David Steele (Law Rep)

I am second-year law student. I'm running on the United For Change (www.unitedforchange.ca) slate because I think it presents a unique opportunity to transform our Student Union into an effective organization that can actually provide meaningful services to students.

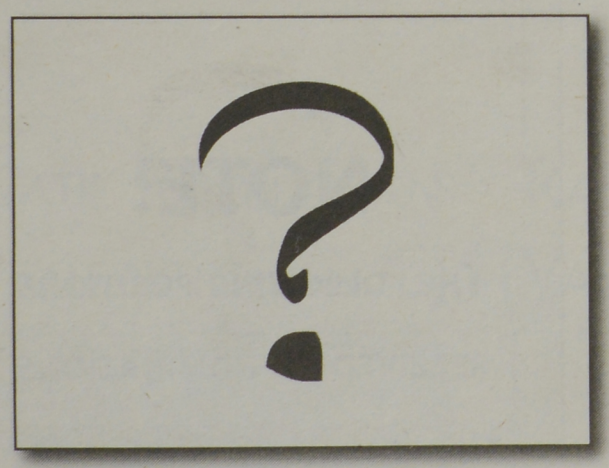

I will be a strong advocate for the unique interests of law students at the Student Union. As law students, we pay some of the highest program fees at the university. This is a serious impediment to the accessibility of education and I think a Student Union should be actively engage in the struggle to make education more accessible. Vote Dave!

Marion Fernandes (International Rep)

Hey all you International students out there! My name is Marion Fernandes and I am running for the International Representative position for the Student Union. I'm currently a full time student in my 3rd year.

As an International Student myself, I've had the privilage of interacting with international students in various events like pubcrawls, culture nights, etc. My mission as International Rep, will be to voice your concerns regarding international affairs to the Student Union, organize events that will facilitate multicultural awareness and take necessary action to improve the international student life.

Vote for me through your e-services from Feb 22-27
