QUIP! QUIP!! QUIP!!!
Published every other Saturday.

THE new Illustrated Comic paper has made a decided hit, and persons who are desirous of acting as agents in different parts of the country should apply early, enclosing five cents for each sample number required—Annual subscription \$1.25 per year and 12 cents for postage—\$1.37 in all—which must be prepaid.
Those who desire to get up clubs will be furnished with papers at the rate of one for every dollar and twelve cents remitted to this office, the twelve cents being for postage. Club rates will not apply to any number of papers less than four, sent to one address. Liberal terms are offered to agents and will be made known by letter on application to the Editor and Proprietor.

ADVERTISING.
Two inside pages and the eighth, or outside back page, are set apart for advertising, as well as the border of the Illustrated title page. Their value to advertisers will be well understood when the fact is stated that QUIP circulates by thousands over Canada, especially on the Railway lines and in populous centres—for the people appreciate a good periodical and have a special preference for the humorous, as compared with other styles of literature.

The rates of advertising are as follows:—
On title page, \$30 to \$35 a year, according to position.
On 2nd, 7th or outside (back) pages, \$1.25 per square of one inch per single insertion, or \$25 a year. Half square, \$12.50 per year, or 75 cents per single insertion. An advance on these prices is charged for choice of position, or place in the first column of 7th page. A share of local and general advertising is solicited and will, no doubt, be given by those who desire to see this paper maintained in the maritime portion of the Dominion.

TO CONTRIBUTORS.
All written contributions intended for publication in current number should reach the Editor not later than Wednesday evening. Original matter only will be accepted. Sketches must be in the hands of the Editor on Monday previous to publication in order to be in time for the current number.
Written contributions and sketches will be paid for if accepted; the terms to be made known on application to the Editor. All contributions for which payment is expected must be accompanied by the name and address of the author and so marked as to denote that they are to be paid for.
