until the Christmas Break so students will be able to mail packages and parcels for Christmas.
- The current services of the Paper Trail will continue to be offered in the Paper Trail's new home of the Welcome Centre effective January 5th. These services include bus passes, pharmacy drop off, stamps, photocopying, binding, faxing, and agendas. As well all the services of our main office will be offered such as health and dental claim forms, off campus housing, drop-off for the SU poster run. For a full list of services please visit unbsu.ca.
- In the new year Canada Post will be announcing a new location near campus. In the meantime, money orders may be handled by the BMO branch on campus, or at most banks near campus. Parcels and packages can be mailed at nearby Canada Post outlets. Students can mail student loans directly to the National Loans Service Centre or send them at another Canada Post outlet. Please note that UNB Financial Services will not be sending loans to the National Loans Service Centre, but loans may be processed by Resolve on campus during the first three weeks of each semester.
