Cobbett's Weekly Political Register.

THIS Work, which has already met with success that the Editor believes to be without a parallel in the History of Periodical Publications, is intended to be the most ample and complete Repository of Political and Historical Knowledge that ever appeared in England, or any other Country. The Contents are as follow: I. An Historical account of the Proceedings in Parliament, somewhat in the same manner, but more minute, than the Account of those Proceedings usually contained in the Annual Registers. II. All State Papers, whether they immediately relate to Great-Britain or not; and, under this head, care is taken to recur to such Compacts and Translations of past Times as do, or may, affect the Circumstances of the present Time. For instance, the same Number which contains a Discussion of that Part of the Treaty of Amiens which relates to Guiana, also contains such Parts of the Treaties of Utrecht and of Parts as relate to the French and the Portuguese Territory in that part of the World. Again: in order to shew what the Views of France are in preventing England from having Treaties of Commerce with other Nations, Extracts are made from Thirteen Treaties between France and other Powers, in which the Republic has either made, or stipulated for Treaties of Commerce. So that the Register does, in fact, contain all the authentic Materials and Information that can possibly be necessary to the forming of a correct judgment on current Events. III. Fair and free Discussions of the measures of Government, whether relating to Foreign Affairs, Colonies, Commerce, Manufactures, Revenue, Debt, Expenditures, Laws, Civil, Military, or Ecclesiastical. On these various and important subjects the Work already contains such Information as the Editor is led to hope has been of some service to the Country. Nor are Transactions, of a nature not so immediately Political, excluded from notice; as in the Instances of the Letters to Sir Joseph Banks and Mr. Otto. In short, every thing which materially affects, directly or indirectly, the Interest or Honor of the British Nation, is in this Work, a subject of remark, if not of ample investigation. IV. Brief Notices of all New Books and Pamphlets that relate to History, Politics, Political Economy, or that bear upon subjects connected therewith. In some instances the Principles and Statements of Works so noticed are examined and controverted; but the general Intention of this Department is to point out to the Reader, and to put on Record, the existence of the several Works that relate more particularly to the Events of the present time. Twenty-four Books and Pamphlets of this Description have already been noticed.—The preceding important heads are followed by a Selection of such Foreign Intelligence and Domestic Occurrences as are of some public Importance; to which are added a weekly Account of Promotions, Births, Marriages, Deaths, Prices of Stocks, of Corn, Meat, Bread, &c. also of the Course of Exchange and of the Changes of the Weather. Each Number closes with a Summary View of the most important Political Occurrences, whether Foreign or Domestic.

Such are the weekly contents of the work. Its form is a Royal Octavo, with a double column, and folio'd pages, for the convenience of reference. This form renders the work manageable. The numbers are so many sheets of a volume, which will be completed at the end of the half year, and will contain 416 pages, besides the General Title, Table of Contents, Supplement and Index, of which it is necessary to say a few words. That part of the work, which appears weekly, will form a Chronicle; not only of public events and transactions, but of the opinions entertained relative thereto. This, however, is not quite enough to render the work so complete as the Editor could wish it. There are many articles, such as Parliamentary Reports and other papers, for instance, which would overload the weekly Numbers, but which it is, nevertheless, necessary to preserve. Such papers, therefore, together with all the other various subjects, usually included in the Annual Registers, and with some that those Registers have never yet touched upon, will form the Supplement to the half yearly volume, in which will be included an Account of all new Publications Foreign and Domestic, a Complete History of the Theatre, &c. &c. and which will close with an Historical Summary and a complete and copious Index. A General Title and Table of Contents will be printed at the same time; and due notice will be given of the time and manner of obtaining the whole.

Subscriptions and Orders for this Register will be received by the Printer of this Gazette.—The price of the Weekly Number is One Shilling each.—They can be forwarded to any part of this Province or Nova-Scotia.

Each Number contains full as much letter-press as any other news-paper, and is entirely unencumbered with Advertisements, or with useless matter of any kind. The annual expence is only Fifty-Two Shillings, and as the Supplementary Part will have no stamp, and will be supplied as cheap as possible, the two volumes, which will complete the year, will, in proportion to the quantity of print (which will be equal to upwards of three thousand pages of the common Annual Registers,) be as cheap as any Book published in London.

Complete sets may be had, on early application as above, to No. 21, inclusive.
